The Darkland Kathryn Le Veque,2014-01-18 1515 A.D. - The Lady Micheline le Bec was pledged in marriage to Edmund de Cleveley, Baron Bowland, in payment for her father's gambling debt. When de Cleveley's big Irish captain, Sir Kirk Connaught, arrives to escort Micheline to her marriage, Micheline is apprehensive but submissive. In fact, she's not the real problem; the real issue is her sister, the Lady Mara. Dark-haired and beautiful, she is fiery and reckless. When Kirk should be focused on his liege's bride, he finds himself talking a foolish young woman off the window ledge. Mara comes down, but not before a struggle nearly costs both her and Kirk their lives. So begins their fire and ice association. Upon arriving at de Cleveley's seat, Anchorsholme Castle, Mara and Micheline are informed by the servants that the fortress has another name, a far more sinister name - The Darkland. The House of the Death. Young women that have visited the castle have never been seen again. All of the deaths have one thing in common - Kirk Connaught. When Mara finds out, she tries to flee in fear, but Kirk catches her and explains the rumors behind the disappearances. They are not as Mara has suspected. She discovers that Kirk is not the perpetrator; he is the victim as much as the young women were. As Mara and Kirk fall more deeply in love, dark forces are working against them. There is an uprising in Ireland on de Cleveley lands and Kirk is called away to quell it. Meanwhile, Edmund de Cleveley secretly betroths Mara to a local baron in order to remove her from Anchorsholme and away from Kirk. Mara is scheduled to marry the baron even as Kirk fights his own people in Ireland, unaware of his beloved Mara's predicament. But he accidentally discovers the truth and Kirk races back to England to prevent the marriage even as a mad series of events happen at The Darkland that will change all of their lives forever. It's an exciting ride to the finish as good triumphs over evil. Join Kirk and Mara as their romance overcomes the evils of The Darkland.

Hex Jenni Fagan,2022-03-03 A powerfully poignant tale of one of the most turbulent moments in Scotland's history: the North Berwick Witch Trials. IT'S THE 4TH OF DECEMBER 1591. On this, the last night of her life, in a prison cell several floors below Edinburgh's High Street, convicted witch Geillis Duncan receives a mysterious visitor – Iris, who says she comes from a future where women are still persecuted for who they are and what they believe. As the hours pass and dawn approaches, Geillis recounts the circumstances of her arrest, brutal torture, confession and trial, while Iris offers support, solace – and the tantalising prospect of escape. Hex is a visceral depiction of what happens when a society is consumed by fear and superstition, exploring how the terrible force of a king's violent crusade against ordinary women can still be felt, right up to the present day. 'This series has already produced two works of note and distinction. It raises the question – if a country cannot re-tell its history, will it be stuck forever in aspic and condemned to be nothing more than a shortbread tin illustration? Hex and Rizzio are showing the way towards a reckoning, and about time too' – Stuart Kelly, Scotland on Sunday

His name is Charles Edward Stuart: better known today as Bonnie Prince Charlie. He had come to the country to take the throne. Now he is leaving in exile and abject defeat. In prose that is by turns poetic, comic, macabre, haunting and humane, multi- award-winning author Alan Warner traces the frantic last journey through Scotland of a man who history will come to define for his failure. 'Written in carefully crafted prose shot through with cleverly-deployed alliteration and assonance, this reimagining of Charles Edward Stuart's escape from Culloden is a triumph' – Stuart Kelly, *The Scotsman*
