**Drachen** Brendan Le Grange, 2015-08-19 A marine archaeologist standing up for herself. A psychopath with mother issues. A hitman who hates failure. A soldier with a point to prove. A policeman out on a limb. And a treasure that tests every allegiance. Brett Rivera might not know exactly what's going on, or who she can trust, but she's in the race of her life and she knows she's not going to give up; after three years of searching she has found the wreck of the Drachen. It goes downhill from there: first the hold is empty and then she's attacked and almost killed. Why is a mother-obsessed psychopath spending so much money to catch her? Who is the British soldier really? How is the hazy amber globe and the rusted keys she recovered supposed to help her locate the Hanseatic League's greatest lost treasure? Brett doesn't know, but she has two things in her favour: Patrick, her best friend, and an ancient book which just might be the missing piece. She is pursued in Finland, double-crossed in Tallinn, abducted in Lubeck, shot at in Bremen, and she's not taking it lying down. A shipwreck. A lost treasure. A hell of a race from one to the other.

**Die Kinder der Drachenlanze** Margaret Weis, 2003

**Drachen** Kendra Lacy, 2017-04-27 When a hurricane destroys her home, thirteen-year-old Kara is sent up north to live with her grandmother, Lily. There, Kara is horrified to discover that the townspeople believe Lily is a witch and responsible for the disappearance of a child twenty years ago. As Kara explores this mystery, she discovers a park her grandmother helped create, a park filled with eerie stone dragons. Kara also discovers pieces of something called the dragon-bone flute, a device capable of opening doorways to other worlds. Armed with only a piece of the flute, Kara succeeds in opening a doorway between her world and the world of dragons. But then, everything goes wrong. First one dragon, then another claws its way into Kara's small town. Now, in order to close the portal, Kara and her friend, Dylan, must race to find other pieces of the flute before the dragon queen, Bone, takes

over the world. Also included in this 10th Anniversary Edition is a never before published short story sequel entitled The Last Dragon Returns Home.

**Drachen 2** Duffy P Weber, 2020-01-08 Family issues, drug dealers, and telecom company corporate spies. Life in the city sure is different from the island. Join Rinn on her vacation to the city in this sequel to Drachen.

**Drachen 2** Duffy Weber, 2020-01-08 Young half-Drachen Rinn thought with she was going to have a nice, quiet trip to mainland to visit with her finally-reunited parents, Millie and Daavi. Now, Daavi's missing, Millie is ill, Rinn's grandmother is being an insufferable pain in the tailfeathers, strange people are lurking around outside Daavi's workshop, corporate lackeys are trying to steal prototype equipment from radio towers, a slick salesman keeps hanging around - seemingly to be helpful - and a strange girl shows up on the doorstep. And that's not to mention the drug dealers and knife-wielding maniacs. Life in the city sure is different from the island. Join Rinn on her vacation to the city in this wacky sequel to Drachen.

**Drachen** Duffy Weber, 2019-12-04 Bicycles, Epidemic Outbreaks, and Interspecies Romance Shenanigans and surprises ensue when a hyperactive, middle-aged businessman hears about an epidemic reaching the small island where he grew up. He immediately volunteers himself AND his bicycle courier employees to go chasing around the isle as volunteer health services personnel for the relief effort's logistics team! Meanwhile, Millie, a Drachen restaurateur and cook extraordinaire, and her half-Drachen daughter are helping to coordinate the effort island-side, and anticipating the arrival of Millie's oldest, dearest friend and his oddball crew. But when one of the riders is injured right off the bat, Daavi may have bitten off more than he can chew, as he takes over as an impromptu courier, racing around the island on his own heavy, unglamorous little bike. And Millie might have a few surprises of her own for him... Grab a radio and ride along in

this (slightly bizarre) tale of action and interspecies romance, set in the tropics during an epidemic outbreak.

**Drachen 5** Duffy Weber, 2021-02-19 Ignoring all past experience with the term adventure, Millie and Daavi have signed on for one. Not quite neglecting the fact she is preparing for a big promotional event at her restaurant, which dignitaries and other very important people are likely to attend, Millie dons a rather charming straw hat and joins Daavi as he runs off to a deserted, rocky, sun-bleached isle, neighboring her own. Daavi is recruited when the Department of Conservation needs a communications engineer to accompany them to hot, dusty Lea Island to help with their project: gathering lizards. The creatures are borrowed from their rocky little homes to help make antivenom, and they need to be transported quickly and safely from all over the island, in order to be useful. That's where Millie comes in - she gets a chance to show off her hotshot piloting skills, flying them in and out on her remote-controlled aircraft, converted from a toy into a handy sky-lift for her pocket-sized passengers. Fitz is along for the ride, to assist Millie and Daavi. Reptiles aside, he's looking forward to catching up with Rinn. Rinn, on the other hand, seems more than a little put out about a mysterious woman she keeps hearing about, with whom Fitz seems to be spending all his time. And neither Daavi nor Millie are going to like it when another very familiar face shows up to work alongside them. Edward might be from Millie's past, but he's dead set on making Daavi miserable, and he's not above taking a swipe at Rinn, either. Juggling love, lizards, relationships, and radio equipment, can Millie and Daavi avoid herpetological hazards, get done on Lea, and get Edward out of their hair in time for the gala? And can Fitz avoid getting brained by Rinn long enough to figure out who the mysterious girl he's supposedly rendezvousing with is? As usual, everyone's bitten off way more than they can chew.

**Drachen 3** Duffy Weber, 2020-04-05 Alex is bored. He's tired of being a sales rep for a communications company, and getting

sent off regularly to the middle of nowhere. Luckily, he sees a golden opportunity: the chance to swap with Daavi, one of the company's contractors, skipping off to a tropical island instead, to help Daavi's business partner Fran implement a new accounting system. Alex jumps at the chance for a sunny, low-key adventure, and trades places with him, dragging his junior colleague Vivica along for the ride. But Alex has forgotten that 'adventure' and 'vacation' aren't the same thing. He finds that island life has its pitfalls. Daavi isn't off the hook either: He's to travel out to a job site suspended over a ravine in a nature preserve. Aside from being mildly terrified of heights, Daavi has brought along his best friend Darryl, and their expectant wives, Millie and Stella, which might not have been the best idea with a vengeful, disgruntled ex-employee from Alex's company skulking around with a personal axe to grind. To top it all off, Millie's baby is almost due, and expecting Drachen mothers can be, as Daavi puts it adorably unpredictable. This could all end without incident. But it's unlikely.

**The Von Drachen Chronicles** Christopher Silva,2015-08-15 For the last five years, Nicole von Drachen has blamed herself for the death of her best friend, Gracie, but when a special cat named Miska comes into her sad world it begins a life changing journey.Soon Nicole learns about her own special heritage--her grandfather Conrad, who invented Miska, also left her the power of the Gauntlet, a device that allows her to move through the fabric of reality itself.With Miska's help, Nicole starts to unravel the mystery of Gracie's murder and its connection to Conrad. She also learns the Gauntlet can give her what she wants most--a single chance to undo the events of that awful day, but at the risk of her own life at the hand of Gracie's killer.The stakes are existence itself. What choice will Nicole make? Read and learn what Nicole decides--for all her yesterdays.

Dragon Mist David Burnett,2019-09 As the third daughter of a

third daughter, dragon-shifter Christine Drachen must mate with a human. Not all human males are genetically compatible with dragon shifters, and suitable matches are rare in old Charleston. Christine, though, has identified James to be an appropriate match. Even humans who acknowledge the possibility of dragons cannot believe that one can be both a dragon and a human, shifting between the two. As a result, Christine must attract James without fully revealing her true, shifting nature until they have committed to mate. Christine shows James the gold dragon she always wears around her neck. He notices the prints, statues, and tapestries of dragons that decorate her family's home. Strange noises emanate from behind the Drachens' house during a party, and James believes he actually sees a dragon, one wearing a necklace like Christine's. Christine's last name, Drachen, means dragon, and, while she jokes her entire family is composed of the creatures, James begins to suspect there is more to what she says than a simple attempt at humor. Finally, he sees her shift. To protect their species from persecution, dragon-shifters silence any human who sees one of them shift, and the most practical method is generally death. The rule is absolute. But Christine has fallen in love with James. How can she protect her family without killing the boy she loves? Dragon Mist is a story of boy-meets-girl, with a few non-human characters, high stakes, a bit of magic, a little humor, and an abundance of romance. One-click it today!

### **Thara im Tal des Drachen. Life is a Story - story.one**

Teresa Noe, 2024-03-12 Vor vielen hundert Jahren gab es einmal ein Tal, das umgeben war von dichtem Wald. In diesem Tal hauste ein Drache, weshalb es von der Bevölkerung das Tal des Drachen genannt wurde. Man erzählte sich, dass der Drache unverwundbar war. Niemand, nicht einmal der stärkste Mann, konnte dem Ungeheuer etwas anhaben. Des Morgens kroch das Untier aus seiner Höhle und versetzte das umliegende Königreich in Angst und Schrecken. Wenn der Drache sich zurückzog ließ er nichts als Zerstörung zurück. Die junge Thara begibt sich auf die Spur dieser

**Drachen 4** Duffy P Weber,2020-06-18 Daavi and Millie think they're in for a treat. Daavi's been hired to set up the new accounting systems between the governments of three tiny neighboring countries, along with his accounting systems designer Fran, and Motormouth - Fran's friend and interpreter. They're taking Molly and Merrin - Millie and Daavi's new twins, packing their bags, and hopping a boat headed to Belvique for their assignment. They're looking forward to a quick, easy job, followed by a week of prosaic scenery, some well-earned, highly paid time away in the beautiful countryside, souvenir shopping, and sampling fine cheeses and wines as a bonus. But they hadn't really planned on hobnobbing with the duke and his family, and they really hadn't planned on dealing with the people who their clients hired to install their new infrastructure: The Jenovian church of Belvique. The church isn't what it seems, and unfortunately for Millie, Daavi, and their mixed-species tykes, one of the sect's main gripes seems to be with mixed-species families and individuals - even though their 'high prophet' is one! Laying low might not be an option with dignitaries and tee-vee cameras in their faces, so Millie and Daavi are going to have to be on their toes in this tale of diplomatic discord. They and Fran are going to have to juggle liaisons, ledgers, payrolls, and pontiffs, as well as a surprise appearance from Daavi's ex-wife!

**Social Interactions in Virtual Worlds** Kiran Lakkaraju, Gita Sukthankar, Rolf T. Wigand, 2018-04-30 Within the rapidly-growing arena of 'virtual worlds', such as Massively Multiplayer Online Games (MMOs), individuals behave in particular ways, influence one another, and develop complex relationships. This setting can be a useful tool for modeling complex social systems, cognitive factors, and interactions between groups and within organizations. To study these worlds effectively requires a cross-disciplinary approach that integrates social science theories with big data analytics. This broad-based book offers a comprehensive and holistic perspective on the field. It brings together research findings from an international team of experts in computer science (artificial intelligence, game design, and social computing), psychology, and the social sciences to help researchers and practitioners better understand the fundamental processes underpinning social behavior in virtual worlds such as World of Warcraft, Rift, Eve Online, and Travian.

#### Data Analytics Applications in Gaming and Entertainment

Günter Wallner, 2019-07-11 The last decade has witnessed the rise of big data in game development as the increasing proliferation of Internet-enabled gaming devices has made it easier than ever before to collect large amounts of player-related data. At the same time, the emergence of new business models and the diversification of the player base have exposed a broader potential audience, which attaches great importance to being able to tailor game experiences to a wide range of preferences and skill levels. This, in turn, has led to a growing interest in data mining techniques, as they offer new opportunities for deriving actionable insights to inform game design, to ensure customer satisfaction, to maximize revenues, and to drive technical innovation. By now, data mining and analytics have become vital components of game development. The amount of work being done in this area nowadays makes this an ideal time to put together a book on this

subject. Data Analytics Applications in Gaming and Entertainment seeks to provide a cross section of current data analytics applications in game production. It is intended as a companion for practitioners, academic researchers, and students seeking knowledge on the latest practices in game data mining. The chapters have been chosen in such a way as to cover a wide range of topics and to provide readers with a glimpse at the variety of applications of data mining in gaming. A total of 25 authors from industry and academia have contributed 12 chapters covering topics such as player profiling, approaches for analyzing player communities and their social structures, matchmaking, churn prediction and customer lifetime value estimation, communication of analytical results, and visual approaches to game analytics. This book's perspectives and concepts will spark heightened interest in game analytics and foment innovative ideas that will advance the exciting field of online gaming and entertainment.
