

Editor

**Benton Rain Patterson, Coleman E. P.
Patterson**

The Editor Steven Rowley, 2020-06-30 From the bestselling author of *Lily and the Octopus* comes a novel about a struggling writer who gets his big break, with a little help from the most famous woman in America. After years of trying to make it as a writer in 1990s New York City, James Smale finally sells his novel to an editor at a major publishing house: none other than Jacqueline Kennedy Onassis. Jackie--or Mrs. Onassis, as she's known in the office--has fallen in love with James's candidly autobiographical novel, one that exposes his own dysfunctional family. But when the book's forthcoming publication threatens to unravel already fragile relationships, both within his family and with his partner, James finds that he can't bring himself to finish the manuscript. Jackie and James develop an unexpected friendship, and she pushes him to write an authentic ending, encouraging him to head home to confront the truth about his relationship with his mother. Then a long-held family secret is revealed, and he realizes his editor may have had a larger plan that goes beyond the page... From the bestselling author of *Lily and the Octopus* comes a funny, poignant, and highly original novel about an author whose relationship with his very famous book editor will change him forever--both as a writer and a son.

The Editor , 1924

What Editors Do Peter Ginna, 2017-10-06 Essays from twenty-seven leading book editors: "Honest and unflinching accounts from publishing insiders . . . a valuable primer on the field." --Publishers

Weekly Editing is an invisible art in which the very best work goes undetected. Editors strive to create books that are enlightening, seamless, and pleasurable to read, all while giving credit to the author. This makes it all the more difficult to truly understand the range of roles they inhabit while shepherding a project from concept to publication. What Editors Do gathers essays from twenty-seven leading figures in book publishing about their work. Representing both large houses and small, and encompassing trade, textbook, academic, and children's publishing, the contributors make the case for why editing remains a vital function to writers—and readers—everywhere. Ironically for an industry built on words, there has been a scarcity of written guidance on how to approach the work of editing. Serving as a compendium of professional advice and a portrait of what goes on behind the scenes, this book sheds light on how editors acquire books, what constitutes a strong author-editor relationship, and the editor's vital role at each stage of the publishing process—a role that extends far beyond marking up the author's text. This collection treats editing as both art and craft, and also as a career. It explores how editors balance passion against the economic realities of publishing—and shows why, in the face of a rapidly changing publishing landscape, editors are more important than ever. "Authoritative, entertaining, and informative."
—Copyediting

The Layers of Magazine Editing Michael Robert Evans, 2004-08-25 Unlike the myriad writing manuals

that emphasize grammar, sentence structure, and other skills necessary for entry-level editing jobs, this engaging book adopts a broader view, beginning with the larger topics of audience, mission, and tone, and working its way down, layer by layer, to the smaller questions of grammar and punctuation. Based on Michael Evans's years of experience as an editor and supplemented by invaluable observations from the editors of more than sixty magazines—including The Atlantic, Better Homes and Gardens, Ebony, Esquire, and National Geographic—this book reveals the people-oriented nature of the job.

The Artful Edit: On the Practice of Editing Yourself Susan Bell, 2008-08-17 Provides a wealth of examples, quotes, and case studies that include an instructional discussion of an editorial collaboration on The Great Gatsby, in an upbeat guide to the mechanics and techniques of self-editing that includes strategic tips and exercises. Reprint.

The Editor's Companion Janet Mackenzie, 2004-07-21 The Editor's Companion explains the traditional skills of editing for publication. It describes the editorial tasks for all kinds of print and screen publications and is an essential tool not only for professional editors but also for media and publications officers, self-publishers and writers editing their own work.

Make the Cut Lori Coleman, Diana Friedberg, 2014-07-16 First published in 2010. Being a successful editor is about more than just knowing how to operate a certain piece of

software, or when to make a certain transition. On the contrary, there are many unwritten laws and a sense of propriety that are never discussed or taught in film schools or in other books. Based on their own experiences, first as upcoming assistant editors, then as successful Hollywood editors, the authors guide you through the ins and outs of establishing yourself as a respected film and video editor. Insight is included on an array of technical issues such as script breakdown, prepping for sound effects, organizing camera and sound reports, comparison timings, assembly footages and more. In addition, they also provide first-hand insight into industry protocol, providing tips on interviewing, etiquette, career planning and more, information you simply won't find in any other book. The book concludes with a chapter featuring Q+A sessions with various established Hollywood editors about what they expect from their assistant editors.

Editor & Publisher ,1972 The fourth estate.

The Subversive Copy Editor Carol Fisher

Saller,2009-08-01 Each year writers and editors submit over three thousand grammar and style questions to the Q&A page at The Chicago Manual of Style Online. Some are arcane, some simply hilarious—and one editor, Carol Fisher Saller, reads every single one of them. All too often she notes a classic author-editor standoff, wherein both parties refuse to compromise on the rights and wrongs of prose styling: This author is giving me a fit. I wish that I could just DEMAND the use of the serial comma at all times. My author wants his preface to come at the end of the book. This

just seems ridiculous to me. I mean, it's not a post-face. In *The Subversive Copy Editor*, Saller casts aside this adversarial view and suggests new strategies for keeping the peace. Emphasizing habits of carefulness, transparency, and flexibility, she shows copy editors how to build an environment of trust and cooperation. One chapter takes on the difficult author; another speaks to writers themselves. Throughout, the focus is on serving the reader, even if it means breaking rules along the way. Saller's own foibles and misadventures provide ample material: I mess up all the time, she confesses. It's how I know things. Writers, Saller acknowledges, are only half the challenge, as copy editors can also make trouble for themselves. (Does any other book have an index entry that says terrorists. See copy editors?) The book includes helpful sections on e-mail etiquette, work-flow management, prioritizing, and organizing computer files. One chapter even addresses the special concerns of freelance editors. Saller's emphasis on negotiation and flexibility will surprise many copy editors who have absorbed, along with the dos and don'ts of their stylebooks, an attitude that their way is the right way. In encouraging copy editors to banish their ignorance and disorganization, insecurities and compulsions, the Chicago Q&A presents itself as a kind of alter ego to the comparatively staid *Manual of Style*. In *The Subversive Copy Editor*, Saller continues her mission with audacity and good humor.

An Arresting Voice Octavia Winder Boylan, 1924

Self-Editing for Fiction Writers, Second Edition

Renni Browne,Dave King,2010-06-15 Hundreds of books have been written on the art of writing. Here at last is a book by two professional editors to teach writers the techniques of the editing trade that turn promising manuscripts into published novels and short stories. In this completely revised and updated second edition, Renni Browne and Dave King teach you, the writer, how to apply the editing techniques they have developed to your own work. Chapters on dialogue, exposition, point of view, interior monologue, and other techniques take you through the same processes an expert editor would go through to perfect your manuscript. Each point is illustrated with examples, many drawn from the hundreds of books Browne and King have edited.

An Editor's Guide to Writing and Publishing Science Michael Hochberg,2019 This contemporary guide is packed full of expert tips and suggestions which will make the reader think in a fresh, creative, and novel way about writing and publishing science.

Editor-Proof Your Writing Don McNair,2013-04-01 Veteran editor Don McNair lays out an easy-to-follow and systematic method for clearing up foggy writing--writing that's full of extra, misused, and overused words--in this guide to producing sparkling copy that attracts readers, agents, editors, and sales. McNair explains the common mistakes made by most writers and shows how eliminating unnecessary words strengthens action, shorten sentences, and makes writing crackle with life. Containing 21 simple, straightforward principles, Editor-Proof Your Writing teaches how

to edit weak verb forms, strip away author intrusions, ban redundancies, eliminate foggy phrases, correct passive-voice sentences, slash misused and overused words, and fix other writing mistakes. A superb addition to any writer's toolkit, this book will not only make writing clearer and more grammatical, it will also make it more concise, entertaining, and appealing to publishers.

Neuromuscular Disorders and Peripheral Neuropathies Editor's Pick 2021 Giovanni Meola, 2021-11-24

I Am Goose! Dorothea Rohner, 2020 Goose asks to play Duck, Duck, Goose with the other animals and birds, but causes trouble by insisting that none of them can possibly be goose.

The Editor's Companion Steve Dunham, 2015-01-01 Excel at editing! The editor's job encompasses much more than correcting commas and catching typos. Your chief mission is to help writers communicate effectively--which is no small feat. Whether you edit books, magazines, newspapers, or online publications, your ability to develop clear, concise, and focused writing is the key to your success. The Editor's Companion is an invaluable guide to honing your editing skills. You'll learn about editing for: • **CONTENT:** Analyze and develop writing that is appealing and appropriate for the intended audience. • **FOCUS:** Ensure strong beginnings and satisfying endings, and stick with one subject at a time. • **PRECISE LANGUAGE:** Choose the right words, the right voice, and the right tense for every piece. • **GRAMMAR:** Recognize common mistakes in punctuation, parts of

speech, and sentence structure--and learn how to avoid them. You'll also find valuable editing resources and checklists, advice on editorial relationships and workflow, and real-life samples of editing with explanations of what was changed and why. The Editor's Companion provides the tools you need to pursue high quality in editing, writing, and publishing--every piece, every time.

Editors as Gatekeepers Rita James Simon, James J. Fyfe, 1994 Why do some scholarly manuscripts get published while others do not? Who makes the decisions at scholarly journals and presses, and how do they reach those decisions? This volume brings together the experiences of editors of sociology, anthropology, political science, criminal justice, psychology, and other social science journals, and editors and directors of university and commercial presses that focus on the social sciences. Each chapter of this book provides insight into the editor's definition of his/her role, and a look at the relationships among editors, authors, reviewers and readers. The authors offer advice about where to submit, and how to read editors' letters about revising and resubmitting manuscripts. They explore the pleasures and pains, disappointments and successes experienced in their role as 'gatekeeper.'

Max Perkins A. Scott Berg, 2013-08-01 The talents Maxwell Perkins nurtured were known worldwide: F. Scott Fitzgerald, Ernest Hemingway, Thomas Wolfe among numerous others. But the man himself remained a mystery, a backstage presence who served these authors not only as editor but as critic, career manager, moneylender,

psychoanalyst, confessor and friend. This outstanding biography, a winner of the National Book Award, is the first to explore the fascinating life of this editor extraordinaire in both professional and personal domains. It tells not only of Perkins' stormy marriage and secret twenty-five-year romance with Elizabeth Lemmon, but also of his intensely intimate relationships with the leading literary lights of the twentieth century.

The Editor in Chief Benton Rain

Patterson, Coleman E. P. Patterson, 2003-03-31
Packed with specific how-tos, examples and illustrations, *The Editor in Chief* vividly presents the guiding principles of editorial management. Authors Patterson and Patterson combine their extensive publishing and management expertise to update and enrich this best selling text, providing help and insight to future and present journalists working in the editorial department of a magazine. New to this edition is a chapter on one of the most popular and fastest growing areas of magazine publishing - online publishing. Readers will learn about e-zines, and online editions of printing magazines: * Launching * Funding * Organizing a staff * Increasing readership Aimed at students interested in careers as magazine editors and at novice working editors seeking to produce better magazines, *The Editor in Chief*, 2nd Edition prepares budding professionals for the arduous, but rewarding, task of magazine management

Thinking Like Your Editor: How to Write Great Serious Nonfiction and Get It Published Susan

Rabiner, Alfred Fortunato, 2010-09-27 Distilled wisdom from two publishing pros for every serious nonfiction author in search of big commercial success. Over 50,000 books are published in America each year, the vast majority nonfiction. Even so, many writers are stymied in getting their books published, never mind gaining significant attention for their ideas—and substantial sales. This is the book editors have been recommending to would-be authors. Filled with trade secrets, *Thinking Like Your Editor* explains: • why every proposal should ask and answer five key questions; • how to tailor academic writing to a general reader, without losing ideas or dumbing down your work; • how to write a proposal that editors cannot ignore; • why the most important chapter is your introduction; • why simple structure, complex ideas is the mantra for creating serious nonfiction; • why smart nonfiction editors regularly reject great writing but find new arguments irresistible. Whatever the topic, from history to business, science to philosophy, law, or gender studies, this book is vital to every serious nonfiction writer.

Unveiling the Magic of Words: A Report on "**Editor**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Editor**," a

mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.

Editor Introduction

In today's digital age, the availability of Editor books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article

will explore the advantages of Editor books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Editor books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Editor versions, you eliminate the need to spend

money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Editor books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking

industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as

intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Editor books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000

free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Editor books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic

texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Editor books and manuals for download have transformed the

way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these

digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Editor books and manuals for download and embark on your journey of knowledge?

FAQs About Editor Books

1. Where can I buy Editor books?
Bookstores : Physical bookstores like Barnes & Noble, Waterstone

s, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
