Houses of the Horoscope Alan Oken,2009-09-01 Every astrologer needs a good understanding of the astrological houses, and Houses of the Horoscope: An Introduction provides a practical and valuable sourcebook. Alan Oken masterfully guides you through the concepts of the meanings and the nature of the twelve astrological houses. He provides a core description of the twelve areas of life delineated by the astrological house system. The energy of each of the planets in the houses tells us where on Earth that planet's energy lands and what

area of our life it highlights. He gives a masterful analysis of how the astrological signs on the house cusps and the planets ruling the signs on houses express the nature of each house. The planets, signs, and houses in a chart represent the whats, hows, and wheres, of your life. The planets tell us what kind of energy is at work. The signs indicate how this energy is working. But it is the houses that reveals where the events, people, and places in your life may be found. Alan Oken provides an expert guide to the understanding of the astrological houses and their interaction with these other elements of the horoscope.

The Progressed Horoscope Alan Leo, 2024-02-11 The principal use to which astrology is applied by those who fail to realise its true purpose takes the form of searching for future happenings, so that predictions may be made and the future known, to a greater or lesser extent according to the skill of the practitioner. Now it is quite true that the future may be foreseen more or less in every nativity, yet while some persons will respond to every vibration (whether good or evil) that affects them from without, others will not so respond, either from lack of sensitiveness, or else through the exercise of a strong will trained to control the sheaths or vehicles of response.
