Black Leopard, Red Wolf Marlon James,2019-02-05 One of TIME's 100 Best Fantasy Books of All Time Winner of the L.A. Times Ray Bradbury Prize Finalist for the 2019 National Book Award The New York Times Bestseller Named a Best Book of 2019 by The Wall Street Journal, TIME, NPR, GQ, Vogue, and The Washington Post A fantasy world as well-realized as anything Tolkien made. --Neil Gaiman Gripping, action-packed....The literary equivalent of a Marvel Comics universe. --Michiko Kakutani, The New York Times The epic novel from the Man Booker Prize-winning author of *A Brief History of Seven Killings* In the stunning first novel in Marlon James's Dark Star trilogy, myth, fantasy, and history come together to explore what happens when a mercenary is hired to find a missing child. Tracker is known far and wide for his skills as a hunter: He has a nose, people say. Engaged to track down a mysterious boy who disappeared three years earlier, Tracker breaks his own rule of always working alone when he finds himself part of a group that comes together to search for the boy. The band is a hodgepodge, full of unusual characters with secrets of their own, including a shape-shifting man-animal known as Leopard. As Tracker follows the boy's scent--from one ancient city to another; into dense forests and across deep rivers--he and the band are set upon by creatures intent on destroying them. As he struggles to survive, Tracker starts to wonder: Who, really, is this boy? Why has he been missing for so long? Why do so many people want to keep Tracker from finding him? And perhaps the most important questions of all: Who is telling the truth, and who is lying? Drawing from African history and mythology and his own rich imagination, Marlon James has written a novel unlike anything that's come before it: a saga of breathtaking adventure that's also an ambitious, involving read. Defying categorization and full of unforgettable characters, *Black Leopard, Red Wolf* is both surprising and profound as it explores the fundamentals of truth, the limits of power, and our need to understand them both.

Psycho Onley James,2021-11-25 August Mulvaney has always been exceptional. As the genius son of an eccentric billionaire, his off-putting behavior is often blamed on his high IQ. They say there's a thin line between genius and madness. August is both-a brilliant professor loved by his students and a ruthless, obsessive killer tasked with righting the wrongs of a failing justice system. And he's just found his latest obsession: Lucas Blackwell. Lucas Blackwell was once the golden child of the FBI, using his secret talent as a clairvoyant to help put away society's worst. Until, with a touch, he discovers his co-worker is a killer and his life falls apart. Now, the world thinks he's crazy and that co-worker wants him dead. He seeks refuge at a small college, hoping to rebuild his life and his reputation. But then he runs into August Mulvaney. Literally. August is immediately intrigued with Lucas and his backstory. He doesn't believe in psychics, but there's no missing the terror in his eyes when they collide in the hallway. Now, August has a problem. Lucas knows his secret, and August knows he wants Lucas. And August always gets what he wants. Can he convince Lucas that not all killers are created equal and that having a psychopath in his corner-and in his life-might be just what he needs? *Psycho* is a fast-paced, thrill ride of a romance with an HEA and no cliffhangers. It features a psychopath hell-bent on romance and a disgraced FBI agent attempting to redeem himself. As always, there's gratuitous violence, very dark humor, and scenes so hot it will melt your Kindle. This is book two in the Necessary Evils series. Each book follows a different couple.

Love Me Whole Nicky James,2018-01-18 Twenty-eight-year-old Oryn Patterson isn't like other people. Being an extremely shy, social introvert is only part of the problem. Oryn has dissociative identity disorder. He may look like a normal man on the outside, but spend five minutes with him, and his daily struggles begin to show. Oryn shares his life and headspace with five distinctively different alters. Reed, a protective, very straight jock. Cohen, a flamboyantly gay nineteen-year-old who is a social butterfly. Cove, a self-destructive terror, whose past haunts him. Theo, an asexual man of little emotion, whose focus is on maintaining order. And Rain, a five-year-old child whose only concern is

Batman. Vaughn Sinclair is stuck in a rut. When his job doesn't offer the same thrill it once did, he decides it's time to mix-up his stagnant, boring routine. Little does he know, the man he meets during an impromptu decision to return to college is anything but ordinary. Vaughn's heart defies logic, and he finds himself falling in love with this strange new man. But how can you love someone who isn't always themselves? It may not be easy, but Vaughn is determined to try.

Song of My Softening Omotara James, 2023-07-07 A profound and intersectional text, *Song of My Softening* is a queer, fat, love song of the interior. Poems study the ever-changing relationship with oneself, while also investigating the relationship that the world and nation has with Black queerness. This book is a window into what perseverance looks like, ungilded, a mirror for anyone born into a culture outside of their identity, who has survived alienation, violation, depression, and systematized oppression. Unspoken truths about the body and soul are mused with openness, candor, and tenderness--

James N. T. Wright, 2012-05-16 With a scholar's mind and a pastor's heart, N. T. Wright guides you through James to help you understand what it means to have the kind of faith that translates belief into action. That kind of faith, he explains, is the faith that matters, the faith that justifies, the faith that saves. Includes nine sessions for group or personal study.

James, 1-2 Peter, 1-3 John, Jude Gerald L. Bray, Thomas C. Oden, 2000-08-15 Because the Catholic Epistles focus on orthodox faith and morals, the Fathers drew on them as a means of defense against the rising challenge of heretics and as a manual for spiritual warfare. This ACCS volume opens up a treasure house of ancient wisdom that allows these faithful witnesses to speak with eloquence and intellectual acumen to the church today.

James the Brother of Jesus Robert H. Eisenman, 1998-03-01 James was a vegetarian, wore only linen clothing, bathed daily at dawn in cold water, and was a life-long Nazirite. In this profound and provocative work of scholarly detection, eminent biblical scholar Robert Eisenman introduces a startling theory about the identity of James—the brother of Jesus, who was almost entirely marginalized in the New Testament. Drawing on long-overlooked early Church texts and the Dead Sea Scrolls, Eisenman reveals in this groundbreaking exploration that James, not Peter, was the real successor to the movement we now call Christianity. In an argument with enormous implications, Eisenman identifies Paul as deeply compromised by Roman contacts. James is presented as not simply the leader of Christianity of his day, but the popular Jewish leader of his time, whose death triggered the Uprising against Rome—a fact that creative rewriting of early Church documents has obscured. Eisenman reveals that characters such as Judas Iscariot and the Apostle James did not exist as such. In delineating the deliberate falsifications in New Testament documents, Eisenman shows how—as James was written out—anti-Semitism was written in. By rescuing James from the oblivion into which he was cast, the final conclusion of *James the Brother of Jesus*, in the words of The Jerusalem Post, apocalyptic —who and whatever James was, so was Jesus.

If This Is the Age We End Discovery Rosebud Ben-Oni, 2021-03-01 A fascinating blend of poetry and science, Ben-Oni's poems are precisely crafted, like a surgeon sewing a complicated stitch. The speaker of the collection falls ill, and takes comfort in exploring the idea of "Efes" which is "zero" in Modern Hebrew, using that nullification to be a means of transformation.

In Commemoration of William James, 1842-1942 William James, 1967

Atlas of Unknowns Tania James, 2009-05-05 When seventeen-year-old Anju wins an all-expenses-paid scholarship to study in New York for a year, she jumps at the chance to leave her home town in Kerala and embrace all that America has to offer. But there are bittersweet consequences ahead, not only for Anju, but also for the father and older sister she has left behind. For when the lie behind Anju's scholarship is suddenly revealed she is left without a visa and, too proud to confess to her family, goes into hiding. She accepts a job in a suburban beauty salon and the offer of a roof over her head from the kindly Bird, who strangely seems to know more about Anju's past than Anju herself has told her. Meanwhile, Anju's family are on a mission to find her, trying not to contemplate the possibility that they might never see her again... *Atlas of Unknowns* is vibrant,

moving and breathtakingly told -- the debut of an irresistible and utterly original new voice in fiction.

The Letters of William James William James,1920 Provides primary sources i.e. letters written by William James. Covers his years at Harvard and at Oxford.

The Tusk That Did the Damage Tania James,2015-02-25 When a young elephant is brutally orphaned by poachers, it is only a matter of time before he begins terrorising the countryside, earning his malevolent name from the humans he kills and then tenderly buries with leaves. Manu, the studious son of a rice farmer, loses his cousin to the Gravedigger and is drawn into the alluring world of ivory hunting. Emma is working on a documentary set in a Kerala wildlife park with her best friend. Her work leads her to witness the porous boundary between conservation and corruption and she finds herself caught up in her own betrayal. As the novel hurtles toward its tragic climax, these three storylines fuse into a wrenching meditation on love and revenge, fact and myth, duty and sacrifice. In a feat of audacious imagination and arrestingly beautiful prose, *The Tusk That Did the Damage* tells an original and heart-breaking story about how we treat nature, and each other.

Atomic Habits James Clear,2018-10-16 The #1 New York Times bestseller. Over 10 million copies sold! Tiny Changes, Remarkable Results No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. *Atomic Habits* will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

Grave Secrets Alice James,2020-09-01 An adventure with zombies. And vampires. And romance. And croquet. Toni Windsor is trying to live a quiet life in the green and pleasant county of Staffordshire. She'd love to finally master the rules of croquet, acquire a decent boyfriend and make some commission as an estate agent... ...but first she's got to deal with zombies rising from their graves, vampires sneaking out of their coffins and a murder to solve. It's all made rather more complicated by the fact that she's the one raising all the zombies--oh, and she's dating one of the vampires. Really, what's a girl meant to do?

James I John Matusiak,2015-11-05 Few kings have been more savagely caricatured or grossly misunderstood than England's first Stuart. Yet, as this new biography demonstrates, the modern tendency to downplay his defects and minimise the long-term consequences of his reign has gone too far. In spite of genuine idealism and flashes of considerable resourcefulness, James I remains a perplexing figure - a uniquely curious ruler, shot through with glaring inconsistencies. His vices and foibles not only undermined his high hopes for healing and renewal after Elizabeth I's troubled last years, but also entrenched political and religious tensions that eventually consumed his successor. A

flawed, if well-meaning, foreigner in a rapidly changing and divided kingdom, his passionate commitment to time-honoured principles of government would, ironically, prove his undoing, as England edged unconsciously towards a crossroads and the shadow of the Thirty Years War descended upon Europe.
