**Lemon** Kwon Yeo-sun, 2021-10-26 New York Times Book Review: Editor's Choice Philadelphia Inquirer: Best Book of the Month World Literature Today: Notable Translation of the Year CrimeReads: Best International Crime Novel of the Year Ms. Magazine: Most Anticipated Book of the Year Washington Independent Review of Books: Favorite Book of the Year Parasite meets The Good Son in this piercing psychological portrait of three women haunted by a brutal, unsolved crime. In the summer of 2002, when Korea is abuzz over hosting the FIFA World Cup, eighteen-year-old Kim Hae-on is killed in what becomes known as the High School Beauty Murder. Two suspects quickly emerge: rich kid Shin Jeongjun, whose car Hae-on was last seen in, and delivery boy Han Manu, who witnessed her there just a few hours before her death. But when Jeongjun's alibi checks out, and no evidence can be pinned on Manu, the case goes cold. Seventeen years pass without any resolution for those close to Hae-on, and the grief and uncertainty take a cruel toll on her younger sister, Da-on, in particular. Unable to move on with her life, Da-on tries in her own twisted way to recover some of what she's lost, ultimately setting out to find the truth of what happened. Shifting between the perspectives of Da-on and two of Hae-on's classmates struck in different ways by her otherworldly beauty, Lemon ostensibly takes the shape of a crime novel. But identifying the perpetrator is not the main objective here: Kwon Yeo-sun uses this well-worn form to craft a searing, timely exploration of privilege, jealousy, trauma, and how we live with the wrongs we have endured and inflicted in turn.

Just not eating a lemon, because it is sour in taste, is going to prevent you from experiencing all the natural benefits of this versatile citrus fruit. Lemons are considered to have originated in Asia, – China and Burma – from where they managed to conquer the world. Christopher Columbus brought lemon seeds back to Europe, from his travels. It thus began to be cultivated in Europe, where before it was a rarity. It was only in the 1740s, that people in the West began to understand that there was some power in the lemons, which prevented sailors from suffering from scurvy and beriberi. They had not heard of vitamins C at that time of course, but sailing tradition spread the word through word of

mouth that whenever sailors reached some islands, they had to eat of the fruit and the grasses there. That would prevent their gums from bleeding, pain in the muscles and in the bones and make them feel healthier. These fruits were citrus fruits, including lemons. This cause and effect apparent result made European Navies make it a rule that every ship sailing out of harbor should have a plentiful supply of lemons, green grasses and other citrus fruits to feed to the sailors and the officers, during the voyage. However, lemons have been known since 10 A.D. in Persia, where they were used for beautifying, culinary and medical purposes. Also, their gardens used to have lemon trees, and plenty of their traditional poetry described the lemon flower along with pomegranate flowers as a symbol of beauty and grace. The characteristic sourness of the lemon, is due to the citric acid content in it. That is why lemon juice, as well as its rind and pulp, is used in culinary preparations, all over the world. The whole of the lemon fruit can be used, with the rind ground to add a flavor to special baked dishes. Lemon juice or even the peel of the dried lemon can be used for preparing beauty products and also in natural herbal remedies.

**The Lemon** S. E. Boyd, 2022-11-08 "[T]his poised and playful debut novel is a sly satire on foodie culture and the modern hype machine. . . . As tart as 'artisanal citrus,' as sharp as a chef's knife, *The Lemon* is both a gleeful foodie sendup and an incisive takedown of the commercial exploitation of just about everything." –The New York Times Book Review (Editors' Choice) Named a Most Anticipated Book of Fall 2022 by Entertainment Weekly • Vogue • AARP the Magazine • The AV Club • Parade • Eater • New York Post • LitHub • Publishers Lunch • and more! Set in the intersecting worlds of fine dining, Hollywood, and the media, a darkly hilarious and ultimately affecting story about the underside of success and fame, and our ongoing complicity in devouring our cultural heroes. While filming on location in Belfast, Northern Ireland, John Doe, the universally adored host of the culinary travel show *Last Call*, is found dead in a hotel room in an apparent suicide. As the news of his untimely demise breaks stateside, a group of friends, fixers, hustlers, and opportunists vie to seize control of the narrative: Doe's chess-master of an agent Nia, ready to call in every favor she is owed to preserve his legacy; down-on-her-luck journalist Katie, who fabricates a story about Doe to save her job at a failing website; and world-famous chef Paolo Cabrini, Doe's closest friend and confidant, who finds himself entangled with a deranged Belfast hotel worker whose lurid secret might just take them all down. Bolstered by the authors' insider knowledge of high-end restaurants and low-end media, *The Lemon* delivers a raucous examination of our culture with deliciously cutting prose, crackling dialogue, and an unpredictable plot that will keep you riveted to the last page.

**The Toss of a Lemon** Padma Viswanathan, 2010-03-12 In south India in 1896, ten-year old Sivakami is about to embark on a new life. Hanumarathnam, a village healer with some renown as an astrologer, has approached her parents with a marriage proposal. In keeping with custom, he provides his prospective in-laws with his horoscope. The problem is that his includes a prediction, albeit a weak one, that he will die in his tenth year of marriage. Despite the ominous horoscope, Sivakami's parents hesitate only briefly, won over by the young man and his family's reputation as good, upstanding Brahmins. Once married, Sivikami and Hanumarathnam grow to love one another and the bride, now in her teens, settles into a happy life. But the predictions of

Hanumarathnam's horoscope are never far from her new husband's mind. When their first child is born, as a strategy for accurately determining his child's astrological charts, Hanumarathnam insists the midwife toss a lemon from the window of the birthing room the moment his child appears. All is well with their first child, a daughter, Thangam, whose birth has a positive influence on her father's astrological future. But this influence is fleeting: when a son, Vairum, is born, his horoscope confirms that his father will die within three years. Resigned to his fate, Hanumarathnam sets himself to the unpleasant task of readying his household for his imminent death. Knowing the hardships and social restrictions Sivakami will face as a Brahmin widow, he hires and trains a servant boy called Muchami to help Sivakami manage the household and properties until Vairum is of age. When Sivakami is eighteen, Hanumarathnam dies as predicted. Relentless in her adherence to the traditions that define her Brahmin caste, she shaves her head and dons the white sari of the widow. With some reluctance, she moves to her family home to raise her children under the protection of her brothers, but then realizes that they are not acting in the best interests of her children. With her daughter already married to an unreliable husband of her brothers' choosing, and Vairum's future also at risk, Sivakami leaves her brothers and returns to her marital home to raise her family. With the freedom to make decisions for her son's future, Sivakami defies tradition and chooses to give him a secular education. While her choice ensures that Vairum fulfills his promise, it also sets Sivakami on a collision course with him. Vairum, fatherless in childhood, childless as an adult, rejects the caste identity that is his mother's mainstay, twisting their fates in fascinating and unbearable ways.

Orange Prize, comes a story of one woman and two islands. Faith Jackson knows little about her parents' lives before they moved to England. But when her parents announce that they are moving home to Jamaica, Faith's fragile sense of her identity is threatened. Angry and perplexed as to why her parents would move to a country they so rarely mention, Faith becomes increasingly aware of the covert and public racism of her daily life, at home and at work. At her parents' suggestion, in the hope it will help her to understand where she comes from, Faith goes to Jamaica for the first time. There she meets her Aunt Coral, whose storytelling provides Faith with ancestors, whose lives reach from Cuba and Panama to Harlem and Scotland. Fruit of the Lemon spans countries and centuries, exploring questions of race and identity with humor and a freshness, and confirms Andrea Levy as one of our most exciting contemporary novelists.
