The Local Joey Hartstone,2023-06-13 A freewheeling, small-town attorney takes on a national murder trial when an out-of-town client is accused of killing a federal judge in Texas. “A spectacular courtroom thriller that kept me turning pages like the best of Grisham or Turow. —Michelle King, co-creator of *The Good Wife*, *The Good Fight*, and *Evil* The town of Marshall, Texas, is the epicenter of intellectual property law in the US—renowned for its speedy trials and massive payouts. One of its best lawyers is James Euchre. His newest client, Amir Zawar, is a CEO forced to defend his life’s work against a patent infringement claim. But when a beloved hometown hero is murdered, all signs point to Zawar, an outsider with no alibi. With the help of a former federal prosecutor and a local PI, Euchre hopes to uncover the truth. In his first criminal case, the stakes couldn’t be higher. Euchre fears either an innocent man will be sent to death row, or he’ll help set a murderer free. *The Local* is a small-town thriller crackling with courtroom tension right up to the final verdict.

Local Brian Wood,2013-09-10 From Brian Wood (*DEMO*, *DMZ*, *NORTHLANDERS*) and Ryan Kelly (*LUCIFER*, *AMERICA VIRGIN*) comes *Local*, a collection of twelve interconnected short stories. Crossing genres as it crosses the country, *LOCAL* examines Megan McKeenan, a young woman who sets off from Portland, OR with nothing but a backpack and a bad case of wanderlust. Each emotional vignette is a self-contained story that represents one year in the life of this young vagabond as she struggles to find a place to call home, both physically and spiritually.

Quilt Local Heather Jones,2018-12-15 The renowned Ohio quilt artist draws on places and objects in her daily life to craft beautiful modern quilts, encouraging your own creative journey. For Heather Jones, inspiration can be anywhere. For her debut book, *Quilt Local*, she designed a collection of twenty quilts, each inspired by objects and places close to home—country roads, cityscapes, street signs—the landscape of her existence. Then, in a fascinating exercise in color theory and design play, she reworked each one in a second palette to show what a striking difference just a few basic changes can make. Pattern by pattern, Jones takes readers behind the scenes of her process, sharing photographs of her sources of inspiration, sketchbook pages, and the finished quilts. In addition, she offers an accessible lesson in color theory as it applies to quilting. “Jones, founder of the Cincinnati Modern Quilt Guild, translates architecture into quilt patterns that have ‘a strong visual component’ . . . The simplicity of her designs is well suited for beginners, while the modern aesthetic will attract more experienced quilters.” —Publishers Weekly “The author takes quilters inside her studio for a firsthand look at her process for designing and piecing . . . Modern quilters who enjoy a minimalist style are likely familiar with Jones’s work and will appreciate the insights into her process. The presentation is reminiscent of Denyse Schmidt’s *Modern Quilts, Traditional Inspiration*.” —Library Journal

Going Local Michael Shuman,2013-06-17 National drug chains squeeze local pharmacies out of business, while corporate downsizing ships jobs overseas. All across America, communities large and small are losing control of their economies to outside interests. *Going Local* shows how some cities and towns are fighting back. Refusing to be overcome by Wal-Marts and layoffs, they are taking over abandoned factories, switching to local produce and manufactured goods, and pushing banks to loan money to local citizens. Shuman details how dozens of communities are recapturing their own economies with these new strategies, investing not in outsiders but in locally owned businesses.

All Politics Is Local Meaghan Winter,2019-10-01 Democrats have largely ceded control of state governments to the GOP, allowing them to rig our political system and undermine democracy itself. After the 2016 election, Republicans had their largest majority in the states since 1928, controlling legislative chambers in thirty-two states and governor offices in thirty-three. They also held both chambers of Congress and the presidency despite losing the popular vote. What happened? Meaghan Winter shows how the Democratic Party and left-leaning political establishment have spent the past several decades betting it all on the very risky and increasingly foolhardy strategy of abandoning the states to focus on federal races. For the American public, the fallout has been catastrophic. At the behest of their corporate patrons, Republican lawmakers have diminished employee protections and healthcare access and thwarted action on climate change. Voting rights are being dismantled, and even the mildest gun safety measures are being blocked. Taking us to three key battlegrounds--in Missouri, Florida, and Colorado--Winter reveals that robust state and local politics are the lifeblood of democracy and the only lasting building block of political power.

All Health Politics Is Local Merlin Chowkwanyun,2022-05-09 Health is political. It entails fierce battles over the allocation of resources, arguments over the imposition of regulations, and the mediation of dueling public sentiments—all conflicts that are often narrated from a national, top-down view. In *All Health Politics Is Local*, Merlin Chowkwanyun shifts our focus, taking us to four very different places—New York City, Los Angeles, Cleveland, and Central Appalachia—to experience a national story through a regional lens. He shows how racial uprisings in the 1960s catalyzed the creation of new medical infrastructure for those long denied it, what local authorities did to curb air pollution so toxic that it made residents choke and cry, how community health activists and bureaucrats fought over who'd control facilities long run by insular elites, and what a national coal boom did to community ecology and health. *All Health Politics Is Local* shatters the notion of a single national health agenda. Health is and has always been political, shaped both by formal policy at the highest levels and by grassroots community battles far below.

All Data Are Local Yanni Alexander Loukissas,2019-04-30 How to analyze data settings rather than data sets, acknowledging the meaning-making power of the local. In our data-driven society, it is too easy to assume the transparency of data. Instead, Yanni Loukissas argues in *All Data Are Local*, we should approach data sets with an awareness that data are created by humans and their dutiful machines, at a time, in a place, with the instruments at hand, for audiences that are conditioned to receive them. The term data set implies something discrete, complete, and portable, but it is none of those things. Examining a series of data sources important for understanding the state of public life in the United States—Harvard's Arnold Arboretum, the Digital Public Library of America, UCLA's Television News Archive, and the real estate marketplace Zillow—Loukissas shows us how to analyze data settings rather than data sets. Loukissas sets out six principles: all data are local; data have complex attachments to place; data are collected from heterogeneous sources; data and algorithms are inextricably entangled; interfaces recontextualize data; and data are indexes to local knowledge. He then provides a set of practical guidelines to follow. To make his argument, Loukissas employs a combination of qualitative research on data cultures and exploratory data visualizations. Rebutting the “myth of digital universalism,” Loukissas reminds us of the meaning-making power of the local.

The Local Economy Solution Michael Shuman,2015-06-09 Reinventing economic development as if small business mattered In cities and towns across the nation, economic development is at a crossroads. A growing body of evidence has proven that its current cornerstone—incentives to attract and retain large, globally mobile businesses—is a dead end. Even those programs that focus on local business, through buy-local initiatives, for example, depend on ongoing support from government or philanthropy. The entire practice of economic development has become ineffective and unaffordable and is in need of a makeover. *The Local Economy Solution* suggests an alternative approach in which states and cities nurture a new generation of special kinds of businesses that help local businesses grow. These cutting-edge companies, which Shuman calls “pollinator businesses,” are creating jobs and the conditions for future economic growth, and doing so in self-financing ways. Pollinator businesses are especially important to communities that are struggling to lift themselves up in a period of economic austerity, when municipal budgets are being slashed. They also promote locally owned businesses that increase local self-reliance and evince high labor and environmental standards. The book includes nearly two dozen case studies of successful pollinator businesses that are creatively facilitating business and neighborhood improvements, entrepreneurship, local purchasing, local investing, and profitable business partnerships. Examples include Main Street Genome (which provides invaluable data to improve local business performance), Supportland (which is developing a powerful loyalty card for local businesses), and Fledge (a business accelerator that finances itself through royalty payments). It also shows how the right kinds of public policy can encourage the spread of pollinator businesses at virtually no cost.

Local Dj Peter C. Cavanaugh,2002-04 Although the surface thread is autobiographical, *Local DJ* is much more an interwoven narrative on Rock'n Roll culture from the late '50's through present times. Perspective is subjectively recounted by one who was both involved with and influential upon the music over an extended period. The presentation is structurally arranged as a mosaic of interrelated stories with substantial personal overview or, as more commonly referenced, attitude. From the earliest days of Elvis through Z-Rock in the '90's, 'Local DJ' travels through time and space with instinctive grace. Sacramental with sin. A lifeweb spin. Of all who had a major influence on me while growing up in the Midwest, none matched the audaciousness, tenacity and gonzo-like behavior of Peter Cavanaugh. He was more than just the rock 'n roll guru who gave America its first encounters with The Who, Bob Seger and all the great Detroit bands (Ted Nugent, Alice Cooper, MC5, etc.) He was the one who taught me how to go up against the powers-that-be and live to tell all. Thank you, Peter Cavanaugh, for saving a generation of Flint kids from the likes of Pat Boone ---- MICHAEL MOORE --Bowling For Columbine/Fahrenheit 9/11 Please visit www.wildwednesday.com
