Peter Stockwell

*Cognitive Poetics* Peter Stockwell, 2019-12-06 A pioneering text in its first edition, this revised publication of *Cognitive Poetics* offers a rigorous and principled approach to literary reading and analysis. The second edition of this seminal text features: • updated theory, frameworks, and examples throughout, including new explanations of literary meaning, the power of reading, literary force, and emotion; • extended examples of literary texts from Old English to contemporary literature, covering genres including religious, realist, romantic, science fictional, and surrealist texts, and encompassing poetry, prose, and drama; • new chapters on the mind-modelling of character, the building of text-worlds, the feeling of immersion and ambience, and the resonant power of emotion in literature; • fully updated and accessible accounts of Cognitive Grammar, deictic shifts, prototypicality, conceptual framing, and metaphor in literary reading. Encouraging the reader to adopt a fresh approach to understanding literature and literary analyses, each chapter introduces a different framework within cognitive poetics and relates it to a literary text. Accessibly written and reader-focused, the book invites further explorations either individually or within a classroom setting. This thoroughly revised edition of *Cognitive Poetics* includes an expanded further reading section and updated explorations and discussion points, making it essential reading for students on literary theory and stylistics courses, as well as a fundamental tool for those studying critical theory, linguistics, and literary studies.

**I Must Collect Myself** Maureen Lipman, 2010-11-01 Maureen Lipman has the knack of making the everyday supremely entertaining, the ordinary absurd and unexpected. This new collection of pieces sparkles with her inimitable prose and pithy opinions. Encounters in the street, at the hairdresser, in the dressing room, on her travels at home and abroad, indeed wherever she goes, are sharply observed, joyfully and - at times - ruefully recorded. Included too are a selection of brilliant monologues which capture the many voices of Maureen in wonderfully diverse ways.

*Forever and Always* Celestia G. Tracy, Steven R. Tracy, 2011-04-07 This is a handbook for understanding and deepening the stages involved in bonding or attaching closely to another human being. Marriage, the most intimate of all human relationships, is described in Scripture as a one flesh mystery (Eph 5:31-32).

**12 Under** Herbert Bazron, 2022-06-14 Nathan Zonk is a black man whose life is pure chaos living in Dover, Delaware. Life has its foot on his throat as well as his daughter's mother. He is down pressed on his luck until fate steps in with an opportunity of adventuress propositions. One internship, a billionaire, and hardcore stuntwoman will turn Nathan's life totally under as in the land down under.

**Losing Our Minds** Dr. Lucy Foulkes, 2022-01-25 A compelling and incisive book that questions the overuse of mental health terms to describe universal human emotions. Public awareness of mental illness has been transformed in recent years, but our understanding of how to define it has yet to catch up. Too often, psychiatric disorders are confused with the inherent stresses and challenges of human experience. A narrative has taken hold that a mental health crisis has been building among young people. In this profoundly sensitive and constructive book, psychologist Lucy Foulkes argues that the crisis is one of ignorance as much as illness. Have we raised a 'snowflake' generation? Or are today's young people subjected to greater stress, exacerbated by social media, than ever before? Foulkes shows that both perspectives are useful but limited. The real question in need of answering is: how should we distinguish between 'normal' suffering and actual illness? Drawing on her extensive knowledge of the scientific and clinical literature, Foulkes explains what is known about mental health problems—how they arise, why they so often appear during adolescence, the various tools we have to cope with them—but also what remains unclear: distinguishing between normality and disorder is essential if we are to provide the appropriate help, but no clear line between the two exists in nature. Providing necessary clarity and nuance, *Losing Our Minds* argues that the widespread misunderstanding of this aspect of mental illness might be contributing to its apparent prevalence.

**Second Position** Katherine Locke,2015-04-13 Four years ago, a car accident ended Zedekiah Harrow's ballet career and sent Philadelphia Ballet principal dancer Alyona Miller spinning toward the breakdown that suspended her own. What they lost on the side of the road that day can never be replaced, and grief is always harshest under a spotlight... Now twenty-three, Zed teaches music and theatre at a private school in Washington, D.C. and regularly attends AA meetings to keep the pain at bay. Aly has returned to D.C. to live with her mother while trying to recover from the mental and physical breakdown that forced her to take a leave of absence from the ballet world, and her adoring fans. When Zed and Aly run into each other in a coffee shop, it's as if no time has passed at all. But without the buffer and escape of dance—and with so much lust, anger and heartbreak hanging between them—their renewed connection will either allow them to build the together they never had...or destroy the fragile recoveries they've only started to make. Möbius Blvd: Stories from the Byway between Reality and Dream No. 3 | January 2024 Wayne Kyle Spitzer,2023-12-25 There is a byway between reality and dream. A transit we call Möbius Blvd ... Inspired by the enigmatic Möbius strip, a mathematical construct that defies conventional notions of linearity and infinity, Möbius Blvd has no beginning or end but exists in a place where reality and dream have fused ... coalesced ... merged. With each turn of the page, you'll encounter a unique blend of horror, fantasy, and science-fiction—fiction that will challenge your perceptions and leave you in awe of the infinite possibilities that exist within the written word. Indeed, Möbius Blvd is far more than a magazine; it's an experience. It's an exploration of the infinite, a passage through dimensions where the only constant is storytelling at its most daring, a kaleidoscope of wonder and terror. Join us on this winding, never-ending journey of speculative fiction that will keep you entranced from the first twist to the last loop. Open your mind to the limitless worlds of Möbius Blvd ... and discover that the boundary between fiction and reality is as thin as a strip of paper with a twist. **A Fascist Love Story** Michael Aguero,2022-12-06 A match made in heaven, if only they could get through the paperwork. When Beth and Rodger fail their compatibility exam they must make an impossible choice, to chase the spark blooming between them, or face the consequences of their actions. A Fascist Love Story is an experimental romance in a world where forms matter more than feelings, and love is just another box waiting to be checked.

**The Mimiambes of Herodas** Anna Rist,2016-10-06 The third-century BC Greek poet Herodas had been all but forgotten until a papyrus of eight of his Mimiambes (plus fragments) turned up in the Egyptian desert at the end of the 19th century. They have since been translated into various modern languages and supplied with scholarly commentaries. This book is the first to attempt to reproduce in English Herodas' 'choliambic' or 'limping' metre (sic) - distinctive for its signatory reversed final foot, a variant on the standard Greek iambic trimeter. The present volume provides an accessible introduction to Herodas and his Mimiambes requiring no knowledge of Greek. The translation steers a judicious course between literal accuracy and fidelity to this linguistically very demanding poet's spirit and intention. The contextual introductions and notes on the poems take into account the most recent scholarship, providing explanation of the context of the Mimiambes and guiding the reader to an appreciation of the poetry

itself. The General Introduction places the author in his cultural world and context, namely urban society in the Ptolemaic Empire of the hellenistic period. This he conjures up in his *Mimiambi*s with an often scathing vividness.

MetroMind: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. MetroMind : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
