MeXicana Encounters Rosa Linda Fregoso,2003 Table of contents

Casa Mexicana Style Annie Kelly,2006-10 In this gorgeous new book featuring more than 250 photographs, Street-Porter takes readers on an insider's tour of 30 stunning homes, from urbane city apartments and modernist beach houses to stately rural haciendas and lovingly restored colonial townhouses.

MeXicana Encounters Rosa Linda Fregoso,2003-12-04 Looks at contradictory representations of Mexicanas and Chicanas in popular culture, discussing the cultural practices and symbolic forms that impact social identities.

meXicana Fashions Aída Hurtado,Norma E. Cantú,2020-01-10 Collecting the perspectives of scholars who reflect on their own relationships to particular garments, analyze the politics of dress, and examine the role of consumerism and entrepreneurialism in the production of creating and selling a style, meXicana Fashions examines and searches for meaning in these visible, performative aspects of identity. Focusing primarily on Chicanas but also considering trends connected to other Latin American communities, the authors highlight specific constituencies that are defined by region (“Tejana style,” “L.A. style”), age group (“homie,” “chola”), and social class (marked by haute couture labels such as Carolina Herrera and Oscar de la Renta). The essays acknowledge the complex layers of these styles, which are not mutually exclusive but instead reflect a range of intersections in occupation, origin, personality, sexuality, and fads. Other elements include urban indigenous fashion shows, the shifting quinceañera market, “walking altars” on the Days of the Dead, plus-size clothing, huipiles in the workplace, and dressing in drag. Together, these chapters illuminate the full array of messages woven into a vibrant social fabric.

Teaching Late-Twentieth-Century Mexicana and Chicana Writers Elizabeth Coonrod Martínez,2020-12-15 Mexicana and Chicana authors from the late 1970s to the turn of the century helped overturn the patriarchal literary culture and mores of their time. This landmark volume acquaints readers with the provocative, at times defiant, yet subtle discourses of this important generation of writers and explains the influences and historical contexts that shaped their work. Until now, little criticism has been published about these important works. Addressing this oversight, Teaching Late-Twentieth-Century Mexicana and Chicana Writers starts with essays on Mexicana and Chicana authors. It then features essays on specific teaching strategies suitable for literature surveys and courses in cultural studies, Latino studies, interdisciplinary and comparative studies, humanities, and general education that aim to explore the intersectionalities represented in these works. Experienced teachers offer guidance on using these works to introduce students to border studies, transnational studies, sexuality studies, disability studies, contemporary Mexican history and Latino history in the United States, the history of social movements, and concepts of race and gender.

Mexican Light/Cocina mexicana ligera Kris Rudolph,2006 Did you know that Pre-Columbian Mexican cuisine was low in fat and high in fiber and vitamins? Based on corn, squash, tomatoes, beans, and lean meats, the everyday diet of the first Americans was remarkably close to the recommendations for healthy eating we hear about every day. Now for the first time, cooks can use the secrets of the Aztecs in today's kitchen, thanks to Kris Rudolph's thoroughly researched cookbook. And because cooks from both sides of the border will be eager to try these recipes, Rudolph presents the recipes and text in Spanish on facing pages. The book opens with a short introduction outlining the history of Mexican cooking, followed by an overview of healthy eating habits, a description of the most common ingredients, and a useful guide to planning for parties. The fifty recipes cover everything from appetizers to after-dinner refreshers and each includes the number of calories, amounts of total fat and saturated fat, grams of carbohydrates, and amount of fiber. Rudolph suggests low-fat and low-carbohydrate alternatives, as well as ways to vary the spiciness.

Charrer’a Mexicana Kathleen M. Sands,1993-08 In this first major English-language interpretation of charrer’a, Kathleen Mullen Sands describes the evolution of this equestrian tradition, highlighting the role of horsemen and women throughout Mexico's history. For those who believe cowboy culture and rodeo represent historic horsemanship in the United States, Charrer’a Mexicana reveals a festival of equal complexity and distinction.

Domestic Negotiations Marci R. McMahon,2013-07-01 This interdisciplinary study explores how US Mexicana and Chicana authors and artists across different historical periods and regions use domestic space to actively claim their own histories. Through “negotiation”—a concept that accounts for artistic practices outside the duality of resistance/accommodation—and “self-fashioning,” Marci R. McMahon demonstrates how the very sites of domesticity are used to engage the many political and recurring debates about race, gender, and immigration affecting Mexicanas and Chicanas from the early twentieth century to today. Domestic Negotiations covers a range of archival sources and cultural productions, including the self-fashioning of the “chili queens” of San Antonio, Texas, Jovita González’s romance novel Caballero, the home economics career and cookbooks of Fabiola Cabeza de Baca, Sandra Cisneros’s “purple house controversy” and her acclaimed text The House on Mango Street, Patssi Valdez’s self-fashioning and performance of domestic space in Asco and as a solo artist, Diane Rodríguez’s performance of domesticity in Hollywood television and direction of domestic roles in theater, and Alma López’s digital prints of domestic labor in Los Angeles. With intimate close readings, McMahon shows how Mexicanas and Chicanas shape domestic space to construct identities outside of gendered, racialized, and xenophobic rhetoric.
