**No Job? No Prob!** Nicholas Nigro, 2008-11-17 In *No Job? No Prob!*, business writer Nicholas Nigro shows readers how to convert unemployment lemons into refreshing lemonade. Offering advice that is at once motivational (“when unemployment comes calling, start walking and don’t look back”), practical (“20 ways to make yourself leave the house at least once a day”), and fun (“20 things you can do with your retired briefcase”), *No Job? No Prob!* is the most well-rounded and optimistic unemployment guide available. It also includes useful quizzes that will help you take stock of what you have, decide what you want, and figure out the best way to get there. Learn how to look forward and still live in the moment—after all, as Orson Scott Card says, “unemployment is capitalism’s way of getting you to plant a garden.”

CIMA F2 BPP Learning Media, 2012-09-01 CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. Paper F2 Financial Management replaces Paper P8 Financial Analysis. The syllabus is very similar to old Paper P8, but students will now meet elementary groups at Paper F1 level prior to studying F2. The syllabus specifically includes share-based payments and the emphasis of ratios has now changed from calculation to interpretation. The main syllabus areas have been changed to: \*

- Group financial statements
- Issues in recognition and measurement
- Analysis and interpretation of financial accounts
- Developments in external reporting

The Study Text focuses on the exam. It provides clear and detailed coverage of the syllabus. Exercises within each chapter cover both basic principles and more detailed issues. In the area of consolidation, these include both complex groups and changes in group structure during the year. Accounting standards are explained and their practical implementation illustrated and tested through appropriate

questions.
