American Panda Gloria Chao, 2019-07-02 "Weepingly funny." —The Wall Street Journal "Delightful." —BuzzFeed "Charmed my socks off." —David Arnold, New York Times bestselling author of *Kids of Appetite* and *Mosquitoland* Four starred reviews for this incisive, laugh-out-loud contemporary debut about a Taiwanese-American teen whose parents want her to be a doctor and marry a Taiwanese Ivy Leaguer despite her squeamishness with germs and crush on a Japanese classmate. At seventeen, Mei should be in high school, but skipping fourth grade was part of her parents' master plan. Now a freshman at MIT, she is on track to fulfill the rest of this predetermined future: become a doctor, marry a preapproved Taiwanese Ivy Leaguer, produce a litter of babies. With everything her parents have sacrificed to make her cushy life a reality, Mei can't bring herself to tell them the truth—that she (1) hates germs, (2) falls asleep in biology lectures, and (3) has a crush on her classmate Darren Takahashi, who is decidedly not Taiwanese. But when Mei reconnects with her brother, Xing, who is estranged from the family for dating the wrong woman, Mei starts to wonder if all the secrets are truly worth it. Can she find a way to be herself, whoever that is, before her web of lies unravels? From debut author Gloria Chao comes a hilarious, heartfelt tale of how, unlike the panda, life isn't always so black and white.

Bei Bei Goes Home: A Panda Story Cheryl Bardoe, 2021-12-06 In August 2015, zookeepers at the National Zoo in Washington, DC, were thrilled to spot a tiny shadow on an ultrasound. For a species as rare as the giant panda, every new cub is cause for celebration. Zoo staff monitored mother Mei Xiang, and within days a newborn appeared, weighing in at just one third of a pound. While Mei Xiang cradled her vulnerable infant, zookeepers monitored the pair day and night through cameras in the panda den, and some two million viewers logged on to the zoo website. First Ladies Michelle Obama and Peng Liyuan hosted a ceremony to announce the cub's name: Bei Bei, meaning precious treasure in Mandarin Chinese. An instant celebrity, the cub captured hearts all over the world. But pandas in zoos are considered emissaries from the People's Republic of China, the only country where they live in the wild. Four years after his birth in America, Bei Bei would embark on an important new mission.--

**Panda** Heather Angel, 2008-02-13 With its large, friendly face and eyes exaggerated by black eye patches, China's national treasure, the giant panda, is instantly recognizable. Giant pandas spend most of their time trying to eat enough bamboo to survive. The rest is spent conserving energy, and solitary pandas can be seen strolling along, stopping to recline on riverside rocks or amongst ferns. The lower body-weight and physical size of panda cubs mean that they have more energy to spend, and are seen climbing trees, play-fighting, doing somersaults and playing with bamboo. Panda is a unique and intimate portrait of one of the world's best-loved animals. The extraordinary lives of the giant panda and the enchanting red panda are captured throughout the seasons in their remote mountain habitat. This selection of over 200 remarkable pictures shows pandas feeding, resting, playing, climbing trees and even sliding down snowy slopes, as well as showcasing the misty peaks and snow-clad forests of the beautiful Sichuan Province of China. Panda is a heart-warming and illuminating tribute to an endangered species that is loved the world over.

Panda Cam Friends of the National Zoo (FONZ), 2006-07-04 What's black and white and cute all over? Tai Shan, the panda cub born at the Smithsonian's National Zoological Park, whose first months of life have attracted millions of rapt visitors to the Zoo website's panda cam! Panda Cam tracks the increasingly ridiculous cuteness of Tai Shan, the National Zoo's baby panda, over his first seven months as shown through the Zoo website's panda cam -- a camera continually trained on the Fujifilm Giant Panda Habitat to capture his every move. With an introduction by Susan Lumpkin, director of communications of Friends of the National Zoo, providing an overview of Tai Shan's life so far, these adorable color photos with corresponding captions feature Tai Shan's cutest moments -- snuggling with his mom, taking his first steps, lounging in his beloved tub, munching on bamboo, climbing trees, and frolicking in the snow. Given the media frenzy that has surrounded every move of the cub's young life, Panda Cam is sure to cause panda-monium among the millions of fans of this panda cub superstar.

Giant Pandas Don Lindburg, Karen Baragona, 2004-08-23 The much-loved giant panda, a secretive denizen of the dense bamboo forests of western China, has become an icon worldwide of progress in conservation and research. This volume, written by an international team of scientists and conservationists including Chinese researchers whose work has not been available in English, tells the promising story of how the giant panda returned from the brink of extinction. The most important sourcebook on giant pandas to date, it is the first book since 1985 to present current panda research and the first to place the species in its biological, ecological, and political contexts. More than a progress report on a highly endangered species, *Giant Pandas: Biology and Conservation* details the combination of scientific understanding, local commitment, and government involvement

that has been brought into play and asks what more needs to be done to ensure the panda's survival. The book is divided into four parts—Evolutionary History of the Giant Panda, Studies of Giant Panda Biology, Pandas and Their Habitats, and Giant Panda Conservation. It combines the latest findings from the field and the laboratory together with panel and workshop summaries from a recent international conference. Taken together, the chapters highlight how international cooperation has led to better management in the wild and in captivity. The volume also shows how concepts such as buffer zones, links between forest fragments, multiple-use areas, and cooperation with local people who have a stake in the resources—highly relevant concepts for conservation problems around the world—have been key to the panda's survival.

The Lady and the Panda Vicki Croke, 2009-03-25 Here is the astonishing true story of Ruth Harkness, the Manhattan bohemian socialite who, against all but impossible odds, trekked to Tibet in 1936 to capture the most mysterious animal of the day: a bear that had for countless centuries lived in secret in the labyrinth of lonely cold mountains. In *The Lady and the Panda*, Vicki Constantine Croke gives us the remarkable account of Ruth Harkness and her extraordinary journey, and restores Harkness to her rightful place along with Sacajawea, Nellie Bly, and Amelia Earhart as one of the great woman adventurers of all time. Ruth was the toast of 1930s New York, a dress designer newly married to a wealthy adventurer, Bill Harkness. Just weeks after their wedding, however, Bill decamped for China in hopes of becoming the first Westerner to capture a giant panda--an expedition on which many had embarked and failed miserably. Bill was also to fail in his quest, dying horribly alone in China and leaving his widow heartbroken and adrift. And so Ruth made the fateful decision to adopt her husband's dream as her own and set off on the adventure of a lifetime. It was not easy. Indeed, everything was against Ruth Harkness. In decadent Shanghai, the exclusive fraternity of white male explorers patronized her, scorned her, and joked about her softness, her lack of experience and money. But Ruth ignored them, organizing, outfitting, and leading a bare-bones campaign into the majestic but treacherous hinterlands where China borders Tibet. As her partner she chose Quentin Young, a twenty-two-year-old Chinese explorer as unconventional as she was, who would join her in a romance as torrid as it was taboo. Traveling across some of the toughest terrain in the world--nearly impenetrable bamboo forests, slick and perilous mountain slopes, and boulder-strewn passages--the team raced against a traitorous rival, and was constantly threatened by hordes of bandits and hostile natives. The voyage took months to complete and cost Ruth everything she had. But when, almost miraculously, she returned from her journey with a baby panda named Su Lin in her arms, the story became an international sensation and made the front pages of newspapers around the world. No animal in history

had gotten such attention. And Ruth Harkness became a hero. Drawing extensively on American and Chinese sources, including diaries, scores of interviews, and previously unseen intimate letters from Ruth Harkness, Vicki Constantine Croke has fashioned a captivating and richly textured narrative about a woman ahead of her time. Part Myrna Loy, part Jane Goodall, by turns wisecracking and poetic, practical and spiritual, Ruth Harkness is a trailblazing figure. And her story makes for an unforgettable, deeply moving adventure.
