The Invention Game. Life is a Story - story.one Isabelle Mierau,2023-08-26 The Invention Game delves into the heart of its thesis: how conceptual fictions can forge alternative realities. It provocatively suggests that societal norms, laws, and even morality are constructs formed by influential ideas. What if pivotal notions had been different? What if a seemingly insignificant change in perspective had reshaped the course of history? As characters grapple with the consequences of their choices, readers are challenged to consider the profound implications of their own beliefs. How have the great inventions of history shaped their lives? How do the ideas they hold dear dictate the world they live in?
