The Nesting Place Myquillyn Smith, 2014-04-29 Create the home--and life--you've always wanted with the help of popular blogger and author of *Cozy Minimalist Home* Myquillyn Smith (The Nester) as she helps you free yourself to take risks and find beauty in imperfection. Myquillyn Smith is all about embracing reality--especially when it comes to decorating a home bursting with kids, pets, and all the unpredictable messes of life. In *The Nesting Place*, Myquillyn shares the secrets of decorating for real people--and it has nothing to do with creating a flawless look to wow your guests and everything to do with making peace with the natural imperfection and joy of daily living. Drawing on her years of experience creating beauty in her 13 different homes and countless seasons of life, Myquillyn will show you how to think differently about the true purpose of your home, and simply and creatively tailor it to reflect you and your unique style--without breaking the bank. Full of simple steps, practical advice, and beautiful, full-color photos, *The Nesting Place* gives you the tools you need to: Cultivate a home that works for you and your family Transform your home into a place that's inviting and warm for family and friends Discover your own personal style There is beauty in embracing the lived-in, loved-on, and just-about-used-up aspects of our homes and our daily lives--let Myquillyn show you how. Praise for *The Nesting Place*: This book made me look at every room in my house differently, with a new lens of creativity and beauty and possibility. It inspired me to reclaim my home as sacred space, ripe with opportunities to celebrate and create memories and moments. --Shauna Niequist, *New York Times* bestselling author of *Present Over Perfect* and *I Guess I Haven't Learned That Yet* This highly personal account about embracing imperfection and finding contentment in your home is like sitting down with a good friend and talking about the stuff that really matters. *The Nesting Place* is full of approachable ideas, encouragement, and a whole lot of heart. --Sherry Petersik, home blogger; bestselling author of *Young House Love*

Place Tim Cresswell, 2014-12-03 Thoroughly revised and updated, this text introduces students of human geography and allied disciplines to the fundamental concept of place, combining discussion about everyday uses of the term with the complex theoretical debates that have grown up around it. • A thoroughly revised and updated edition of this highly successful short introduction to place • Features a new chapter on the use of place in non-geographical arenas, such as in ecological theory, art theory and practice, philosophy, and social theory • Combines discussion about everyday uses of the term 'place' with the more complex theoretical debates that have grown up around it • Uses familiar stories drawn from the news, popular culture, and everyday life as a way to explain abstract ideas and debates • Traces the development of the concept from the 1950s through its subsequent appropriation by cultural geographers, and the linking of place to politics

Government's Place in the Market Eliot Spitzer, 2011-04-18 In his first book, the former New York governor and current CNN cohost offers a manifesto on the economy and the public interest. As New York State Attorney General from 1998 to 2006, Eliot Spitzer successfully pursued corporate crime, including stock price inflation, securities fraud, and predatory lending practices. Drawing on those experiences, in this book Spitzer considers when and how the government should intervene in the workings of the market. The 2009 American bank bailout, he argues, was the wrong way: it understandably

turned government intervention into a flashpoint for public disgust because it socialized risk, privatized benefit, and left standing institutions too big to fail, incompetent regulators, and deficient corporate governance. That's unfortunate, because good regulatory policy, he claims, can make markets and firms work efficiently, equitably, and in service of fundamental public values. Spitzer lays out the right reasons for government intervention in the market: to guarantee transparency, to overcome market failures, and to guard our core values against the market's unfair biases such as racism. With specific proposals to serve those ends—from improving corporate governance to making firms responsible for their own risky behavior—he offers a much-needed blueprint for the proper role of government in the market. Finally, taking account of regulatory changes since the crash of 2008, he suggests how to rebuild public trust in government so real change is possible. Responses to Spitzer by Sarah Binder, Andrew Gelman, and John Sides, Dean Baker, and Robert Johnson, raise issues of politics, ideology, and policy.

The Home Place J. Drew Lanham, 2016-08-22 “A groundbreaking work about race and the American landscape, and a deep meditation on nature...wise and beautiful.”—Helen Macdonald, author of *H is for Hawk* A Foreword Reviews Best Book of the Year and Nautilus Silver Award Winner In me, there is the red of miry clay, the brown of spring floods, the gold of ripening tobacco. All of these hues are me; I am, in the deepest sense, colored. Dating back to slavery, Edgefield County, South Carolina—a place “easy to pass by on the way somewhere else”—has been home to generations of Lanhams. In *The Home Place*, readers meet these extraordinary people, including Drew himself, who over the course of the 1970s falls in love with the natural world around him. As his passion takes flight, however, he begins to ask what it means to be “the rare bird, the oddity.” By turns angry, funny, elegiac, and heartbreaking, *The Home Place* is a meditation on nature and belonging by an ornithologist and professor of ecology, at once a deeply moving memoir and riveting exploration of the contradictions of black identity in the rural South—and in America today. “When you’re done with *The Home Place*, it won’t be done with you. Its wonders will linger like everything luminous.”—Star Tribune “A lyrical story about the power of the wild...synthesizes his own family history, geography, nature, and race into a compelling argument for conservation and resilience.”—National Geographic

Peyton Place Grace Metalious, 2002 Switch off those TVs, kill your mobiles and settle down with the most controversial book ever written. Once denounced as 'wicked', 'sordid', 'cheap' 'moral filth', PEYTON PLACE was the top read of its time and sold millions of copies worldwide. Way before TWIN PEAKS, SURVIVOR or BIG BROTHER, the curtains were twitching in the mythical New England town of Peyton Place, and this soapy story exposed the dirty secrets of 1950s small-town America: incest, abortion, adultery, repression and lust. Take a peek ...

Everything in Its Place Pauline David-Sax, 2022-07-19 An inspiring and poetic story about reading, libraries, and overcoming shyness to find community. I gather the books in my arms, and give them a hug. Welcome back, I whisper. Nicky is a shy girl who feels most at home in the safe space of her school library, but the library closes for a week and Nicky is forced to face her social anxiety. When she meets a group of unique, diverse, inspiring women at her mother's diner—members of a women's motorcycle club—Nicky realizes that being different doesn't have to mean being alone, and that

there's a place for everyone. Book lovers of all ages will find inspiration in this beautiful love letter to reading—and how words help us find empathy and connections with the world around us. ★ Ezra Jack Keats Award Honor A Kirkus Best Book of the Year An Atlanta Parent Best Book of the Year A RISE: A Feminist Book Project Reading List selection An Association for Library Service to Children Notable Book Maine Chickadee Award nominee, 2023-24

Where Are the Women Architects? Despina Stratigakos, 2016-04-12 A timely and important search for architecture's missing women For a century and a half, women have been proving their passion and talent for building and, in recent decades, their enrollment in architecture schools has soared. Yet the number of women working as architects remains stubbornly low, and the higher one looks in the profession, the scarcer women become. Law and medicine, two equally demanding and traditionally male professions, have been much more successful in retaining and integrating women. So why do women still struggle to keep a toehold in architecture? *Where Are the Women Architects?* tells the story of women's stagnating numbers in a profession that remains a male citadel, and explores how a new generation of activists is fighting back, grabbing headlines, and building coalitions that promise to bring about change. Despina Stratigakos's provocative examination of the past, current, and potential future roles of women in the profession begins with the backstory, revealing how the field has dodged the question of women's absence since the nineteenth century. It then turns to the status of women in architecture today, and the serious, entrenched hurdles they face. But the story isn't without hope, and the book documents the rise of new advocates who are challenging the profession's boys' club, from its male-dominated elite prizes to the erasure of women architects from Wikipedia. These advocates include Stratigakos herself and here she also tells the story of her involvement in the controversial creation of Architect Barbie. Accessible, frank, and lively, *Where Are the Women Architects?* will be a revelation for readers far beyond the world of architecture.

Senses of Place Steven Feld, Keith H. Basso, 1996 Eight respected ethnographers explore and evoke the ways in which people experience, express, imagine, and know the places in which they live.

A Place to Read Leigh Hodgkinson, 2017-06-20 When I want to read, what I really, really need, is a place to sit . . . just for a bit. Somewhere comfy, NOT itchy-fuzzy, somewhere quiet, NOT buzz-buzzy. The little reader in this book is having a hard time finding the ideal reading spot. Everywhere has noise, or smells, or is too hot or cold . . . and our reader finds himself with lots of company in each reading spot he considers. But soon we discover the truth about reading books: A book is best anywhere . . . a book is best when you SHARE. Join one small book lover's search for the perfect place to read in this beautifully illustrated picture book by the talented Leigh Hodgkinson.

The People in Pineapple Place Anne Lindbergh, 2011 Ten-year-old August Brown adjusts to his new home in Washington, D.C., with the help of the seven children of Pineapple Place, invisible to everyone but him.

Black in Place Brandi Thompson Summers, 2019-09-09 While Washington, D.C., is still often referred to as Chocolate City, it has undergone significant demographic, political, and economic change in the last decade. In D.C., no place represents this shift better than the H Street corridor. In this book, Brandi Thompson Summers documents D.C.'s shift to a post-chocolate

cosmopolitan metropolis by charting H Street's economic and racial developments. In doing so, she offers a theoretical framework for understanding how blackness is aestheticized and deployed to organize landscapes and raise capital. Summers focuses on the continuing significance of blackness in a place like the nation's capital, how blackness contributes to our understanding of contemporary urbanization, and how it laid an important foundation for how Black people have been thought to exist in cities. Summers also analyzes how blackness—as a representation of diversity—is marketed to sell a progressive, cool, and authentic experience of being in and moving through an urban center. Using a mix of participant observation, visual and media analysis, interviews, and archival research, Summers shows how blackness has become a prized and lucrative aesthetic that often excludes D.C.'s Black residents.

The Old Place Bobby Finger, 2023-08-29 A bighearted and moving debut about a wry retired schoolteacher whose decade-old secret threatens to come to light and send shockwaves through her small Texas town. Billington, Texas, is a place where nothing changes. Well, almost nothing. For the first time in nearly four decades, Mary Alice Roth is not getting ready for the first day of school at Billington High. A few months into her retirement—or, district mandated exile as she calls it—Mary Alice does not know how to fill her days. The annual picnic is coming up, but that isn't nearly enough since the menu never changes and she had the roles mentally assigned weeks ago. At least there's Ellie, who stops by each morning for coffee and whose reemergence in Mary Alice's life is the one thing soothing the sting of retirement. Mary Alice and Ellie were a pair since the day Ellie moved in next door. That they both were single mothers—Mary Alice widowed, Ellie divorced—with sons the same age was a pleasant coincidence, but they were forever linked when they lost the boys, one right after the other. Years later, the two are working their way back to a comfortable friendship. But when Mary Alice's sister arrives on her doorstep with a staggering piece of news, it jeopardizes the careful shell she's built around her life. The whole of her friendship with Ellie is put at risk, the fabric of a place as steadfast as Billington is questioned, and the unflappable, knotty fixture that is Mary Alice Roth might have to change after all.

The Place Michael D. Andrew, 2016-04-21 The Place is a story of life on a small farm in Maine in the 1940s and 1950s. The Place is a general farm that produced nearly all the food and income for a farm family. It also produced a sense of shared purpose and accomplishment, which kept a family together and taught children many valuable life lessons.

The Summer Place Jennifer Weiner, 2023-04-04 From the #1 New York Times bestselling author of *That Summer* comes another “fun, feisty” (The Washington Post) novel of family, secrets, and the ties that bind. When her twenty-two-year-old stepdaughter announces her engagement to her pandemic boyfriend, Sarah Danhauser is shocked. But the wheels are in motion. Headstrong Ruby has already set a date (just three months away!) and spoken to her beloved safta, Sarah's mother Veronica, about having the wedding at the family's beach house in Cape Cod. Sarah might be worried, but Veronica is thrilled to be bringing the family together one last time before putting the big house on the market. But the road to a wedding day usually comes with a few bumps. Ruby has always known exactly what she wants, but as the wedding date approaches, she finds herself grappling with the wounds left by the mother who walked out when she

was a baby. Veronica ends up facing unexpected news, thanks to her meddling sister, and must revisit the choices she made long ago, when she was a bestselling novelist with a different life. Sarah's twin brother, Sam, is recovering from a terrible loss, and confronting big questions about who he is—questions he hopes to resolve during his stay on the Cape. Sarah's husband, Eli, who's been inexplicably distant during the pandemic, confronts the consequences of a long ago lapse from his typical good-guy behavior. And Sarah, frustrated by her husband, concerned about her stepdaughter, and worn out by the challenges of the quarantine, faces the alluring reappearance of someone from her past and a life that could have been. When the wedding day arrives, lovers are revealed as their true selves, misunderstandings take on a life of their own, and secrets come to light. There are confrontations and revelations that will touch each member of the extended family, ensuring that nothing will ever be the same. From "the undisputed boss of the beach read" (The New York Times), *The Summer Place* is a testament to family in all its messy glory; a story about what we sacrifice and how we forgive. Enthralling, witty, big-hearted, and sharply observed, "this first-rate page-turner" (Publishers Weekly) is Jennifer Weiner's love letter to the Outer Cape and the power of home, the way our lives are enriched by the people we call family, and the endless ways love can surprise us.

A City Is Not a Computer Shannon Mattern, 2021-08-10 A bold reassessment of smart cities that reveals what is lost when we conceive of our urban spaces as computers Computational models of urbanism—smart cities that use data-driven planning and algorithmic administration—promise to deliver new urban efficiencies and conveniences. Yet these models limit our understanding of what we can know about a city. *A City Is Not a Computer* reveals how cities encompass myriad forms of local and indigenous intelligences and knowledge institutions, arguing that these resources are a vital supplement and corrective to increasingly prevalent algorithmic models. Shannon Mattern begins by examining the ethical and ontological implications of urban technologies and computational models, discussing how they shape and in many cases profoundly limit our engagement with cities. She looks at the methods and underlying assumptions of data-driven urbanism, and demonstrates how the city-as-computer metaphor, which undergirds much of today's urban policy and design, reduces place-based knowledge to information processing. Mattern then imagines how we might sustain institutions and infrastructures that constitute more diverse, open, inclusive urban forms. She shows how the public library functions as a steward of urban intelligence, and describes the scales of upkeep needed to sustain a city's many moving parts, from spinning hard drives to bridge repairs. Incorporating insights from urban studies, data science, and media and information studies, *A City Is Not a Computer* offers a visionary new approach to urban planning and design.

The Winter Place Alexander Yates, 2015-10-27 Upon their father's death, Tess and her younger brother, Axel, leave New York for their grandparents' home in Finland, where they learn that a bear they both saw is the spirit of their mother, the strange man with her is the keeper of souls, and he wants Axel, already plagued with the disease that killed their mother, to replace him.

In a Lonely Place Dorothy B. Hughes, 2010-05-06 Dix Steele is back in town, and 'town' is post-war LA. His best friend Brub is on the force of the LAPD, and as the two meet in country clubs and beach bars, they discuss the latest case: a strangler is preying on young women in the dark. Dix listens with

interest as Brub describes their top suspect, as yet unnamed. Dix loves the dark and women in equal measure, so he knows enough to watch his step, though when he meets the luscious Laurel Gray, something begins to crack. The American Dream is showing its seamy underside.

In a Place Like No Other Ed Touchette, 2002 Like so many refugees from the social and political turmoil of 1960's America, Frank Noal heads out looking for a new sense of self and place. He emigrates to Gloucester, Massachusetts, the world renowned fishing port, and works as a part time maintenance man and bartender at what remains of the North Shore's last grand hotel, Rackliffe House located on Rocky Neck. Here, Frank becomes enamored of Donna Pearce, a madcap expressionist painter, and involved in a volatile and voluble affair with the Gloucester native. As their relationship develops amidst the eclectic mix of artists, fishermen, poets and tourists frequenting the subterranean bar at Rackliffe House, it becomes apparent to both Frank and Donna that Jack Carson, the hotel's mismanager, the son of Senator Maynard Carson, and Frank's old college roommate, is conducting other business in an illegal and illicit fashion. With the assistance of their friend, the avuncular gay desk clerk, Harley Fenton, they finally uncover the facts regarding Jack's import-export endeavors. As important as the driving forces - the romance of a street savvy independent woman and an obtuse highly educated bartender and the mystery of Jack's convoluted misdeeds - the book speaks to the rampant social dysfunction of the 1970's and the sanctuary offered by the natural and built beauty of places like the world famous fishing port. It relates a time when so many baby boomers experienced a dramatic sense of loss and engaged life courses they never could have imagined. Spiced with the allegories of Frank's boyhood friend, an Abenaki storyteller, the humor and history of Donna Pearce, and the poetry of a beleaguered Viet Nam vet with a head full of shrapnel, the story winds to a bittersweet conclusion as the scene is revisited after the dot com debacle and the corporate scandals of the early Twenty First Century. Please note: The author, Ed Touchette, is a nationally recognized artist and a graduate of the School of Architecture at R.P.I. His work is featured on the cover and ten block prints relating to the architectural history of Gloucester, an integral part of the story, decorate the interior of the book.

The Great Good Place Ray Oldenburg, 1999-08-18 The landmark survey that celebrates all the places where people hang out--and is helping to spawn their revival A New York Times Book Review Editor's Choice Third places, or great good places, are the many public places where people can gather, put aside the concerns of home and work (their first and second places), and hang out simply for the pleasures of good company and lively conversation. They are the heart of a community's social vitality and the grassroots of a democracy. Author Ray Oldenburg portrays, probes, and promotes these great good places--coffee houses, cafes, bookstores, hair salons, bars, bistros, and many others both past and present--and offers a vision for their revitalization. Eloquent and visionary, this is a compelling argument for these settings of informal public life as essential for the health both of our communities and ourselves. And its message is being heard: Today, entrepreneurs from Seattle to Florida are heeding the call of *The Great Good Place*--opening coffee houses, bookstores, community centers, bars, and other establishments and proudly acknowledging their indebtedness to this book.

The Experience of Place Tony Hiss, 2010-09-29 Why do some places--the

concourse of Grand Central Terminal or a small farm or even the corner of a skyscraper--affect us so mysteriously and yet so forcefully? What tiny changes in our everyday environments can radically alter the quality of our daily lives? The Experience of Place offers an innovative and delightfully readable proposal for new ways of planning, building, and managing our most immediate and overlooked surroundings.

Place Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and

much more. One notable platform where you can explore and download free Place PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more

people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Place PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Place free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Place Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device

compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
