Siri, Who Am I? Sam Tschida, 2021-01-12 “A wild ride. . . with endless turns and a happily-ever-after ending fit for a Friday night, feel-good rom-com movie.”—USA Today A Millennial with amnesia uses her Instagram account to piece together her identity in this hilarious and whip-smart comedy about the ups and downs of influencer culture. Mia might look like a Millennial but she was born yesterday. Emerging from a coma with short-term amnesia after an accident, Mia can’t remember her own name until the Siri assistant on her iPhone provides it. Based on her cool hairstyle (undercut with glamorous waves), dress (Prada), and signature lipstick (Chanel), she senses she’s wealthy, but the only way to know for sure is to retrace her steps once she leaves the hospital. Using Instagram and Uber, she arrives at the pink duplex she calls home in her posts but finds Max, a cute, off-duty postdoc supplementing his income with a house-sitting gig. He tells her the house belongs to JP, a billionaire with a chocolate empire. A few texts later, JP confirms her wildest dreams: they’re in love, Mia is living the good life, and he’ll be back that weekend. But as Mia and Max work backward through her Instagram and across Los Angeles to learn more about her, they discover an ugly truth behind her perfect Instagram feed, and evidence that her head wound was no accident. Did Mia have it coming? And if so, is it too late for her to rewrite her story?

To Siri with Love Judith Newman, 2017-08-22 A NEW YORK TIMES NOTABLE BOOK OF 2017 From the author of the viral New York Times op-ed column To Siri with Love comes a collection of touching, hilarious, and illuminating stories about life with a thirteen-year-old boy with autism that hold insights and revelations for us all. When Judith Newman shared the story of how Apple's electronic personal assistant, Siri, helped Gus, her son who has autism, she received widespread media attention and an outpouring of affection from readers around the world. Basking in the afterglow of media attention, Gus told anyone who would listen, I'm a movie star. Judith's story of her son and his bond with Siri was an unusual tribute to technology. While many worry that our electronic gadgets are dumbing us down, she revealed how they can give voice to others, including children with autism like Gus—a boy who has trouble looking people in the eye, hops when he's happy, and connects with inanimate objects on an empathetic level. To Siri with Love is a collection of funny, poignant, and uplifting stories about living with an extraordinary child who has helped a parent see and experience the world differently. From the charming (Gus weeping with sympathy over the buses that would lie unused while the bus drivers were on strike) to the painful (paying \$22,000 for a behaviorist in Manhattan to teach Gus to use a urinal) to the humorous (Gus's insistence on getting naked during all meals, whether at home or not, because he does not want to get his clothes dirty) to the profound (how an automated assistant helped a boy learn how to communicate with the rest of the world), the stories in To Siri with Love open our eyes to the magic and challenges of a life beyond the ordinary.

Siriously Delicious Daly, Siri, 2018-04-17 Popular food blogger and TODAY food contributor Siri Daly shares her collection of cooking triumphs and mistakes, and delicious recipes for people who love food. Like many of us trying to feed our families, Siri Daly is a very busy cook. As a mother of three under the age of 10, TODAY food contributor, and wife of a bicoastal traveling man, Carson Daly (The Voice host and TODAY show co-host), Siri often doesn't know which end is up. Siri is not a serious cook, but she is serious about her food—and what she serves her family, friends and loved ones. Siriously Delicious is organized by how a busy mom gets through her day—breakfast, lunch, happy hour (her favorite!), dinner with sides, and dessert. Siri's recipes are created with three goals in mind: to create food that is delicious and satisfying for both kids and adults, to prepare dishes packed with traditionally comforting flavors and ingredients (think cheese, avocado, chocolate!), and to make each recipe approachable for even a novice cook—no trips to specialty food stores are required. Whether you're looking for easy-to-cook recipes your kids will devour, such as mouth-watering Bacon Pizzadillas, or you're dying to relax with a Spicy Grapefruit Cocktail when the days feel too long, this cookbook has a recipe for every occasion. Siri also includes extra tips to make your time in the kitchen easier: Siriously Simple offers a hack or time-saving tip, Siriously Sinful details how to make something even more indulgent, Siriously Nutritious explains how to make something healthier, and Siriously Mini advises how to satisfy the kiddos. Filled with Siri's often hilarious anecdotes, Siriously Delicious will not only feed your family's bellies but hopefully deliver a belly laugh along the way.
