Behold, the Super Virgin Squad! Gathered together in the V-Cave, this group of unique individuals channel their sexual frustration into superhuman abilities to defend the physically weak, the socially awkward... the geekiest among us! Billy, Paulie, and Stevie's latest mission? To save one of their moms from the presumably slimy seductions of a website swinger! Beware of That Damn Neighbor! Benny Jean and Cletus just want to drink beer and admire their lawn flamingo, but the weirdo next door will not be ignored! Witness a tale of friendship, fame, and freak accidents as Box Man's origin springs to life, in crazy detail! But can a move made in desperation ever go wrong?

Trejo's Tacos Danny Trejo,2020-04-21 Hollywood's baddest good guy shares 75 recipes that make Trejo's Tacos the Los Angeles go-to for award-winning tacos, donuts, and more. Long before he was a Hollywood star, Danny Trejo used to joke with his mom that they should open a restaurant. A few arrests, a couple boxing championships, and more than 300 movies later, Hollywood's favorite bad guy did just that with Trejo's Tacos. His unexpected journey from ex-con to actor to Narcotics Anonymous/Alcoholics Anonymous counselor to successful restaurateur is a true rags-to-riches story. Now, in Trejo's Tacos, Trejo not only shares 75 recipes for cantina favorites like succulent carnitas, vegan cauliflower tacos, and pillowy-sweet cinnamon-sugar lowrider donuts, but offers insights into his life and pays respect to his hometown, his roots, and all of the colorful characters who helped him along the way, creating a delicious tribute to L.A. and the city's vibrant Latino culture.

I Could Chew on This Francesco Marciuliano,2013-07-30 A New York Times bestseller? Oh, you know the dogs weren't going to let the cats get away with that! This canine companion to I Could Pee on This, the beloved volume of poems by cats, I Could Chew on This will have dog lovers laughing out loud. Doggie laureates not only chew on quite a lot of things, they also reveal their creativity, their hidden motives, and their eternal (and sometimes misguided) effervescence through such musings as I Dropped a Ball, I Lose My Mind When You Leave the House, and Can You Smell That? Accompanied throughout by portraits of the canine poets in all their magnificence, I Could Chew on This is a work of unbridled enthusiasm, insatiable appetite, and, yes, creative genius. Plus, this is a fixed-format version of the book, which looks nearly identical to the print version.

How to Destroy America in Three Easy Steps Ben Shapiro,2020-07-21 A NEW YORK TIMES BESTSELLER! A growing number of Americans want to tear down what it’s taken us 250 years to build—and they’ll start by canceling our shared history, ideals, and culture. Traditional areas of civic agreement are vanishing. We can’t agree on what makes America special. We can’t even agree that America is special. We’re coming to the point that we can’t even agree what the word America itself means. “Disintegrationists” say we’re stronger together, but their assault on America’s history, philosophy, and culture will only tear us apart. Who are the disintegrationists? From Howard Zinn’s A People’s History of the United States to the New York Times’ 1619 project, many modern analyses view American history through the lens of competing oppressions, a racist and corrupt experiment from the very beginning. They see American philosophy as a lie – beautiful words pasted over a thoroughly rotted system. They see America’s culture of rights as a façade that merely reinforces traditional hierarchies of power, instead of being the only culture that guarantees freedom for individuals. Disintegrationist attacks on the values that built our nation are insidious because they replace each foundational belief, from the rights to free speech and self-defense to the importance of marriage and faith communities, with nothing more than an increased reliance on the government. This twisted disintegrationist vision replaces the traditional “unionist” understanding that all Americans are united in a shared striving toward the perfection of universal ideals. How to Destroy America in Three Easy Steps shows that to be a cohesive nation we have to uphold foundational truths about ourselves, our history, and reality itself—to be unionists instead of disintegrationists. Shapiro offers a vital warning that if we don’t recover these shared truths, our future—our union—as a great country is threatened with destruction.

I Could Pee on This Francesco Marciuliano,2012-08-03 Animal lovers will laugh out loud at the quirkiness of their feline friends with these insightful and curious poems from the singular minds of funny cats. In this hilarious, bestselling book of tongue-in-cheek poetry. The author of the internationally syndicated comic strip Sally Forth helps cats unlock their creative potential and explain their odd behavior to ignorant humans. With titles like Who Is That on Your Lap?, This Is My Chair, Kneel Before Me, Nudge, and Some of My Best Friends Are Dogs, the poems collected in I Could Pee on This perfectly capture the inner workings of the cat psyche. With photos of the cat authors throughout, this whimsical animal book reveals kitties at their wackiest, and most exasperating (but always lovable). Ideal for that crazy cat lady or cat mom/dad in your life this collection of poems makes for the perfect cat-themed gift for anyone who's obsessed with our feline friends.

Switchblade Honey Warren Ellis,Brandon McKinney,2003 The alien Chasta put their war machine into gear and humankind was suddenly in the worst fight it had ever known - and lost. The solar system will be annexed by the Chasta within the next thirty days. If humankind can't be the U.S. Army anymore, then it will have to be the Viet Cong. Disgraced Captain John Ryder gets a ship and crew and leads them into space as guerrilla fighters. Once clear of the system, they locate a place to hide between sorties and begin fighting. They strike from behind and shoot from cover. If they can't give them hell, Ryder and crew at least give them a hard time. The Chasta throw a ring of steel around the system as they close in on Earth, so Ryder pokes holes in it. They're on their own. No support. Naval vessels won't even recognize their callsign. They don't exist... but they're mankind's last hope.
