

Times

William McDonald

The Book of Times Lesley Alderman,2013-02-12 An endlessly fascinating, beautifully designed survey of time—how long things take, how long things last, and how we spend our days Our relationship to time is complex and paradoxical: Time stands still. Time also flies. Tomorrow is another day. Yet there's no time like the present. We want to do more in less time, but wish we could slow the clock. And despite all our time-saving devices—iPhones, DVRs, high-speed trains—Americans feel that they have less leisure time than ever. In an era when our time feels fractured and imperiled, *The Book of Times* encourages readers to ponder time used and time spent. How long does it take to find a new mate, digest a hamburger, or compose a symphony? How much time do we spend daydreaming, texting, and getting ready for work? The book challenges our beliefs and urges us to consider how, and why, some things get faster, some things slow down, and some things never change (the need for seven to eight hours of sleep). Packed with compelling charts, lists, and quizzes, as well as new and intriguing research, *The Book of Times* is an addictive, browsable, and provocative look at the idea of time from every direction.

The New York Times Book of Broadway Ben Brantley,2001-11-14 This volume, essential for anyone who loves Broadway, includes a full introduction by Ben Brantley, chief theater critic of *The Times*, his selection of 25 of the influential Broadway plays that defined the twentieth century, and his choice of 100 other, memorable plays - right up through plays currently running on Broadway..

The New York Times Book of Physics and Astronomy Cornelia Dean,2013 A treasury of 125 archival articles covers more than a century of scientific breakthroughs, setbacks and mysteries and includes pieces by Pulitzer Prize-winning writers, includes Malcolm W. Browne on antimatter, James Glanz on string theory and George Johnson on quantum physics.

The Capital Times John Nichols,Dave Zweifel,2017-11-29 As Madison's *Capital Times* marks its 100th anniversary in 2017, editors Dave Zweifel and John Nichols recall the remarkable history of a newspaper that served as the tribune of Robert M. La Follette and the progressive movement, earned the praise of Franklin Delano Roosevelt for its stalwart opposition to fascism, battled Joe McCarthy during the Red Scare, championed civil rights, women's rights, and LGBTQ rights, opposed the Vietnam War and the invasion of Iraq, and stood with Russ Feingold when he cast the only US Senate vote against the Patriot Act. *The Capital Times* did not do this from New York or Washington but from the middle of America, with a readership of farmers, factory workers, teachers, and shopkeepers who stood by *The Cap Times* when the newspaper was boycotted, investigated, and attacked for its

determination. At a point when journalism is under assault, when newspapers struggle to survive, and old media struggles to find its way in a digital age, The Capital Times remains unbowed—still living up to the description Lord Francis Williams, the British newspaper editor, wrote 50 years ago: The vast majority of American papers are as dull as weed-covered ditch-water; vast Saharas of cheap advertising with occasional oases of editorial matter written to bring happiness to the Chamber of Commerce and pain and irritation to none; the bland leading the bland.... Just here and there are a few relics of the old fighting muckraking tradition of American journalism, like The Capital Times of Madison.

The New York Times Book of the Dead William McDonald, 2016-10-18 The obituary page of The New York Times is a celebration of extraordinary lives. This groundbreaking book includes 300 of the most important and fascinating obituaries the Times has ever published. The obituary page is the section many readers first turn to not only see who died, but to read some of the most inspiring, insightful, often funny, and elegantly written stories celebrating the lives of the men and women who have influenced our world. William McDonald, The Times' obituary editor who was recently featured in the award-winning documentary *Obit*, selected 320 of the most important and influential obits from the newspaper's archives. In chapters like Stage and Screen, Titans of Business, The Notorious, Scientists and Healers, Athletes, and American Leaders, the entries include a wide variety of newsmakers from the last century and a half, including Annie Oakley, Theodore Roosevelt, Joseph Stalin, Marilyn Monroe, Coco Chanel, Malcolm X, Jackie Robinson and Prince.

Exciting Times Naoise Dolan, 2020-06-02 “This debut novel about an Irish expat millennial teaching English and finding romance in Hong Kong is half Sally Rooney love triangle, half glitzy Crazy Rich Asians high living—and guaranteed to please.” —Vogue A RECOMMENDED BOOK FROM: The New York Times Book Review * Vogue * TIME * Marie Claire * Elle * O, the Oprah Magazine * The Washington Post * Esquire * Harper's Bazaar * Bustle * PopSugar * Refinery 29 * LitHub * Debutiful An intimate, bracingly intelligent debut novel about a millennial Irish expat who becomes entangled in a love triangle with a male banker and a female lawyer Ava, newly arrived in Hong Kong from Dublin, spends her days teaching English to rich children. Julian is a banker. A banker who likes to spend money on Ava, to have sex and discuss fluctuating currencies with her. But when she asks whether he loves her, he cannot say more than I like you a great deal. Enter Edith. A Hong Kong-born lawyer, striking and ambitious, Edith takes Ava to the theater and leaves her tulips in the hallway. Ava wants to be her—and wants her. And then Julian writes to tell Ava he is coming back to Hong Kong... Should

Ava return to the easy compatibility of her life with Julian or take a leap into the unknown with Edith? Politically alert, heartbreakingly raw, and dryly funny, *Exciting Times* is thrillingly attuned to the great freedoms and greater uncertainties of modern love. In stylish, uncluttered prose, Naoise Dolan dissects the personal and financial transactions that make up a life—and announces herself as a singular new voice.

The New York Times Book of Science David Corcoran,2015 Collects over 150 years of science articles from the New York Times, including stories on Einstein, the AIDS crisis, and the Curiosity rover.

Tight Times Barbara Shook Hazen,1983-07 A small boy, not allowed to have a dog because times are tight, finds a starving kitten in a trash can on the same day his father loses his job.

The New York Times Supersized Book of Sunday Crosswords The New York Times,2006-09-19 The biggest, best collection of Sunday crosswords ever published!

The Stranger Times C. K. McDonnell,2021-01-07 'Wonderfully dark, extremely funny' proclaimed ADAM KAY, author of the No.1 bestselling *This is Going to Hurt* 'A filmic romp with great characters, a jet-propelled plot, and a winning premise' said the GUARDIAN JASON MANFORD thinks it's 'Hilarious. You'll never look at Manchester the same way again.' The Chronicles of St Mary's series author JODI TAYLOR declared 'I loved this . . . great premise - great story - great characters . . . hugely enjoyable.' And THE TIMES called it 'ripping entertainment from start to finish.' There are dark forces at work in our world (and in Manchester in particular), so thank God *The Stranger Times* is on hand to report them . . . A weekly newspaper dedicated to the weird and the wonderful (but mostly the weird), it is the go-to publication for the unexplained and inexplicable. At least that's their pitch. The reality is rather less auspicious. Their editor is a drunken, foul-tempered and foul-mouthed husk of a man who thinks little of the publication he edits. His staff are a ragtag group of misfits. And as for the assistant editor . . . well, that job is a revolving door - and it has just revolved to reveal Hannah Willis, who's got problems of her own. When tragedy strikes in her first week on the job *The Stranger Times* is forced to do some serious investigating. What they discover leads to a shocking realisation: some of the stories they'd previously dismissed as nonsense are in fact terrifyingly real. Soon they come face-to-face with darker forces than they could ever have imagined. *The Stranger Times* is the first novel from C.K. McDonnell, the pen name of Caimh McDonnell. It combines his distinctive dark wit with his love of the weird and wonderful to deliver a joyous celebration of how truth really can be stranger than fiction. Readers love *The Stranger Times*: ***** 'A delight from start to finish - laugh out loud funny yet with

plenty of thrills.' ***** 'Full of wit and humour, and knows how to keep the reader hooked.' ***** 'You'll soon fall in love . . . fans of Pratchett, Gaiman, Aaronovich will be blown away.'

Anxious Times Amelia Bonea, Melissa Dickson, Sally Shuttleworth, Jennifer Wallis, 2019-04-09 Much like the Information Age of the twenty-first century, the Industrial Age was a period of great social changes brought about by rapid industrialization and urbanization, speed of travel, and global communications. The literature, medicine, science, and popular journalism of the nineteenth century attempted to diagnose problems of the mind and body that such drastic transformations were thought to generate: a range of conditions or “diseases of modernity” resulting from specific changes in the social and physical environment. The alarmist rhetoric of newspapers and popular periodicals, advertising various “neurotic remedies,” in turn inspired a new class of physicians and quack medical practices devoted to the treatment and perpetuation of such conditions. *Anxious Times* examines perceptions of the pressures of modern life and their impact on bodily and mental health in nineteenth-century Britain. The authors explore anxieties stemming from the potentially harmful impact of new technologies, changing work and leisure practices, and evolving cultural pressures and expectations within rapidly changing external environments. Their work reveals how an earlier age confronted the challenges of seemingly unprecedented change, and diagnosed transformations in both the culture of the era and the life of the mind.

Liquid Times Zygmunt Bauman, 2013-04-17 The passage from ‘solid’ to ‘liquid’ modernity has created a new and unprecedented setting for individual life pursuits, confronting individuals with a series of challenges never before encountered. Social forms and institutions no longer have enough time to solidify and cannot serve as frames of reference for human actions and long-term life plans, so individuals have to find other ways to organise their lives. They have to splice together an unending series of short-term projects and episodes that don’t add up to the kind of sequence to which concepts like ‘career’ and ‘progress’ could meaningfully be applied. Such fragmented lives require individuals to be flexible and adaptable – to be constantly ready and willing to change tactics at short notice, to abandon commitments and loyalties without regret and to pursue opportunities according to their current availability. In liquid modernity the individual must act, plan actions and calculate the likely gains and losses of acting (or failing to act) under conditions of endemic uncertainty. Zygmunt Bauman’s brilliant writings on liquid modernity have altered the way we think about the contemporary world. In this short book he explores the sources of the endemic uncertainty which shapes our lives today and, in so doing, he provides the reader with a brief and accessible introduction to his highly

original account, developed at greater length in his previous books, of life in our liquid modern times.

The New York Times Book of Medicine Gina Bari Kolata, 2015 Features 120 articles on medicine selected from The New York Times' archives.

The New York Times Garden Party Crossword Puzzles The New York Times, 2010-03-16 There's no better way to calm your mind and body than by solving a crossword while enjoying the peace and serenity of a beautiful garden. This volume of 200 New York Times crosswords is perfect for fans to enjoy in the hammock, in the garden, or curled up indoors. Includes: * Big omnibus with hundreds of hours of solving fun * Puzzles of all difficulty levels, perfect for any solver * Edited by the #1 man in American crosswords, Will Shortz.

Niels Bohr's Times Abraham Pais, 1991-10-17 The life of Niels Bohr spanned times of revolutionary change in science itself as well as its impact on society. Along with Albert Einstein, Bohr can be considered to be this century's major driving force behind the new philosophical and mathematical descriptions of the structure of the atom and the nucleus. Abraham Pais, the acclaimed biographer of Albert Einstein, here traces Bohr's progress from his well-to-do origins in late nineteenth-century Denmark to his position at centre stage in the world political scene, particularly during the Second World War and the development of atomic weapons. Pais' description moves through the science as it was before Bohr, as it became because of Bohr, and thence to Bohr's scientific and philosophical legacy. That legacy is contained both in theory as it is now universally enshrined, as well as in its practice in such great Danish institutions as Riso. But more than that, Pais captures the essence of Bohr, the intensely private family figure who, despite appalling personal tragedy, became one of the most loved cultural figures of recent times.

Happy Times Lee Radziwill, 2012 Through a wealth of private photo albums and personal archives, Lee Radziwill offers a unique perspective of happy times. She brings alive, with humor and feeling, privileged moments with family and friends including her sister Jackie Kennedy. 250 photos.

Jesus and His Times Reader's Digest Association, 1987 The life of Jesus the Messiah with a description of the land, social conditions, religious environment, and historical context in which he lived.

The New York Times Book Review The New York Times, 2021-11-02 A "delightful" (Vanity Fair)

collection from the longest-running, most influential book review in America, featuring its best, funniest, strangest, and most memorable coverage over the past 125 years. Since its first issue on October 10, 1896, The New York Times Book Review has brought the world of ideas to the reading public. It is the publication where authors have been made, and where readers first encountered the classics that have enriched their lives. Now the editors have curated the Book Review’s dynamic 125-year history, which is essentially the story of modern American letters. Brimming with remarkable reportage and photography, this beautiful book collects interesting reviews, never-before-heard anecdotes about famous writers, and spicy letter exchanges. Here are the first takes on novels we now consider masterpieces, including a long-forgotten pan of Anne of Green Gables and a rave of Mrs. Dalloway, along with reviews and essays by Langston Hughes, Eudora Welty, James Baldwin, Nora Ephron, and more. With scores of stunning vintage photographs, many of them sourced from the Times’s own archive, readers will discover how literary tastes have shifted through the years—and how the Book Review’s coverage has shaped so much of what we read today.

Official Index to the Times ,1914 Indexes the Times, Sunday times and magazine, Times literary supplement, Times educational supplement, Times educational supplement Scotland, and the Times higher education supplement.

Reviewing Times: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
