The Tools Phil Stutz, Barry Michels, 2012-05-29 NEW YORK TIMES BESTSELLER • Change can begin right now. Learn to bring about dynamic personal growth using five uniquely effective tools—from psychotherapist Barry Michels and psychiatrist Phil Stutz, subject of the Netflix documentary *Stutz*. “These tools are emotional game changers. They do nothing less than deliver you to your best and most powerful self.”—Kathy Freston, author of *Quantum Wellness* The Tools offers a solution to the biggest complaint patients have about therapy: the interminable wait for change to begin. The traditional therapeutic model sets its sights on the past, but psychiatrist Phil Stutz and psychotherapist Barry Michels employ an arsenal of techniques—“the tools”—that allow patients to use their problems as levers that access the power of the unconscious and propel them into action. Suddenly, through this transformative approach, obstacles become new chances—to find courage, embrace discipline, develop self-expression, deepen creativity. A dynamic, results-oriented practice, The Tools aims to deliver relief from persistent problems and restore control and hope right away. Every day presents challenges—big and small—that the tools transform into opportunities to bring about bold and dramatic change in your life. Stutz and Michels teach you how to:

- **Get Unstuck:** Master the things you are avoiding and live in forward motion.
- **Control Anger:** Free yourself from out-of-control rage and never-ending grudges.
- **Express Yourself:** Learn the secret of true confidence and find your authentic voice.
- **Combat Anxiety:** Stop obsessive worrying and negative thinking.
- **Find Discipline:** Activate willpower and make the most of every minute.

With The Tools, Stutz and Michels allow you to realize the full range of your potential. Their goal is nothing less than for your life to become exceptional—exceptional in its resiliency, in its experience of real happiness, and in its understanding of the human spirit.

Coming Alive Barry Michels, Phil Stutz, 2017-08-22 “The tools Barry and Phil teach in *Coming Alive* gave me the courage and clarity to align myself with the truth—no matter how hard or painful it seemed at the time.”—Gwyneth Paltrow Tap into the Life Force with this critical and contemporary guide to unlocking our most powerful selves—from the bestselling authors of *The Tools* (and *Goop*’s resident shrink). Phil Stutz and Barry Michels’s tools will be featured in an upcoming Netflix original documentary directed by Jonah Hill and co-produced by Joaquin Phoenix In *The Tools*, Michels and Stutz revolutionized the world of personal growth. Now, in *Coming Alive*, they guide readers toward a wellspring of positive energy: the source of creativity, renewal, and engagement. The first step in gaining mastery over one’s life—in deepening both emotional and spiritual experiences—is identifying the enemy within, which Michels and Stutz have named Part X. This formidable adversary is a shape-shifter: it may be the voice in your head that is a torrent of negativity; it may take the form of outside forces that conspire against you. In whatever guise it appears, Part X aims to derail your progress, keep you small and stuck, and defeat hope. The four vital tools in *Coming Alive* help you connect to the Life Force—a wellspring of positive energy that is the source of creativity, renewal, confidence, and engagement—and harness the energy and will to combat Part X. Drawing insights from their decades of psychotherapeutic practice, their lived experience, and their moving and generous understanding of our interconnectedness, Michels and Stutz have created a paradigm-shifting guide to achieving optimal mental health and spiritual well-being. Praise for *Coming Alive* “What a gift! A riveting exploration of four (bone-chillingly relatable) modern ailments and their thrillingly practical solutions . . . Singular in its approach and deeply spiritual in its concerns, *Coming Alive* is a book I’ll be pressing on friends and foes alike.”—Maria Semple, author of *Where’d You Go, Bernadette*

The Effective Manager Mark Horstman, 2016-07-05 The how-to guide for exceptional management from the bottom up *The Effective Manager* is a hands-on practical guide to great management at every level. Written by the man behind *Manager Tools*, the world’s number-one business podcast, this book distills the author’s 25 years of management training expertise into clear, actionable steps to start taking today. First, you’ll identify what effective management actually looks like: can you get the job done at a high level? Do you attract and retain top talent without burning them out? Then you’ll dig into the four critical behaviors that make a manager great, and learn how to adjust your own behavior to be the leader your team needs. You’ll learn the four major tools that should be a part of every manager’s repertoire, how to use them, and even how to introduce them to the team in a productive, non-disruptive way. Most management books are written for CEOs and geared toward improving corporate management, but this book is expressly aimed at managers of any level—with a behavioral framework designed to be tailored to your team’s specific needs. Understand your team’s strengths, weaknesses, and goals in a meaningful way Stop limiting feedback to when something goes wrong Motivate your people to continuous improvement Spread the work around and let people stretch their skills Effective managers are good at the job and good at people. The key is combining those skills to foster your team’s development, get better and better results, and maintain a culture of positive productivity. *The Effective Manager* shows you how to

turn good into great with clear, actionable, expert guidance.
