

WARS

Peter C. Rollins, John E. O'Connor

Resource Wars Michael Klare, 2002 Klare argues that wars in the near future will be fought over the control of dwindling natural resources like oil and water.

Book Wars John B. Thompson, 2021-03-04 This book tells the story of the turbulent decades when the book publishing industry collided with the great technological revolution of our time. From the surge of ebooks to the self-publishing explosion and the growing popularity of audiobooks, Book Wars provides a comprehensive and fine-grained account of technological disruption in one of our most important and successful creative industries. Like other sectors, publishing has been thrown into disarray by the digital revolution. The foundation on which this industry had been based for 500 years – the packaging and sale of words and images in the form of printed books – was called into question by a technological revolution that enabled symbolic content to be stored, manipulated and transmitted quickly and cheaply. Publishers and retailers found themselves facing a proliferation of new players who were offering new products and services and challenging some of their most deeply held principles and beliefs. The old industry was suddenly thrust into the limelight as bitter conflicts erupted between publishers and new entrants, including powerful new tech giants who saw the world in very different ways. The book wars had begun. While ebooks were at the heart of many of these conflicts, Thompson argues that the most fundamental consequences lie elsewhere. The print-on-paper book has proven to be a remarkably resilient cultural form, but the digital revolution has transformed the industry in other ways, spawning new players which now wield unprecedented power and giving rise to an array of new publishing forms. Most important of all, it has transformed the broader information and communication environment, creating new challenges and new opportunities for publishers as they seek to redefine their role in the digital age. This unrivalled account of the book publishing industry as it faces its greatest challenge since Gutenberg will be essential reading for anyone interested in books and their future.

On War Carl von Clausewitz, 1908

Wars within a War Joan Waugh, Gary W. Gallagher, 2009-06-01 Comprised of essays from twelve leading scholars, this volume extends the discussion of Civil War controversies far past the death of the Confederacy in the spring of 1865. Contributors address, among other topics, Walt Whitman's poetry, the handling of the Union and Confederate dead, the treatment of disabled and destitute northern veterans, Ulysses S. Grant's imposing tomb, and Hollywood's long relationship with the Lost Cause narrative. The contributors are William Blair, Stephen Cushman, Drew Gilpin Faust, Gary W. Gallagher, J. Matthew Gallman, Joseph T. Glatthaar, Harold Holzer, James Marten, Stephanie McCurry, James M. McPherson, Carol Reardon, and Joan Waugh.

Currency Wars James Rickards, 2012-08-28 In 1971, President Nixon imposed national price controls and took the United States off the gold standard, an extreme measure intended to end an ongoing currency war that had destroyed faith in the U.S. dollar. Today we are engaged in a new currency war, and this time the consequences will be far worse than those that confronted Nixon. Currency wars are one of the most destructive and feared outcomes in international economics. At best, they offer the sorry spectacle of countries' stealing growth from their trading partners. At worst, they degenerate into sequential bouts of inflation, recession, retaliation, and sometimes actual violence. Left unchecked, the next currency war could lead to a crisis worse than the panic of 2008. Currency wars have happened before—twice in the last century alone—and they always end badly. Time and again, paper currencies have collapsed, assets have been frozen, gold has been confiscated, and capital controls have been imposed. And the next crash is overdue. Recent headlines about the debasement of the dollar, bailouts in Greece and Ireland, and Chinese currency manipulation are all indicators of the growing conflict. As James Rickards argues in *Currency Wars*, this is more than just a concern for economists and investors. The United States is facing serious threats to its national security, from clandestine gold purchases by China to the hidden agendas of sovereign wealth funds. Greater than any single threat is the very real danger of the collapse of the dollar itself. Baffling to many observers is the rank failure of economists to foresee or prevent the economic catastrophes of recent years. Not only have their theories failed to prevent calamity, they are making the currency wars worse. The U. S. Federal Reserve has engaged in the greatest gamble in the history of finance, a sustained effort to stimulate the economy by printing money on a trillion-dollar scale. Its solutions present hidden new dangers while resolving none of the current dilemmas. While the outcome of the new currency war is not yet certain, some version of the worst-case scenario is almost inevitable if U.S. and world economic leaders fail to learn from the mistakes of their predecessors. Rickards untangles the web of failed paradigms, wishful thinking, and arrogance driving current public policy and points the way toward a more informed and effective course of action.

Obama's Wars Bob Woodward, 2010-09-27 In *Obama's Wars*, Bob Woodward provides the most intimate and sweeping portrait yet of the young president as commander in chief. Drawing on internal memos, classified documents, meeting notes and hundreds of hours of interviews with most of the key players, including the president, Woodward tells the inside story of Obama making the critical decisions on the Afghanistan War, the secret campaign in Pakistan and the worldwide fight against terrorism. At the core of *Obama's Wars* is the unsettled division between the civilian leadership in the White House and the United States military as the president is thwarted in his efforts to craft an exit plan for the Afghanistan War. “So what’s my option?” the president asked his war cabinet, seeking alternatives to the Afghanistan commander’s request for 40,000 more troops in late 2009. “You have essentially given me one option. ...It’s unacceptable.” “Well,” Secretary of Defense Robert Gates finally said, “Mr. President, I think we owe you that option.” It never came. An untamed Vice President Joe Biden pushes relentlessly to limit the military mission and avoid another Vietnam. The vice president frantically sent half a dozen handwritten memos by secure fax to Obama on the eve of the final troop decision. President Obama’s ordering a surge of 30,000 troops and pledging to start withdrawing U.S. forces by July 2011 did not end the skirmishing. General David Petraeus, the new Afghanistan commander, thinks time can be added to the clock if he shows progress. “I don’t think you win this war,” Petraeus said privately. “This is the kind of fight we’re in for the rest of our lives and probably our kids’ lives.” Hovering over this debate is the possibility of another terrorist attack in the United States. The White House led a secret exercise showing how unprepared the government is if terrorists set off a nuclear bomb in an American city—which Obama told Woodward is at the top of the list of what he worries about all the time. Verbatim quotes from secret debates and White House strategy sessions—and firsthand accounts of the thoughts and concerns of the president, his war council and his generals—reveal a government in conflict, often consumed with nasty infighting and fundamental disputes. Woodward has discovered how the Obama White House really works, showing that even more tough decisions lie ahead for the cerebral and engaged president. *Obama's Wars* offers the reader a stunning, you-are-there account of the president, his White House aides, military leaders, diplomats and intelligence chiefs in this time of turmoil and danger.

History Wars Tom Engelhardt, Edward T. Linenthal, 1996-08-15 From the taming of the West to the dropping of the atomic bomb on Hiroshima, the portrayal of the past has become a battleground at the heart of American politics. What kind of history Americans should read, see, or fund is no longer merely a matter of professional interest to teachers, historians, and museum curators. Everywhere now, history is increasingly being held hostage, but to what end and why? In *History Wars*, eight prominent historians consider the angry swirl of emotions that now surrounds public memory. Included are trenchant essays by Paul Boyer, John W. Dower, Tom Engelhardt, Richard H. Kohn, Edward Linenthal, Michael S. Sherry, Marilyn B. Young, and Mike Wallace.

Why We Fought Peter C. Rollins, John E. O'Connor, 2008-07-25 A “wide-ranging and sophisticated anthology” comparing theaters of war to wars in the movie theater (Dennis Showalter, author of *Patton* and *Rommel*). *Why We Fought* makes a powerful case that film can be as valuable a tool as primary documents for improving our understanding of the causes and consequences of war. A comprehensive look at war films, from depictions of the American Revolution to portrayals of September 11 and its aftermath, this volume contrasts recognized history and historical fiction with the versions appearing on the big screen. The text considers a selection of the pivotal war films of all time, including *All Quiet on the Western Front*, *Sands of Iwo Jima*, *Apocalypse Now*, *Platoon*, and *Saving Private Ryan*—revealing how film depictions of the country’s wars have shaped our values, politics, and culture, and offering a unique lens through which to view American history. Named as a Choice Outstanding Academic Title

Fallen Soldiers: Reshaping the Memory of the World Wars George L. Mosse, 1991-12-12 At the outbreak of the First World War, an entire generation of young men charged into battle for what they believed was a glorious cause. Over the next four years, that cause claimed the lives of

some 13 million soldiers--more than twice the number killed in all the major wars from 1790 to 1914. But despite this devastating toll, the memory of the war was not, predominantly, of the grim reality of its trench warfare and battlefield carnage. What was most remembered by the war's participants was its sacredness and the martyrdom of those who had died for the greater glory of the fatherland. War, and the sanctification of it, is the subject of this pioneering work by well-known European historian George L. Mosse. *Fallen Soldiers* offers a profound analysis of what he calls the Myth of the War Experience--a vision of war that masks its horror, consecrates its memory, and ultimately justifies its purpose. Beginning with the Napoleonic wars, Mosse traces the origins of this myth and its symbols, and examines the role of war volunteers in creating and perpetuating it. But it was not until World War I, when Europeans confronted mass death on an unprecedented scale, that the myth gained its widest currency. Indeed, as Mosse makes clear, the need to find a higher meaning in the war became a national obsession. Focusing on Germany, with examples from England, France, and Italy, Mosse demonstrates how these nations--through memorials, monuments, and military cemeteries honoring the dead as martyrs--glorified the war and fostered a popular acceptance of it. He shows how the war was further promoted through a process of trivialization in which war toys and souvenirs, as well as postcards like those picturing the Easter Bunny on the Western Front, softened the war's image in the public mind. The Great War ended in 1918, but the Myth of the War Experience continued, achieving its most ruthless political effect in Germany in the interwar years. There the glorified notion of war played into the militant politics of the Nazi party, fueling the belligerent nationalism that led to World War II. But that cataclysm would ultimately shatter the myth, and in exploring the postwar years, Mosse reveals the extent to which the view of death in war, and war in general, was finally changed. In so doing, he completes what is likely to become one of the classic studies of modern war and the complex, often disturbing nature of human perception and memory.

Dirty Wars Jeremy Scahill, 2013-06-04 This enhanced edition for Nook features over thirty images, including film stills from the Oscar-nominated documentary *Dirty Wars*, as well as exclusive photographs of Scahill's reporting in Yemen and Somalia. This edition also features interactive color maps, as well as seven short videos that include the film trailer, clips from the film, and interviews with Scahill. In the video interviews, Scahill shares his insights on the history of drones, President Obama's hawkish foreign policies, and the killing of Anwar al-Awlaki. In *Dirty Wars*, Jeremy Scahill, author of the New York Times best-seller *Blackwater*, takes us inside America's new covert wars. The foot soldiers in these battles operate globally and inside the United States with orders from the White House to do whatever is necessary to hunt down, capture or kill individuals designated by the president as enemies. Drawn from the ranks of the Navy SEALs, Delta Force, former *Blackwater* and other private security contractors, the CIA's Special Activities Division and the Joint Special Operations Command (JSOC), these elite soldiers operate worldwide, with thousands of secret commandos working in more than one hundred countries. Funded through "black budgets," Special Operations Forces conduct missions in denied areas, engage in targeted killings, snatch and grab individuals and direct drone, AC-130 and cruise missile strikes. While the Bush administration deployed these ghost militias, President Barack Obama has expanded their operations and given them new scope and legitimacy. *Dirty Wars* follows the consequences of the declaration that "the world is a battlefield," as Scahill uncovers the most important foreign policy story of our time. From Afghanistan to Yemen, Somalia and beyond, Scahill reports from the frontlines in this high-stakes investigation and explores the depths of America's global killing machine. He goes beneath the surface of these covert wars, conducted in the shadows, outside the range of the press, without effective congressional oversight or public debate. And, based on unprecedented access, Scahill tells the chilling story of an American citizen marked for assassination by his own government. As US leaders draw the country deeper into conflicts across the globe, setting the world stage for enormous destabilization and blowback, Americans are not only at greater risk—we are changing as a nation. Scahill unmasks the shadow warriors who prosecute these secret wars and puts a human face on the casualties of unaccountable violence that is now official policy: victims of night raids, secret prisons, cruise missile attacks and drone strikes, and whole classes of people branded as "suspected militants." Through his brave reporting, Scahill exposes the true nature of the dirty wars the United States government struggles to keep hidden.

Israel's Wars Ahron Bregman, 2002 During the twentieth century, Israel has achieved notoriety, witnessing almost constant conflict and violence. This book is a masterly account of Israel's wars with the Palestinians and the Arabs. From the 1947-8 Jewish-Palestinian struggle for the possession and mastery of the land of Palestine, through Israel's wars with its Arab neighbours, to the Al-Aqsa Intifada, this book unearths new insights and exposes unknown facts for the first time. It reveals secrets relating to the Soviets' involvement in inciting the June 1967 Six Day War, the Israeli bombing of the American USS *Liberty*, President Sadat's right-hand man, who was a top agent of Mossad and the Israeli assassinations of leading Palestinians during the Al-Aqsa Intifada.

To End All Wars, New Edition Thomas J. Knock, 2019-03-19 A close look at Woodrow Wilson's political thought and international diplomacy In the widely acclaimed *To End All Wars*, Thomas Knock provides an intriguing, often provocative narrative of Woodrow Wilson's epic quest for a new world order. This book follows Wilson's thought and diplomacy from his policy toward revolutionary Mexico, through his dramatic call for "Peace without Victory" in World War I, to the Senate's rejection of the League of Nations. Throughout, Knock reinterprets the origins of internationalism in American politics, sweeping away the view that isolationism was the cause of Wilson's failure and revealing the role of competing visions of internationalism—conservative and progressive.

American Civil Wars Don H. Doyle, 2017-02-02 *American Civil Wars* takes readers beyond the battlefields and sectional divides of the U.S. Civil War to view the conflict from outside the national arena of the United States. Contributors position the American conflict squarely in the context of a wider transnational crisis across the Atlantic world, marked by a multitude of civil wars, European invasions and occupations, revolutionary independence movements, and slave uprisings—all taking place in the tumultuous decade of the 1860s. The multiple conflicts described in these essays illustrate how the United States' sectional strife was caught up in a larger, complex struggle in which nations and empires on both sides of the Atlantic vied for the control of the future. These struggles were all part of a vast web, connecting not just Washington and Richmond but also Mexico City, Havana, Santo Domingo, and Rio de Janeiro and--on the other side of the Atlantic--London, Paris, Madrid, and Rome. This volume breaks new ground by charting a hemispheric upheaval and expanding Civil War scholarship into the realms of transnational and imperial history. *American Civil Wars* creates new connections between the uprisings and civil wars in and outside of American borders and places the United States within a global context of other nations. Contributors: Matt D. Childs, University of South Carolina Anne Eller, Yale University Richard Huzzey, University of Liverpool Howard Jones, University of Alabama Patrick J. Kelly, University of Texas at San Antonio Rafael de Bivar Marquese, University of Sao Paulo Erika Pani, College of Mexico Hilda Sabato, University of Buenos Aires Steve Sainlaude, University of Paris IV Sorbonne Christopher Schmidt-Nowara, Tufts University Jay Sexton, University of Oxford

What Do We Know about War? John A. Vasquez, 2012-03-16 *What Do We Know about War?* reviews the research on causes of war and the conditions of peace over the past forty-five years. Leading scholars explore the critical roles of territorial disputes, alliances, arms races, rivalry, and nuclear weapons in bringing about war as well as the factors promoting peace, including democracy, norms, stable borders, and capitalist economies. Considering what has been learned about the causes of war and the conditions of peace in the ten years since the publication of the first edition, this invaluable text offers an accessible and up-to-date overview of current knowledge and an agenda for future research. Contributions by: Brett V. Benson, Paul F. Diehl, Colin Flint, Daniel S. Geller, Douglas M. Gibling, Gary Goertz, Paul R. Hensel, Choong-Nam Kang, Jack S. Levy, Zeev Maoz, Sara McLaughlin Mitchell, Michael Mousseau, Karen Rasler, Susan G. Sample, William R. Thompson, Brandon Valeriano, John A. Vasquez, and Peter Wallensteen.

The War That Will End War H.G. Wells, 2021-01-01 H.G. Wells was one of the greatest writers of the 20th century. Wells was a prolific author in many genres including history, politics, and social commentary.

The Routledge Introduction to American War Literature Jennifer Haytock, 2018-05-11 War and violence have arguably been some of the strongest influences on literature, but the relation is complex: more than just a subject for story-telling, war tends to reshape literature and culture. Modern war literature necessarily engages with national ideologies, and this volume looks at the specificity of how American literature deals with the emotional, intellectual, social, political, and economic contradictions that evolve into and out of war. Raising questions about how American ideals of

independence and gender affect representations of war while also considering how specifically American experiences of race and class interweave with representations of combat, this book is a rich and coherent introduction to these texts and critical debates.

Between the Wars Philip Ziegler,2017-03-07 At the end of 1918 one prescient American historian began to write a history of the Great War. What will you call it? he was asked. The First World War was his bleak response. In *Between the Wars* Philip Ziegler examines the major international turning points - cultural and social as well as political and military - that led the world from one war to another. His perspective is panoramic, touching on all parts of the world where history was being made, giving equal weight to Gandhi's March to the Sea and the Japanese invasion of China as to Hitler's rise to power. It is the tragic story of a world determined that the horrors of the First World War would never be repeated yet committed to a path which in hindsight was inevitably destined to end in a second, even more devastating conflict.

The Holy Wars of King Wladislas and Sultan Murad John Jefferson,2012-08-17 The Holy Wars of King Wladislas and Sultan Murad presents a detailed account of the conflict between Christendom and the Ottoman Empire from 1438-1444, which culminated in the Crusade of Varna.

Introduction to Global Military History Jeremy Black,2006-09-27 Completely unique in its global scope, this major text does what no other book in the field does: provides students with an excellent account of modern military history with analysis of strategy, as well as tactical and operational developments in the field of war. Carefully written by a highly renowned author, this book has been widely praised by American and UK reviewers for its astonishing grasp of detail and its encyclopedic knowledge. Arranged chronologically, it spans the American War of Independence, through the French Revolution, right up to the latest conflicts in the 2000s. Specially designed to be user-friendly, *Introduction to Global Military History* offers: chapter introductions and conclusions to assist study and revision ‘voices of war’ – sourced extracts from the field of war case studies in each chapter to support the narrative and provoke discussion vivid engravings, plans, paintings, and photos to bring the conflicts alive a twelve page colour map section plus twenty-one other integrated maps annotated references from the latest publications in the field. Jeremy Black covers all aspects of military conflict, masterfully combining the study of tactics and war strategy with the social, cultural and political consequences of war.

WARS Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading WARS free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading WARS free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an

advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading WARS free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading WARS. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading WARS any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About WARS Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. WARS is one of the best book in our library for free trial. We provide copy of WARS in digital format, so the resources that you find are reliable. There are also many Ebooks of related with WARS. Where to download WARS online for free? Are you looking for WARS PDF? This is definitely going to save you time and cash in something you should think about.
