*Choose Yourself!* James Altucher, 2013 The world is changing. Markets have crashed. Jobs have disappeared. Industries have been disrupted and are being remade before our eyes. Everything we aspired to for “security,” everything we thought was “safe,” no longer is: College. Employment. Retirement. Government. It's all crumbling down. In every part of society, the middlemen are being pushed out of the picture. No longer is someone coming to hire you, to invest in your company, to sign you, to pick you. It's on you to make the most important decision in your life: Choose Yourself.

New tools and economic forces have emerged to make it possible for individuals to create art, make millions of dollars and change the world without “help.” More and more opportunities are rising out of the ashes of the broken system to generate real inward success (personal happiness and health) and outward success (fulfilling work and wealth). This book will teach you to do just that. With dozens of case studies, interviews and examples—including the author, investor and entrepreneur James Altucher's own heartbreaking and inspiring story—Choose Yourself illuminates your personal path to building a bright, new world out of the wreckage of the old.

**Bring Yourself** Mori Taheripour, 2020-03-24 A look at how relationships can drive successful negotiation, from an award-winning faculty member at the Wharton School of Business. Contrary to conventional wisdom about what makes a good negotiator - namely, being aggressive and unemotional - in *Bring Yourself*, Taheripour offers a radically different perspective. In her own life, and in her more than 15 years of experience teaching negotiation, she's found that the best negotiators are empathetic, curious, and present. The essence of bargaining isn't the transaction, but the conversation and human connection. It is when we bring our whole, authentic selves to the table that we can advocate for ourselves fearlessly and find creative solutions that benefit everyone. Taheripour has seen the power of this mindset shift firsthand. In her consulting, her classes at Wharton, and in her work teaching negotiation for the Goldman Sachs 10,000 Small Businesses program, her students and clients experience personal breakthroughs as they face the fears and false narratives that held them back. *Bring Yourself* explains how our pressure points, personal experience, and even our cultural expectations can become roadblocks to finding common ground, and it offers essential strategies to move beyond them and open our minds. Taheripour argues that regardless of our own perceived ability to negotiate, we must have the courage to engage because bargaining plays a crucial role in every aspect of our lives. We negotiate boundaries with our parents and partners, bedtimes with our kids, and even with ourselves every time we make a pros and cons list to weigh a major decision. Negotiation is how we problem solve and how we find our voice. With eye-opening and empowering stories throughout, *Bring Yourself* helps readers gain the confidence they need to achieve their goals in work and in life. Timely and provocative, this paradigm-shifting book can transform our world and the way we work together.

*Making the Case for Yourself* Susan Estrich, 1998 Why is it that professional women can be so totally competent when it comes to taking care of business and so totally inept when it comes to taking care of themselves? Working women tend to put the needs of everyone around them, from their families and friends to their bosses and coworkers, ahead of their own health and well-being-placing themselves at risk by putting themselves last. Susan Estrich exposes these dangerous ways of thinking and other life-threatening habits as she makes a clear, compelling case for recognizing your body as your primary resource. Estrich brings her experience as both a lifelong dieter and a professor of law to the table, teaching you to think like a

lawyer when it comes to defending your diet. She has anticipated every objection-from I just don't have the time to I ate the donut because it was there-and has the appropriate rebuttals at the ready. Estrich helps you to construct an argument that will keep you focused and committed until the results are their own reward. Beginning with a three-week commitment (you will actually be asked to sign a contract), she shows you how to play by your own rules, how to make a diet work for you, and how to identify your weaknesses and overcome them-just as you do in the rest of your life. Most of all, Estrich makes the case for investing wisely in yourself. Frank, funny, savvy, and empowering, *Making the Case for Yourself* is a diet book that engages your mind in the fight for your body.

**Save Yourself** Cameron Esposito, 2020-03-24 This hilarious and honest bestselling memoir from a rising comedy star tackles issues of gender, sexuality, feminism, and the Catholic childhood that prepared her for a career as an outspoken lesbian comedian (Abby Wambach). Cameron Esposito wanted to be a priest and ended up a stand-up comic. Now she would like to tell the whole queer as hell story. Her story. Not the sidebar to a straight person's rebirth-she doesn't give a makeover or plan a wedding or get a couple back together. This isn't a queer tragedy. She doesn't die at the end of this book, having finally decided to kiss the girl. It's the sexy, honest, bumpy, and triumphant dyke's tale her younger, wasn't-allowed-to-watch-Ellen self needed to read. Because there was a long time when she thought she wouldn't make it. Not as a comic, but as a human. **SAVE YOURSELF** is full of funny and insightful recollections about everything from coming out (at a Catholic college where sexual orientation wasn't in the nondiscrimination policy) to how joining the circus can help you become a better comic (so much nudity) to accepting yourself for who you are-even if you're, say, a bowl cut-sporting, bespectacled, gender-nonconforming child with an eye patch (which Cameron was). Packed with heart, humor, and cringeworthy stories anyone who has gone through puberty, fallen in love, started a career, or had period sex in Rome can relate to, Cameron's memoir is for that timid, fenced-in kid in all of us-and the fearless stand-up yearning to break free. **INDIE BESTSELLER WASHINGTON POST BESTSELLER SEATTLE TIMES BESTSELLER ONE OF BUSTLE'S MOST ANTICIPATED BOOKS OF MARCH**
