Monster Academy Jane Yolen,Heidi E. Y. Stemple,2018-08-28 Where do monsters go to school? Monster Academy! And anything can happen when your teacher is Miss Mummy. It's not like any other school, but if you're a little monster, you'll fit right in! Come along with Principal Frank N. Stein into a bright, energetic classroom where the class pet is a big purple boa constrictor, recess is in a swamp, and class bats help build a Creepy Castle in the Monster Maker's Lab. When Tornado Jo, a new student, roars into class, a storm is brewing. Who could ever guess that her new best friend will be a vampire, and she'll help him find his missing fang? Award-winning writer Jane Yolen teams up with her daughter, Heidi, to present colorful monster children who have familiar human issues such as making friends and learning to help others. In a final twist, Tornado Jo -- the worst behaved student -- is revealed to be an out-of-control human, not a monster after all. Oh, no! Monsters are more afraid of humans than we are of them! Everybody runs! Laugh-aloud humor is enhanced by John McKinley's highly imaginative illustrations loaded with fun and hidden jokes tucked into the art. An irresistible romp from start to finish!

Trickster Academy Jenny L. Davis, 2022-02-08 Trickster Academy is a full-length collection of poems that explore the experience of being Native in Academia—from land acknowledgment statements to the criteria for tenure and the histories of using Native American remains within Anthropology. Organized around the premise of the Trickster Academy, a university space run by and meant for training tricksters, this collection moves between the personal dynamics of a two-spirit Indigenous woman in spaces where there are few others, and a trickster's critique of those same spaces. But these realities aren't specific only to those in academic positions—from leaving home, to being the only Indian in the room, to having to deal with the constant pressures to being a 'real Indian', they are shared experiences of Indians across many different regions, and all of us who live among tricksters--

Beast Academy Practice 3A Jason Batterson, Shannon Rogers, 2012-03 Beast Academy Practice 3A is aligned to the 2010 Common Core State Standards for 3rd grade mathematics. The Academy Ed Ruggero, 1997 At the military academy in West Point an officer's wife seduces a man to save her husband's career and the academy. The husband injured a cadet after drinking, a grave matter, and the incident threatens to fuel a senator's campaign to close the academy as a tax-wasting ivory tower.

Academy of Six Aleera Anaya Ceres, A. K. Koonce, 2019-07-07 Deadly monsters live in all of us. The Academy of Six has just never seen a monster as terribly mundane as Izara Castillo. And that is a dangerous problem. She has four semesters to not only understand her supernatural abilities, but harness them as well. Everything at the Academy is a disaster, from Interdimensional Travels through hell to the other hell they like to call Gym. Bullies push her, test her, and simply try to kill her. A few broodingly protective roommates and a scary fake boyfriend could help. Or make her life impossibly harder. Pretend to date the emotionally detached demon, they said. What's the worst that could happen, they said. It's make or break within this prison of a school. If she succeeds, she'll finally know what she's capable of, who she truly is, and where she came from. If she fails...she dies. This is Reverse Harem series containing M/M themes. Recommended for readers 18 and over.

The Academy Katie Sise, 2018-05-22 The Devil Wears Prada meets Private Benjamin in this funny and charming story of a fashionista teen blogger who gets sent to military school, perfect for fans of Sarah Mlynowski and Kasie West. Frankie Brooks knows what she wants in life: to become the world's next great fashion editor. All she needs to do is get into the elite American Fashion Academy in New York City. If she gets in, her life plans will be going right on schedule. Anna Wintour, watch out. But after Frankie messes up one too many times—hey, it's hard not to prioritize her acclaimed fashion blog above all else—her parents come up with entirely different plans for her future: military school. How is Frankie, the least athletic person in the world, who knows absolutely nothing about the military, going to survive a whole semester at the famed—and feared—Academy? With classmates who seem to be totally uninterested in her, a course load that's even more difficult than her old school's, and the weird War Games competition she has to join, Frankie finds that her life is way tougher than it used to be. And no one, including her roommate Joni, seems to understand Frankie at all. As she learns how to cope with impossible military drills and intimidating specialized classes and is maybe even falling for super-hot and super-smart cadet Jack Wattson, can Frankie prove to everyone that being a fashionista doesn't mean she can't succeed?

Azyl Academy Chris Vines,2019-08-07 I was getting ready to graduate, with only one semester left, when I took a ski trip with my fiancée and ended up dying to save a little girl's life. This wasn't the end, though, as a deity chose me to save another world. I woke up in the body of Kupiec Aiden, in a world where magic was real. Unfortunately, unlike many isekai novels I've read, I retained none of his memories, and had to learn everything. His family took me in, and I recovered from his sickness before learning about magic, or Aether as they called it. I discovered that I had immense innate talent in Aether Gathering, and was offered a scholarship to attend Azyl Academy, the city's premier institution. Where do I fit in this world, and how am I going to be key to saving it?
