My Autumn Book Wong Herbert Yee,2015-08-04 Crisp air and gray skies beckon a little girl to thoroughly investigate the outside world: chipmunks, squirrels, insects, and fallen leaves all hint that a change of season is coming. Young readers can explore the signs of autumn along with the adventurous child narrator in this charming conclusion to Wong Herbert Yee's series on the seasons (Tracks in the Snow, Who Likes Rain? and Summer Days and Nights).

Autumn Ali Smith,2017-02-07 SHORTLISTED FOR THE 2017 MAN BOOKER PRIZE A NEW YORK TIMES AND GUARDIAN BEST BOOK OF 2017 Autumn. Season of mists and mellow fruitfulness. That's what it felt like for Keats in 1819. How about Autumn 2016? Daniel is a century old. Elisabeth, born in 1984, has her eye on the future. The United Kingdom is in pieces, divided by a historic, once-in-a-generation summer. Love is won, love is lost. Hope is hand-in-hand with hopelessness. The seasons roll round, as ever. Ali Smith's new novel is a meditation on a world growing ever more bordered and exclusive, on what richness and worth are, on what harvest means. It is the first installment of her Seasonal quartet—four stand-alone books, separate yet interconnected and cyclical (as the seasons are)—and it casts an eye over our own time. Who are we? What are we made of? Shakespearean *jeu d'esprit*, Keatsian melancholy, the sheer bright energy of 1960s pop art: the centuries cast their eyes over our own history making. Here's where we're living. Here's time at its more contemporaneous and its most cyclic. From the imagination of the peerless Ali Smith comes a shape-shifting series, wide-ranging in time-scale and light-footed through histories, a story about aging and time and love and stories themselves.

Jenni Green's family vacation has finally arrived! Even though she has to deal with her annoying little brother, her slightly overbearing dad, and her very pregnant mom, she gets to spend a week with her bestest friend in the world, Autumn. But twelve-year-old Jenni's world turns upside down when she takes an old elevator to visit Autumn and discovers that everything has changed: not only is her friend in a different condo, but tragedy has struck Autumn's family, Jenni's mother has had her baby, and everyone is a year older. When Jenni realizes that the elevator caused her to skip a whole year, she tries to go back, but soon finds that fixing things won't be as easy as pressing a button. How can she alter the past and keep her family and Autumn's from falling apart? With honesty and insight, Liz Kessler explores how the bonds of family and friendship can endure through time.
