The No Club Linda Babcock, Brenda Peyser, Lise

Vesterlund, Laurie Weingart, 2022-05-03 In this “long overdue manifesto on gender equality in the workplace, a practical playbook with tips you can put into action immediately...simply priceless” (Angela Duckworth, bestselling author of *Grit*), *The No Club* offers a timely solution to achieving equity at work: unburden women’s careers from work that goes unrewarded. The No Club started when four women, crushed by endless to-do lists, banded together to get their work lives under control. Running faster than ever, they still trailed behind male colleagues. And so, they vowed to say no to requests that pulled them away from the work that mattered most to their careers. This book reveals how their over-a-decade-long journey and subsequent groundbreaking research showing that women everywhere are unfairly burdened with “non-promotable work,” a tremendous problem we can—and must—solve. All organizations have work that no one wants to do: planning the office party, screening interns, attending to that time-consuming client, or simply helping others with their work. A woman, most often, takes on these tasks. In study after study, professors Linda Babcock (bestselling author of *Women Don’t Ask*), Brenda Peyser, Lise Vesterlund, and Laurie Weingart—the original “No Club”—document that women are disproportionately asked and expected to do this work. The imbalance leaves women overcommitted and underutilized as companies forfeit revenue, productivity, and top talent. The No Club walks you through how to change your workload, empowering women to make savvy decisions about the work they take on. The authors also illuminate how organizations can reassess how they assign and reward work to level the playing field. With hard data, personal anecdotes

from women of all stripes, self- and workplace-assessments for immediate use, and innovative advice from the authors' consulting Fortune 500 companies, this book will forever change the conversation about how we advance women's careers and achieve equity in the 21st century.

The Club Ellery Lloyd, 2022-03-01 A REESE'S BOOK CLUB PICK INSTANT NEW YORK TIMES BESTSELLER "Are you ready for the roller coaster ride that is *The Club*? . . . A beautifully written, densely plotted murder mystery that takes place at a private club off the coast of England. Read about a luxurious, celeb-only island during a weekend of partying and ultimately murder." —Reese Witherspoon (Reese's Book Club March '22 Pick) From the author of *People Like Her* comes a smart and sinister murder mystery set in the secretive world of exclusive celebrity clubs. Everyone's Dying to Join . . . The Home Group is a glamorous collection of celebrity members' clubs dotted across the globe, where the rich and famous can party hard and then crash out in its five-star suites, far from the prying eyes of fans and the media. The most spectacular of all is Island Home—a closely-guarded, ultraluxurious resort, just off the English coast—and its three-day launch party is easily the most coveted A-list invite of the decade. But behind the scenes, tensions are at breaking point: the ambitious and expensive project has pushed the Home Group's CEO and his long-suffering team to their absolute limits. All of them have something to hide—and that's before the beautiful people with their own ugly secrets even set foot on the island. As tempers fray and behavior worsens, as things get more sinister by the hour and the body count piles up, some of Island Home's members will begin to wish they'd never made the guest list. Because at this club, if your name's on the list, you're not getting out.

The Real Metaphysical Club Frank X. Ryan,Brian E. Butler,James A. Good,2019-05-01 A full account of the Metaphysical Club, featuring the members' philosophical writings and four critical essays. The Metaphysical Club, a gathering of intellectuals in the 1870s, is widely recognized as the crucible where pragmatism, America's distinctively original philosophy, was refined and proclaimed. Louis Menand's bestseller about the group was a dramatic publishing success. However, only three actual members—Oliver Wendell Holmes Jr., Charles S. Peirce, and William James—appear in the book, alongside other thinkers who were never in the Club. *The Real Metaphysical Club* tells the full story of how this influential group shifted the course of philosophy in America. In addition to pioneering pragmatism, the group explored radical empiricism and idealism, and formulated personalism and process philosophy, equally important developments. This volume contains the important writings dating from 1870 to 1885 by the real members of the Metaphysical Club. The first section centers on pragmatism and science; the second part collects writings of the lawyers; and the third part covers idealist and personalist philosophers. Many of these writings have never been reprinted before, and nothing like this impressive collection has ever

been attempted. A general introduction provides a narrative history, and the editors' three introductions to the volume's sections vividly bring to life the intense meetings, sustained debates, and pioneering thought of the Metaphysical Club. "The Real Metaphysical Club includes some very important thinkers that don't always make it into anthologies of American philosophy. The period is also important. 1870 to 1885 is critical to the development of classical American philosophy. It precedes it and sets its direction. The book accomplishes its goal of giving the reader a sense of the period by arranging the works in a very interesting way. The readings and introduction are very readable and would be helpful to both graduate and undergraduate students as well as general readers interested in American Thought."

Dudley Sports Football Club Joe Forrest,2021-09-16 As the year comes to an end, with all of us isolated from each other by this pandemic, I realize that the football club in which I have been heavily involved in is now 40 years old. I decided to put down in words those who care to share my memories of the club. The best place to start, so I'm told, is at the very beginning, so that would be 1976. (Yes, I know that is more than 40 years ago.) I had recently left lye town football club and really had no more interest in any involvement with football. Joan and I started to frequent the birch coppice pub on Friday nights, where we always met up with a great bunch of lads from quarry bank. Several of these lads all worked together at M&G trailers in lye and played for the local football team, Dunn's banks rovers. During a conversation, I was told the manager at M&G trailers wanted to speak to me. As I pointed out, I was not looking for a job, so

I inquired as to why he wanted to see me. It turned out he himself managed a local works team in Brierley hill and was looking for someone to take over the first team. my initial feelings were forget it, I'm not interested, but after several of the lads continuously bringing it up every week, it got to the point I said I would go along and meet this bloke, really, just out of courtesy. So up to the trailers I go, ask if I can see the works manager and become bombarded with questions: what's your name, have you got an appointment, what is it about. I was just about to say 'bollocks I'm off' when this bloke pops his head round the corner. "Are you Joe, I'm Alan bishop". That was the start of a great friendship with Alan and his wife Shirley.

Called Black Magic, it promised the players good fortune at the expense of those who have wronged them. Yeah, right.But when the club members' luck starts skyrocketing'and horror befalls their enemies'the game stops being a joke. How can they end the power they've unleashed? Answers lie in an old diary'but ending the game may be deadlier than any curse.
