Through a Glass Darkly Ronald Hoffman, Mechal Sobel, Fredrika J. Teute, 1997 These thirteen original essays are provocative explorations in the construction and representation of self in America's colonial and early republican eras. Highlighting the increasing importance of interdisciplinary research for the field of early America

Darkly Leila Taylor, 2019-11-12 A fascinating journey into the dark heart of the American gothic that analyzes its connections to race and racism in 21st-century America. Haunted houses, bitter revenants and muffled heartbeats under floorboards—the American gothic is a macabre tale based on a true story. Part memoir and part cultural critique, *Darkly* explores American culture's inevitable gothic in the traces left from chattel slavery. The persistence of white supremacy and the ubiquity of Black death feeds a national culture of terror and a perpetual undercurrent of mourning. If the gothic narrative is metabolized fear, if the goth aesthetic is

A Scanner Darkly Philip K. Dick, 1977 Bob Arctor is a dealer of the lethally addictive drug Substance D. Fred is the police agent assigned to tail and eventually bust him. To do so, Fred takes on the identity of a drug dealer named Bob Arctor. And since Substance D—which Arctor takes in massive doses—gradually splits the user's brain into two distinct, combative entities, Fred doesn't realize he is narcing on himself. Caustically funny, eerily accurate in its depiction of junkies, scam artists, and the walking brain-dead, Philip K. Dick's industrial-grade stress test of identity is as unnerving as it is enthralling.

In a Glass Darkly Joseph Sheridan Le Fanu, 2022-11-13 *In a Glass Darkly* is a collection of five different tales, presented as selections from the posthumous papers of the occult detective Dr. Martin Hesselius. The title is taken from 1 Corinthians 13:12, a deliberate misquotation of the passage which describes humanity as perceiving the world through a glass darkly. *Green Tea* - An English clergyman named Jennings confides to Hesselius that he is being followed by a demon in the form of an ethereal monkey, invisible to everyone else, which is trying to invade his mind and destroy his life. Hesselius writes letters to a Dutch colleague about the victim's condition, which gets steadily worse with time as the creature steps up its methods, all of which are purely psychological. *The Familiar* - A sea captain, living in Dublin, is stalked by *The Watcher*, a strange dwarf who resembles a person from his past. *Mr. Justice Harbottle* - A cruel judge in the Court of Common Pleas, Elijah Harbottle, finds himself under attack by vengeful spirits, and in a disturbing dream he is condemned to death by a monstrous doppelgänger. The story is set between 1746 and 1748. *The Room in the Dragon Volan* - notable mystery story, in 26 chapters, which includes the theme of premature burial. *Carmilla* - A tale of a lesbian vampire, set in Styria, Austria. This story was to greatly influence Bram Stoker in writing *Dracula*. Joseph Thomas Sheridan Le Fanu (1814 - 1873) was an Irish writer of Gothic tales and mystery novels. He was a leading ghost-story writer of the nineteenth century and was central to the development of the genre in the Victorian era. M. R. James described Le Fanu as absolutely in the first rank as a writer of ghost stories.

Jesus Darkly Rafael Rodriguez, 2018-12-04 New Testament students have not always been well served by study of the historical Jesus, which tends to segregate Jesus from his significance vis-à-vis Israel's scriptures and God's agenda as this is developed among the New Testament writers in the living context of a faith community's memory. The witness of scripture does in fact help us remember Jesus well. From beginning to end, the Bible tells the story of God putting God's family back together. Its plot develops in multiple, sometimes competing, ways. It exhibits the full range of human emotions and, perhaps surprisingly, it claims that these are also God's emotions. But on every page, we hear the call of a God whose family has chosen an early inheritance instead of an intimate relationship. That God - pictured as a parent, often a father - beckons God's children, inviting them to return and to sit at the table, clothed by mercy and affirmed as God's very family.

Through a Glass Darkly Trevor Blakemore, 1913

A Darkly Radiant Vision Gary Dorrien, 2023-07-25 The third and final volume in the first comprehensive history of Black social Christianity, by the "greatest theological ethicist of the twenty-first century" (Michael Eric Dyson) The Black social gospel is a tradition of unsurpassed and ongoing importance in American life, argues Gary Dorrien in his groundbreaking trilogy on the history of Black social Christianity. This concluding volume, an interpretation of the tradition since the early 1970s, follows Dorrien's award-winning *The New Abolition: W. E. B. Du Bois and the Black Social Gospel* and *Breaking White Supremacy: Martin Luther King Jr. and the Black Social Gospel*. Beginning in the shadow of Martin Luther King Jr., Dorrien examines the past fifty years of this intellectual and activist tradition, interpreting its politics, theology, ethics, social criticism, and social justice organizing. He argues that Black social Christianity is today an intersectional tradition of discourse and activist religion that interrelates liberation theology, womanist theology, antiracist politics, LGBTQ+ theory, cultural criticism, progressive religion, broad-based interfaith organizing, and global solidarity politics. *A Darkly Radiant Vision* features in-depth discussions of Andrew Young, Jesse Jackson, Samuel DeWitt Proctor, Gayraud Wilmore, James Cone, Cornel West, Katie Geneva Cannon, Stacey Floyd-Thomas, Traci Blackmon, William J. Barber II, Raphael G. Warnock, and many others.

Through a Screen Darkly Martha Bayles,2014-01-21 "How the vulgarization of American popular culture has distorted the image of the United States for millions of people around the world."—Francis Fukuyama, New York Times bestselling author What does the world admire most about America? Science, technology, higher education, consumer goods—but not, it seems, freedom and democracy. Indeed, these ideals are in global retreat, for reasons ranging from ill-conceived foreign policy to the financial crisis and the sophisticated propaganda of modern authoritarians. Another reason, explored for the first time in this pathbreaking book, is the distorted picture of freedom and democracy found in America's cultural exports. In interviews with thoughtful observers in eleven countries, Martha Bayles heard many objections to the violence and vulgarity pervading today's popular culture. But she also heard a deeper complaint: namely, that America no longer shares the best of itself. Tracing this change to the end of the Cold War, Bayles shows how public diplomacy was scaled back, and in-your-face entertainment became America's de facto ambassador. This book focuses on the present and recent past, but its perspective is deeply rooted in American history, culture, religion, and political thought. At its heart is an affirmation of a certain ethos—of hope for human freedom tempered with prudence about human nature—that is truly the aspect of America most admired by others. And its author's purpose is less to find fault than to help chart a positive path for the future. "An extremely intelligent mix of reporting, analysis, and policy prescription."—Robert Asahina, author of *Just Americans* "Informative, witty, and thought-provoking."—Peter L. Berger, author of *Invitation to Sociology*

Through a Lens Darkly Marjorie Hewitt Suchocki,2015-01-16 What if we ask questions concerning sin and redemption outside of the religious or theological milieu? After all, sin functions something like religious code language for that which is problematic in human existence. But all humans deal with our fragility and our penchant for harming ourselves or others, and all humans seek to resolve these issues. Might the religious community learn from those outside our gates? Accordingly, in this book a theologian seeks to gain insight from the way seven outstanding filmmakers of our time set up the problems of human existence and seek to resolve them over a series of their films. Explore with her how Clint Eastwood, Woody Allen, Spike Lee, the Coen brothers, John Sayles, Ang Lee, and Terrence Malick define human problems and explore resolutions; mark the overlap with Christianity, but more importantly, ponder the contrasts. You'll never watch films the same way again!

A Glass Darkly Ray Coleman,2014-10-28 The influence of money loans on global affairs appears to be driven by corrupt banking and large scale investors who manipulate the markets. Leonora is drawn into this ruthless world when she meets Dr Sean Doherty. Leonora is a privileged woman schooled in the arts, raised among gentry who are seriously wealthy. Richard is a poor farmers son. They meet in the woods surrounding her familys stately home and become young sweethearts. Richard is called up to serve in Britains dirty war in Kenya and when he returns they marry, resulting in Leonoras disinheritance. Their financial ruin finally wrecks the marriage. They take lovers who change their perceptions of life but their abiding love for each other rides out the storm.

An Image Darkly Forming Bani Shorter,2015-08-11 Originally published in 1987, a well-known Jungian analyst, the late Bani Shorter writes here about how women are initiated into becoming themselves. Her book was an important contribution to the field of analytical psychology at the time, as well as to the increasingly popular study of women's spirituality. In former times transitions from one stage of life to another were prepared for and marked by ritual initiation; in modern times this necessity is overlooked and women's natural development is made more difficult as a consequence. Through working in close therapeutic relationships with women, Bani Shorter found that when challenged by crises and transitions in their lives, today's women instinctively create rituals nevertheless to mark their journey towards maturation, wholeness and meaning. In this process they discover something of who they are and recognise dimensions of themselves which have been previously repressed and undreamed of. The stories unfolded here can be a guide for all women through their own rites of passage.
