The Deal Elle Kennedy, 2023-11-14 New York Times bestseller Elle Kennedy brings you the first in the sexy Off-Campus series that everyone is talking about. She's about to make a deal with the college bad boy . . . Hannah Wells has finally found someone who turns her on. But while she might be confident in every other area of her life, she's carting around a full set of baggage when it comes to sex and seduction. If she wants to get her crush's attention, she'll have to step out of her comfort zone and make him take notice . . . even if it means tutoring the annoying, childish, cocky captain of the hockey team in exchange for a pretend date . . . and it's going to be oh so good All Garrett Graham has ever wanted is to play professional hockey after graduation, but his plummeting GPA is threatening everything he's worked so hard for. If helping a sarcastic brunette make another guy jealous will help him secure his position on the team, he's all for it. But when one unexpected kiss leads to the wildest sex of both their lives, it doesn't take long for Garrett to realize that pretend isn't going to cut it. Now he just has to convince Hannah that the man she wants looks a lot like him. Praise for Elle Kennedy: 'Delicious, complicated and drama-filled . . . I read it in one sitting, and you will, too' L. Trump: The Art of the Deal Donald J. Trump, Tony Schwartz, 2009-12-23 President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal "Trump makes one believe for a moment in the American dream again."—The New York Times "Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet."—Chicago Tribune "Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed."—Boston Herald "A chatty, generous, chutzpa-filled autobiography."—New York Post

DEAL Michael S. Vigil, 2014-06-26 There were always two hotel rooms. One for his counterparts doing the surveillance and one he used as the stage to play a ruthless Mexican drug trafficker making the deal for enormous amounts of cocaine, marijuana or heroin. One small slip of the tongue, or a slight bead of sweat on the brow could result in his violent, painful death. He was willing to do anything to convince the dangerous criminals he was one of them. Whether showing them a million dollars cash packed in a suitcase, flashing a bag of diamonds, buying rounds of drinks for everyone in a nightclub, whatever it took to make them believe he was as greed-filled and callous as they were. It was a spectacular cat and mouse game with the ultimate reward of sitting next to a hand cuffed cartel head on a flight headed to prison. It was listening to him beg for his freedom, offer millions in bribes, threaten his life and both knowing he had won.

The Deal Harry Brooks, 2017-12-08 Scottie Roberts is a high-profile criminal defense attorney who represents some of the country's most well-known mafiosi. One of his clients, Sammy Costello, asks him to help negotiate a deal to buy a mega entertainment conglomerate. Sammy wants him in on the deal because Scottie's boyhood friend Joey Torino is a priest who works at the Vatican Bank and he feels he can help finance the deal. Things become complicated when Anthony Longo, another boyhood friend of Scottie's, turns up seeking revenge for his father's murder, claiming that Scottie was involved. The story takes you from the streets of Chicago to the glitter of Hollywood and then behind the scenes in Las Vegas. You will see firsthand how Vatican City, a sovereign state, controls its finances through the Vatican Bank, which has been dogged for decades by scandals involving the illegal transfer of funds and money laundering. You will meet people like Soraya Dubi, a millionaire California real estate person who

becomes Scottie's partner; Alice, Scottie's secretary who, unbeknownst to him, leads two separate lives; and Maurice Gross, the owner of Entertainment World. Negotiating is part of everyday life, but in business, it's absolutely critical to success. Scottie is not only a top defense attorney, he is also an expert in negotiating a deal. Emotion, luck, and magic have no place in a successful negotiation. It takes an iron gut, street smarts, and unblinking discipline to make a good deal; and Scottie has them all.

Here's the Deal Kellyanne Conway, 2022-05-24 Among the Trump era's savviest insiders, one name stands especially tall: Kellyanne. As a highly respected pollster for corporate and Republican clients and a frequent television talk show guest, Kellyanne Conway had already established herself as one of the brightest lights on the national political scene when Donald Trump asked her to run his presidential campaign. She agreed, delivering him to the White House, becoming the first woman in American history to manage a winning presidential campaign, and changing the American landscape forever. Who she is, how she did it, and who tried to stop her is a fascinating story of personal triumph and political intrigue that has never been told...until now. In *Here's The Deal*, Kellyanne takes you on a journey all the way to the White House and beyond with her trademark sharp wit, raw honesty, and level eye. It's all here: what it's like to be dissected on national television. How to outsmart the media mob. How to outclass the crazy critics. How to survive and succeed male-dominated industries. What happens when the perils of social media really hit home. And what happens when the divisions across the country start playing out in one's own family. In this open and vulnerable account, Kellyanne turns the camera on herself. What she has to share—about our politics, about the media, about her time in the White House, and about her personal journey—is an astonishing glimpse of visibility and vulnerability, of professional and personal highs and lows, and ultimately, of triumph.

The Next Deal Andrei Cherny, 2008-01-07 American politics today is run on scandal and sound bites because our politicians have become disconnected from the government and public that they serve. Vast changes brought about by the information revolution and the global economy-and by the new Choice Generation of Americans under the age of thirty-have yet to impact America's centralized, one-size-fits-all government programs. Enter Andrei Cherny, who uses his unique vantage point as a twentysomething with experience working closely with the President and Vice President of the United States to consider what these vast changes will mean for American government and society. Cherny convincingly argues that Americans are coming to demand a Choice Revolution in government-expanding democracy by taking decision-making power out of the hands of experts and putting back into the hands of ordinary people. But more individual power doesn't mean just more individualism. Cherny proposes a truly interactive government in which increased government responsiveness is met with an increased commitment on the part of the public to the common good.
