

Folk

Larry Sandberg,Dick Weissman

Folk Zoe Gilbert,2018-02-08 A captivating, magical and haunting debut novel of breathtaking imagination, from the winner of the 2014 Costa Short Story Award LONGLISTED FOR THE 2019 INTERNATIONAL DYLAN THOMAS PRIZE 'That rare thing: genuinely unique' OBSERVER 'Will win you over ... Magical' THE TIMES 'Absolutely stunning. I loved it' MADELINE MILLER, AUTHOR OF CIRCE On the remote island of Neverness, the villagers' lives are entwined with nature: its enchantments, seductions and dangers. There is May, the young fiddler who seeks her musical spirit; Madden Lightfoot, who flies with red kites; and Verlyn Webbe, born with a wing for an arm. Over the course of a generation, their desires, gossip and heartbreak interweave to create a staggeringly original world, crackling with echoes of ancient folklore.

Which Side Are You On? Dick Weissman,2005-01-01 A history, with a personal touch, of the American folk music revival is penned by a recording artist, songwriter, and former member of the Journeymen.

The Folk Music Sourcebook Larry Sandberg,Dick Weissman,1989-08-21 This revised and updated book is a guide for the listener, collector, singer, player and devotee of folk music. It covers music from string band to bluegrass, Canadian, Creole, Zydeco, jug bands, ragtime and the many kinds of blues. The book evaluates, reviews and recommends on such subjects as where to buy records and instruments and places where folk music flourishes.

Skin Folk Nalo Hopkinson,2015-01-27 The SFWA Grand Master's award-winning collection "combines a richly textured multicultural background with incisive storytelling" (Library Journal). In Skin Folk, with works ranging from science fiction to Caribbean folklore, passionate love to chilling horror, Nalo Hopkinson is at her award-winning best, spinning tales like "Precious," in which the narrator spews valuable coins and gems from her mouth whenever she attempts to talk or sing. In "A Habit of Waste," a self-conscious woman undergoes elective surgery to alter her appearance; days later she's shocked to see her former body climbing onto a public bus. In "The Glass Bottle Trick," the young protagonist ignores her intuition regarding her new husband's superstitions—to horrifying consequences. Hopkinson's unique pacing and vibrant dialogue sets a steady beat for stories that illustrate why she received the John W. Campbell Award for Best New Writer. Entertaining, challenging, and alluring, Skin Folk is not to be missed. Praise for Nalo Hopkinson and the World Fantasy Award-winning Skin Folk "Hopkinson's prose is vivid and immediate." —The Washington Post Book World "An important new writer." —The Dallas Morning News "Her descriptions of ordinary people finding themselves in extraordinary circumstances ring true, the result of her strong evocation of place and her ear for dialect." —Publishers Weekly "A marvelous display of Nalo Hopkinson's talents, skills and insights into the human conditions of life, especially of the fantastic realities of the Caribbean . . . Everything is possible in her imagination." —Science Fiction Chronicle

Folk Songs of the Southern Appalachians as Sung by Jean Ritchie Jean Ritchie,1997-03-06 This new edition has faithfully retained all seventy-seven line scores of the songs and added four new ones, Loving Hannah, Lovin' Henry, Her Mantle So Green, and The Reckless and Rambling Boy. The original headnotes and photographs tell the history of the song as well as how it became a part of the family's life. Chords are indicated for accompaniment; however, music notation and the printed word can present only a reasonable facsimile of any actual song.

Hollow Folk Mandel Sherman,Thomas Robert Henry,1933 A study of Colvin hollow, Needles hollow, Oakton hollow, Rigby hollow and Briarsville in the Blue Ridge.

The New Penguin Book of English Folk Songs Julia Bishop,Steve Roud,2012-06-07 One of the Spectator's Books of the Year 2012 'Farewell and adieu to you fair Spanish ladies Farewell and adieu to you ladies of Spain For we've received orders for to sail for old England But we hope in a short while to see you again' One of the great English popular art forms, the folk song can be painful, satirical, erotic, dramatic, rueful or funny. They have thrived when sung on a whim to a handful of friends in a pub; they have bewitched generations of English composers who have set them for everything from solo violin to full orchestra; they are sung in concerts, festivals, weddings, funerals and with nobody to hear but the singer. This magical new collection brings together all the classic folk songs as well as many lesser-known discoveries, complete with music and annotations on their original sources and meaning. Published in cooperation with the English Folk Dance and Song Society, it is a worthy successor to Ralph Vaughan Williams and A.L.Lloyd's original Penguin Book of English Folk Songs. 'Her keen eye did glitter like the bright stars by night The robe she was wearing was costly and white Her bare neck was shaded with her long raven hair And they called her pretty Susan, the pride of Kildare' In association with EFDSS, the English Folk Dance and Song Society

Romancing the Folk Benjamin Filene,2000 In American music, the notion of roots has been a powerful refrain, but just what constitutes our true musical traditions has often been a matter of debate. As Benjamin Filene reveals, a number of competing visions of America's musical past have vied fo

Folk Music in the United States Bruno Nettl,1976-02-01 Folk Music in the United States gives readers a broad overview of many kinds of folk music found in this country, from the songs of rural Appalachia and New England through the indigenous music of the American Indians and the African music brought by slaves, to the folk songs of European minorities. It traces the way folk music lives in the modern city, in the academic world, and in the contemporary music of American composers. The book introduces readers to the study of folk music as a kind of music and as an aspect of human culture. It uses music as an index to understanding American culture while it introduces readers to various concepts in the field of ethnomusicology.

The Alabama Folk Lyric Ray Broadus Browne,1979 Alabamians have always been a singing people. The settlers who moved into the various sections of the state brought with them songs which reflected their national origins and geographical backgrounds, and as they spread into the hills and over the lowlands they created new songs out of the conditions under which they lived. Also, they absorbed songs from outside sources whenever these pieces could be adapted to their sentiments and ways of life. Thus, by a process of memory, composition and recreation they developed a rich body of folk songs. The following collection a part of the effort to discover and preserve these songs.

Making Fairy Folk Steffi Stern,2022-01-31 Another fun set of projects to enjoy this fast-growing popular craft, from the author of Making Needle-Felted Animals In this new title there are 30 magical characters to make, from fairies and sprites to gnomes and wildlife. Hand-drawn illustrations and clear instructions show every stage of the projects which are suitable for all levels of expertise. Fabulously engaging photographs throughout complement the illustrations and bring each character to life.

Polkabilly James Leary,2010-11-18 While the Goose Island Ramblers are a remarkable group, they are entirely representative of the many bands who, from the 1920s through the 90s, have synthesized an array of foreign, American, folk, popular, and hillbilly musical strains to entertain rural, small town, working class audiences throughout the Midwest. Based on more than twenty years of field research, this study of the Goose Island Ramblers alters our perception of what American folk music really is. The music of the Ramblers - decidedly upper Midwest, multicultural, and inescapably American - argues for a most inclusive, fluid notion of American folk music, one that exchanges ethnic hierarchy for egalitarianism, that stresses process over pedigree, and that emphasizes the pluralism of American musical culture. Rootsy, constantly evolving, and wildly eclectic, the polkabilly music of the Ramblers constitutes the American folk music norm, redefining in the process our understanding of American folk traditions.

The Folk Ross Cole,2021-09-07 Who were 'the folk'? This question has haunted generations of radicals and reactionaries alike. The Folk traces the musical culture of these elusive figures in Britain and the US during a crucial period from 1870 to 1930, and beyond to the contemporary alt-right. It follows an insistent set of disputes surrounding the practice of collecting, ideas of racial belonging, the poetics of nostalgia, and the pre-history of European fascism. It is the biography of a people who exist only as a symptom of the modern imagination and the archaeology of a landscape directing the flow of global politics today--

Folk-etymology Abram Smythe Palmer,1882

The Golden Age of Folk and Fairy Tales ,2013-03-15 In the late 18th and early 19th centuries, attitudes toward history and national identity fostered a romantic rediscovery of folk and fairy tales. This is the period

of the Golden Age of folk and fairy tales, when European folklorists sought to understand and redefine the present through the common tales of the past, and long neglected stories became recognized as cultural treasures. In this rich collection, distinguished expert of fairy tales Jack Zipes continues his lifelong exploration of the story-telling tradition with a focus on the Golden Age. Included are one hundred eighty-two tales--many available in English for the first time--grouped into eighteen tale types. Zipes provides an engaging general Introduction that discusses the folk and fairy tale tradition, the impact of the Brothers Grimm, and the significance of categorizing tales into various types. Short introductions to each tale type that discuss its history, characteristics, and variants provide readers with important background information. Also included are annotations, short biographies of folklorists of the period, and a substantial bibliography. Eighteen original art works by students of the art department of Anglia Ruskin University not only illustrate the eighteen tale types, but also provide delightful—and sometimes astonishing—21st-century artistic interpretations of them.

Mountain Folk John Hood,2021-06-08 John Hood's new novel Mountain Folk uses elements of folklore and epic fantasy to tell the story of America's founding in a fresh and exciting way. Goran is one of the rare fairies who can live without magical protection in the Blur, the human world where the days pass twenty times faster than in fairy realms. Goran's secret missions for the Rangers Guild take him across the British colonies of North America - from far-flung mountains and rushing rivers to frontier farms and bustling towns. Along the way, Goran encounters Daniel Boone, George Washington, an improbably tall dwarf, a mysterious water maiden, and a series of terrifying monsters from European and Native American legend. But when Goran is ordered to help the other fairy nations of the New World crush the American Revolution, he must choose between a solemn duty to his own people and fierce loyalty to his human friends and the principles they hold dear.

Russian Folk Belief Linda J. Ivanits,1989-02-15 Russian folk beliefs have left their mark, not only on superstitions and customs, but in music, art and some major literary works by the likes of Pushkin, Dostoevsky and Gogol. An exciting exploration of the Russian lower mythology, Russian Folk Belief offers a fascinating glimpse into the admixture of pagan and Christian elements which comprise the world view of the Russian peasant.

An Introduction to Folk Music in the United States Bruno Nettl,1962

Harry Smith's Anthology of American Folk Music Ross Hair,Thomas Ruys Smith,2016-12-08 Released in 1952, The Anthology of American Folk Music was the singular vision of the enigmatic artist, musicologist, and collector Harry Smith (1923–1991). A collection of eighty-four commercial recordings of American vernacular and folk music originally issued between 1927 and 1932, the Anthology featured an eclectic and idiosyncratic mixture of blues and hillbilly songs, ballads old and new, dance music, gospel, and numerous other performances less easy to classify. Where previous collections of folk music, both printed and recorded, had privileged field recordings and oral transmission, Smith purposefully shaped his collection from previously released commercial records, pointedly blurring established racial boundaries in his selection and organisation of performances. Indeed, more than just a ground-breaking collection of old recordings, the Anthology was itself a kind of performance on the part of its creator. Over the six decades of its existence, however, it has continued to exert considerable influence on generations of musicians, artists, and writers. It has been credited with inspiring the North American folk revival—The Anthology was our bible, asserted Dave Van Ronk in 1991, We all knew every word of every song on it—and with profoundly influencing Bob Dylan. After its 1997 release on CD by Smithsonian Folkways, it came to be closely associated with the so-called Americana and Alt-Country movements of the late 1990s and early 2000s. Following its sixtieth birthday, and now available as a digital download and rereleased on vinyl, it is once again a prominent icon in numerous musical currents and popular culture more generally. This is the first book devoted to such a vital piece of the large and complex story of American music and its enduring value in American life. Reflecting the intrinsic interdisciplinarity of Smith’s original project, this collection contains a variety of new perspectives on all aspects of the Anthology.

First Book of American Folk Songs Bergerac,1996-02-14 Expert settings of 25 American folk classics by a well-known composer and arranger for young pianists. Includes Amazing Grace, Aura Lee, Blue Tail Fly, The Gift to Be Simple, Go Down Moses, Pop Goes the Weasel, Shortnin' Bread, and Sweet Betsy from Pike.

Decoding **Folk**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Folk**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
