*Live Free Or Die* Sean Hannity, 2020-08-04 #1 NEW YORK TIMES BESTSELLER America's top-rated cable news host offers his first book in over ten years: a look at America's fight against those who would reverse our tradition of freedom. America is great for a reason. Built on principles of freedom, rugged individualism, and self-sufficiency, no country has ever accumulated more power and wealth, abused it less, or used that power more to advance the human condition. And yet, as America blossomed, leftwing radicalism and resentment festered beneath the surface, threatening to undermine democracy in the form of social justice warriors, the deep state, and compromised institutions like academia and the mainstream media. With the Democratic victory in 2020, we are now at risk for a big step toward full-blown socialism along with the economic dysfunction and social strife that are its hallmarks. With radical Democrats demanding the Green New Deal, socialized medicine, abortion on demand, open borders, abolishing the Electoral College, packing the Supreme Court, and an end to free speech, our great nation will be fundamentally transformed beyond recognition. Ronald Reagan once said, "Freedom is but one generation away from extinction," and his words have never rung truer. In *Live Free or Die*, Sean demonstrates why now is an All Hands on Deck moment to save the Republic.

Let Freedom Ring Sean Hannity, 2009-03-17 The hard-hitting and provocative first book from the fastest-rising conservative voice in the country Sean Hannity is the hottest phenomenon in TV and talk radio today. His gutsy, take-no-prisoners interviews and commentary on the Fox News Channel's Hannity & Colmes has made him one of the network's most popular personalities. And his ascendance to the top of the talk radio world with ABC Radio's The Sean Hannity Show has won him a huge and devoted conservative following, and ensured his place alongside Rush Limbaugh and Bill O'Reilly as one of the country's most influential commentators. Now, in *Let Freedom Ring*, Sean Hannity offers a survey of the world-political, social, and cultural-as he sees it. Drawing on stories from his own life, and on the inspiration of political figures like Ronald Reagan and George W. Bush, he recounts the experiences that have shaped his perspective on the dramatic issues that face America today: • Terrorism and National Security • The Economy • Liberal Media Bias • Education • Faith, Character, and the Family As America meets the challenges of the post-9/11 world-abroad and at home—Sean Hannity's position is clear: "We are engaged in a war of ideas. And we must win. Civilization itself is at stake."

**Conservative Victory** Sean Hannity, 2010-03-30 Barack Obama and his radical team of self-professed socialists, fringe activists, and others are trying to remake the American way of life. They have used their new Democratic majority to launch an alarming assault on our capitalist system—while abandoning the war on terror, undermining our national security, and weakening our position in the eyes of our enemies. The candidate of change is threatening to change our country irreparably, and for the worse—if we don't act to stop him now. Sean Hannity has been sounding the alarms about Obama and his agenda from the start. Now—in his first new book in six years—he issues a stirring call to action. Hannity surveys all the major Obama players—from the president's affiliation with radical theology to his advisers' history of Marxist activism, repression of the media, support for leftist dictators, and worse. He exposes their resulting campaign to dismantle the American free-market system and forfeit our national sovereignty. But he draws on the examples of Ronald Reagan and the GOP's Contract with America to show how conservatives can unite behind this country's most cherished principles and act now to get America back on the right track—while we still can.

*Deliver Us from Evil* Sean Hannity, 2009-03-17 Nearly three years have passed since that tragic day in September. Since then, our wounds have healed, but our senses and memories have dulled. At first, the nation rallied behind its leader. But by the time the confrontation with Iraq presented itself, our courage and moral certainty seemed to fade in the face of partisan bickering and posturing. Now the political left and the Democratic Party are trying to use the demanding aftermath of the war to exploit our national cause for their own political advantage. How could we allow ourselves to forget so soon? --from *Deliver Us from Evil* Sean Hannity's first blockbuster book, the New York Times bestseller *Let Freedom Ring*, cemented his place as the freshest and most compelling conservative voice in the country. As the host of the phenomenally successful Hannity & Colmes on the Fox News Channel and The Sean Hannity Show on ABC Radio, Hannity has won a wildly devoted fan base. Now he brings his plainspoken, take-no-prisoners style to the continuing War on Terror abroad -- and liberalism at home -- in *Deliver Us from Evil*. Evil exists, Hannity asserts. It is real, and it means to harm us. And in these pages he revisits the harsh lessons America has learned in confronting evil in the past and the present, to illuminate the course we must take in the future. Tracing a direct line from Adolf Hitler and Joseph Stalin through Saddam Hussein and Osama bin Laden, he reminds us of the courage and moral clarity of our great leaders. And he reveals how the disgraceful history of appeasement has reached forward from the days of Neville Chamberlain and Jimmy Carter to corrupt the unrepentant leftists of the modern Democratic Party -- from Howard Dean and John Kerry to Bill and Hillary Clinton. As Americans face the ongoing war against terrorists and their state sponsors around the world, Sean Hannity reminds us that we must also cope with the continuing scourge of accommodation and cowardice at home. With his trademark blend of passion and hard-hitting commentary, he urges Americans to recognize the dangers of putting our faith in toothless multilateralism when the times call for decisive action. For only through strong defense of our freedoms, at home and around the world, can we preserve America's security and liberty in the dangerous twenty-first century.

HANNITY'S CURSE Howard E. Adkins, 2009-08-20 Like most men, Sean Hannity is worse than some but better than many. He is unique, though, in that he is an Irish confidence man and his remarkable intelligence and audacity only barely surpass his Gaelic charm. The world is his stage, world events are his props.

**Live Free Or Die** Sean Hannity, 2020-08-04 #1 New York Times Bestseller America's top-rated cable news host offers his first book in ten years: a look at America's fight against those who would reverse our tradition of freedom—a fight we can't afford to lose in 2020. America is great for a reason. Built on principles of freedom, rugged individualism, and self-sufficiency, no country has ever accumulated more power and wealth, abused it less, or used that power more to advance the human condition. And yet, as America blossomed, leftwing radicalism and resentment festered beneath the surface, threatening to undermine democracy first in the sixties and now—more insidiously than ever—in the form of social justice warriors, the deep state, and compromised institutions like academia and the mainstream media. Our fate if we succumb to a Democratic victory in 2020? A big step toward full-blown socialism along with the economic dysfunction and social strife that are its hallmarks. With radical Democrats demanding the Green New Deal, socialized medicine, abortion on demand, open borders, abolishing the Electoral College, packing the Supreme Court, and an end to free speech, our great nation will be fundamentally transformed beyond recognition. Ronald Reagan once said, "Freedom is but one generation away from extinction," and

his words have never rung truer. In *Live Free or Die*, Sean demonstrates why now is an All Hands on Deck moment to save the Republic. His solution is simple: if all you can do is vote, then vote. But if you can inform people of the truth, that's even better. And the truth is that the future of American freedom rests on Donald Trump's reelection.

**Hoax** Brian Stelter, 2020-08-25 INSTANT NEW YORK TIMES BESTSELLER An NPR Best Book of the Year "A thorough and damning exploration of the incestuous relationship between Trump and his favorite channel." —The New York Times "A Rosetta Stone for stuff about this presidency that doesn't otherwise make sense to normal humans." —Rachel Maddow, MSNBC "Stelter's critique goes beyond salacious tidbits about extramarital affairs (though there are plenty of those) to expose a collusion that threatens the pillars of our democracy." —The Washington Post The urgent and untold story of the collusion between Fox News and Donald Trump from the New York Times bestselling author of *Top of the Morning*. While other leaders were marshaling resources to combat the greatest pandemic in modern history, President Donald Trump was watching TV. Trump watches over six hours of Fox News a day, a habit his staff refers to as "executive time." In January 2020, when Fox News began to downplay COVID-19, the President was quick to agree. In March, as the deadly virus spiraled out of control, Sean Hannity mocked "coronavirus hysteria" as a "new hoax" from the left. Millions of Americans took Hannity and Trump's words as truth—until some of them started to get sick. In *Hoax*, CNN anchor and chief media correspondent Brian Stelter tells the twisted story of the relationship between Donald Trump and Fox News. From the moment Trump glided down the golden escalator to announce his candidacy in the 2016 presidential election to his acquittal on two articles of impeachment in early 2020, Fox hosts spread his lies and smeared his enemies. Over the course of two years, Stelter spoke with over 250 current and former Fox insiders in an effort to understand the inner workings of Rupert Murdoch's multibillion-dollar media empire. Some of the confessions are alarming. "We don't really believe all this stuff," a producer says. "We just tell other people to believe it." At the center of the story lies Sean Hannity, a college dropout who, following the death of Fox News mastermind Roger Ailes, reigns supreme at the network that pays him \$30 million a year. Stelter describes the raging tensions inside Fox between the Trump loyalists and the few remaining journalists. He reveals why former chief news anchor Shep Smith resigned in disgust in 2019; why a former anchor said "if I stay here I'll get cancer;" and how Trump has exploited the leadership vacuum at the top to effectively seize control of the network. Including never before reported details, *Hoax* exposes the media personalities who, though morally bankrupt, profit outrageously by promoting the President's propaganda and radicalizing the American right. It is a book for anyone who reads the news and wonders: How did this happen?

Summary of Live Free or Die Alexander Cooper, 2021-09-18 Summary of *Live Free or Die - America (and The World) on The Brink - A Comprehensive Summary* The introduction to the book, *Live Free or Die*, unfolds as a warning. The author, Sean Hannity, wrote this book to activate an alarm to other patriots regarding the left's persistent devotion to transform America into the kind of country its founders, framers and their ancestors would not be able to identify with. A huge number of Americans are aware of this, which was one of the reasons why they opted for Donald Trump to reverse this leftist bandwagon. Trump has accomplished a lot but it is the duty of Americans to choose him again to keep his efforts going in the best interests of the United States. The author warned Americans about Obama's radical history in 2008. When Obama vowed to revolutionize America inherently, he truly meant it. He made considerable progress promoting his statist aspirations during both his presidential terms, which as a vision completely negated the American framers' ideals and their cautiously formulated governmental framework. People incorrectly label Obama as a moderate compared to current Democrats. Obama laid the foundations for the ascent of the radical left that now controls the Democratic Party. The left incorrectly claims that conservatives have grown increasingly radical over time, which is not true at all. Radical conservatism is a kind of oxymoron. On the one hand, conservatism is centrally nonradical. On the other hand, progressivism is essentially radical. If Democrats win the presidency and gain control of Congress in 2020, we will experience disastrous consequences. It is critical that the United States choose President Donald Trump again in 2020 along side as well as Republican majorities in both Congress houses. This is crucial to American children's future. *Sean Hannity's Theocracy; Plus, Virgin Mary Lives!* Mark David King, 2007-12-07 America's best poet, a boy named Jelly Roll has mystical visitations from the Virgin Mary; furthermore, he gives stylish ode concerning Middle East peace, vampires, and a Reagan-like concept for a space program. Too, he challenges Sean Hannity's conservatism with the sublimity of libertarianism.

Sean Hannity's Platform for Americans Brian W. Kelly, 2018-08-02 These are platform points Hannity would endorse if he ran for President! If Sean Hannity were my next-door neighbor, I would still watch his show every night on Fox (except the weekends) even if they changed his time slot. I watch every day and listen to his radio show when I can because he has a great knack of sifting through the clutter, bringing in the right guests, and explaining it all in understandable terms. He uses just the proper amount of Irish emotion. Sean is in a class by himself. I am asking for Sean's help in getting noticed as I run for the Junior US Senator slot from Pennsylvania. Running for office is a grueling, tiring, busy, and difficult process. There is always something to do. There is always someone who wants something from you. and did I say you are always tired. Yet, somehow, you have to walk around with a smile on your face and a nice comment ready to come from your lips even if it is a bad day. Even if your purpose for running is altruistic so you can help your city, state, or the country, and you really do not want to be a politician, just a worthy representative of the people, there are many who simply will not believe you. So, here I am with the only idea in the world that actually solves the problem with illegal interlopers hiding in the shadows of the United States. Moreover, the platform addresses Obamacare, Millennials, and Senior Citizens. It is designed with something good for everybody The real concern many conservatives have is whether any political party is interested in a solution as they seem content to having no solution as their solution. Democrats want everybody to vote and Republicans want the cheapest labor possible. The bulk of American, when polled want neither. They want a country that is all-American with Americans in the driver's seat; and they want their guests to be invited to the table. You won't want to put this book down as you learn the ins & outs of how there really is a solution and Sean Hannity will like it. That's more than enough for me. How about you?

**Summary: Live Free or Die: Sean Hannity** Scott Campbell, 2020-08-12 Hannity is not afraid to be an alarmist about repelling the specter of what he calls the “Leftist Juggernaut.” Lurking in the shadows of a sinister and diabolical Deep State, this Juggernaut is not only out to stomp into oblivion President Trump, but also all Conservatives and the freedom they love. That Juggernaut beast is radical socialism. The same Conservatives elected Trump to fight this Juggernaut and drain the swamp after eight years of a corrupt and damaging anti-American Obama administration. Under attack from day one of his campaign, Trump--the social media warrior with a personal touch for all of his base--has fought back and wounded the beast to make it angrier. Important books demand widespread readership and understanding. Live Free or Die is one such book. With first-rate sourcing cultivated from five years of covering Trump in the White House and both of his campaigns, Bender brings readers inside the Oval Office, aboard Air Force One, and into the front row of the movement's signature mega-rallies for the story of an epic election-year convergence of COVID, economic collapse, and civil rights upheaval--and an unorthodox president's attempt to battle it all. FRANKLY, WE DID WIN THIS ELECTION is the inside story of how Trump lost, and the definitive account of his final year in office that draws a straight line from the president's repeated insistence that he would never lose to the deadly storming of the U.S. Capitol that imperiled one of his most loyal lieutenants--his own vice president.

**Censorship** Brian Jennings, 2009-05-05 Talk radio is the American voter. -- Rush Limbaugh Freedom of speech. It is our most cherished privilege as Americans, guaranteed by the First Amendment to the U.S. Constitution since 1791. But at the dawn of a new presidential administration, an epic battle is looming -- a battle for our airwaves that could sharply curtail or silence altogether the freedom of expression that distinguishes America from the average dictatorship. The target of this battle is conservative talk radio. If key Democrats have their way, the principles of the Federal Communications Commission's Fairness Doctrine will once again be enforced and allow government to control the content heard on free radio, a mandate that will have far-reaching implications for all media. During the Reagan administration the FCC voted to stop enforcing the Fairness Doctrine, which required all licensed broadcasters to present balanced viewpoints on controversial issues. Conservative talk radio burgeoned, giving rise to the father of conservative talk, Rush Limbaugh, and such hosts as Sean Hannity, Mark Levin, Michael Medved, Neal Boortz, Laura Ingraham, and others. The format was a smash hit -- resonating with listeners from coast to coast and giving a powerful voice to the conservative movement. Soon such programming, attracting an estimated 50 million listeners weekly, dominated the airwaves where liberal talk radio failed. Popular, profitable, outspoken, powerful, influential -- it's what the American people wanted, and its success was the Democrats' worst nightmare. Now, the principles of the Fairness Doctrine threaten to be reinstated -- if not directly, then through back-door tactics involving ownership of stations. Under cover of being fair, they will prove to be anything but: They will be used as a means of censorship by those with contempt for conservative talk radio. With our current Congress firmly under Democratic control, the future of talk radio -- indeed, freedom of speech for all Americans -- is under direct attack.
