*The Kids' Book of Questions* Gregory Stock, 2015-03-10 Kids love to be asked questions almost as much as they love to ask them. And asking is important—parents know the value of having meaningful conversations with their kids, especially as family time is under continuous assault from gadgets and devices. Now the

book that solves those needs is back—announcing a fresh new edition of *The Kids’ Book of Questions*. Including subjects like the Internet, school violence, and climate change, the book remains a timeless treasure. Here is a collection of questions designed to challenge, entertain, provoke, and expand young minds. These are the questions that let kids discover how they feel; let people know what they think; raise issues that everyone loves to discuss.

Gregory Stock, author of the original #1 bestselling *Book of Questions*, took his question-asking ways into schools and came back with over 200 questions, including Thorny dilemmas: Would you rather have a job you didn’t like that paid a lot or a job you loved that paid just enough to get by? Embarrassing challenges: Would you kiss someone in front of your whole class for \$250? Provocative ideas: What things do you think your parents do just to set an example for you? Intriguing fantasies: If you could text any famous person and be sure they’d read and answer your text, who would you write to and what would you say? There is only one requirement: Give an honest answer. Then be amazed to see where one little question leads.

**How I Met My Monster** Amanda Noll,2019-11-03 One night, when Ethan reaches under his bed for a toy truck, he finds this note instead: Monsters! Meet here for final test. Ethan is sure his parents are trying to trick him into staying under the covers, until he sees five colorful sets of eyes blinking at him from beneath the bed. Soon, a colorful parade of quirky, squeaky little monsters compete to become Ethan's monster. But only the little green monster, Gabe, has the perfect blend of stomach-rumbling and snorting needed to get Ethan into bed and keep him there so he falls asleep—which as everyone knows, is the real reason for monsters under beds. With its perfect balance of giggles and shivers, this silly-spooky prequel to the award-winning *I Need My Monster* and *Hey, That's MY Monster!* will keep young readers entertained.

**Kid Food** Bettina Elias Siegel,2019 It has never been so difficult to raise a healthy eater in America. Along with the picky eating and public tantrums that have forever tested the limits of parental patience, today's parents also fend off sophisticated assaults from outside their kitchens: unhealthy food-marketing campaigns aimed at kids; misleading product labels aimed at

parents; and a school-food program so starved for cash that it sells name-brand junk food to grade school students. In *Kid Food*, nationally recognized food writer Bettina Elias Siegel (New York Times, *The Lunch Tray*) explores the cultural delusions and industry deceptions that have made it all but impossible to raise a healthy eater in America. Combining first-person reporting with the hard-won understanding of a food advocate and parent, it presents a startling portrayal of the current food landscape for children - and the role of parents in navigating it. Siegel also lifts the curtain on shadowy food industry front-groups, including clever marketing techniques that intentionally confuse parents about a product's nutritional value. (Did you know that made with real fruit may mean a product is less healthy?) What emerges is the industry's divide-and-conquer strategy, one that stokes kids' desire for junk food while breaking down parents' ability to act as responsible gatekeepers. For anyone who frets over what their child is eating, *Kid Food* offers both essential reading and a deeper understanding of the factors at play in their child's food environment. Written in the same engaging and relatable voice that has made *The Lunch Tray* a trusted resource for parents for almost a decade, *Kid Food* offers a well of compassion - and expertise - for those fighting the

good fight at home.

**New Kid** Jerry Craft, 2019-02-05 Winner of the Newbery Medal, Coretta Scott King Author Award, and Kirkus Prize for Young Readers' Literature! Perfect for fans of Raina Telgemeier and Gene Luen Yang, **New Kid** is a timely, honest graphic novel about starting over at a new school where diversity is low and the struggle to fit in is real, from award-winning author-illustrator Jerry Craft. Seventh grader Jordan Banks loves nothing more than drawing cartoons about his life. But instead of sending him to the art school of his dreams, his parents enroll him in a prestigious private school known for its academics, where Jordan is one of the few kids of color in his entire grade. As he makes the daily trip from his Washington Heights apartment to the upscale Riverdale Academy Day School, Jordan soon finds himself torn between two worlds—and not really fitting into either one. Can Jordan learn to navigate his new school culture while keeping his neighborhood friends and staying true to himself? This middle grade graphic novel is an excellent choice for tween readers, including for summer reading. **New Kid** is a selection of the Schomburg Center's Black Liberation Reading List. Plus don't miss Jerry Craft's **Class Act**!

**The Monster Who Came to Visit Neesa Bally**,2020-07-30 In this humorous, rhyming story a little girl's attempts to befriend a monster lead from one disaster to the next. All is not lost though as this unlikely pair may have more in common than you think.

**The Absolutely True Diary of a Part-Time Indian** Sherman Alexie,2016-09-15 An all-new edition of the tragicomic smash hit which stormed the New York Times bestseller charts, now featuring an introduction from Markus Zusak. In his first book for young adults, Sherman Alexie tells the story of Junior, a budding cartoonist who leaves his school on the Spokane Indian Reservation to attend an all-white high school. This heartbreaking, funny, and beautifully written tale, featuring poignant drawings that reflect the character's art, is based on the author's own experiences. It chronicles contemporary adolescence as seen through the eyes of one Native American boy. 'Excellent in every way' Neil Gaiman Illustrated in a contemporary cartoon style by Ellen Forney.

*Susie Sheep Learns To Share* Jupiter Kids,2014-07-24 Susie Sheep has never liked to share in the past. She wouldn't let others play with her toys or share her treats during lunch. When others shared, she would be the first person to step up and accept the

goodies of others. However, in the park after school, she met a couple of kids who had nothing and learns about the power of sharing with others and how giving a little can make a significant difference in the lives of those without.
