

Korea

Homer B. Hulbert

Historical Dictionary of the Republic of Korea Andrew C. Nahm, James Hoare, 2004 This dictionary presents a balanced and objective view of South Korea, providing a long perspective and covering varied aspects of South Korean life. Domestic, political, and social events, foreign affairs, economic and cultural developments, and the men and women who have influenced the country's history are reviewed in the more than 400 entries, many of which are new or have been updated from the first edition. The dictionary's chronology and historical narrative, also updated, cover the entire history of Korea for the benefit of readers who have little or no knowledge of the overall history of the Korean people. The extensive bibliography has been updated to include the most current and best books, journals, and websites, making this a valuable reference source for the scholar, student, and general reader.

The Northern Region of Korea Sun Joo Kim, 2010 Through the use of storytelling, linguistic analysis, and journal entries from turn-of-the-century missionaries and traveling Russians in addition to many varieties of unconventional primary sources, the contributors creatively explore unfamiliar terrain while examining the culture, identity, and regional distinctiveness of the northern region and its people.

Korea in the Cross Currents R. Myers, 2001-05-03 The Korean peninsula underwent a continuous number of earth-shaking events in the twentieth century - although it is generally out of the earthquake zone. Jutting off the extreme northeast edge of the Eurasian landmass, and with a combined population of nearly seventy million people, North and South Korea are situated among China, Japan and Russia. They are also profoundly influenced by the United States because of the circumstances of the Korean War (1950-1953). The issues of war and peace, left over from the Korean war, remain unresolved; these two separate states are the residue of the Cold War. This anomaly still poses ominous prospects for war or peace in Asia, and American national security interests. Focusing on the last hundred years of Korea's long history, and its particular relationship with China, one is in a position both to understand and marvel at the events of this century on the Korean peninsula. At the same time, the complexity of the division of the country into North and South Korea - not just a perennial struggle between good and evil, although that is certainly part of the story - places the future at risk. There was one terrible war that divided the 20th century in half and there are threats of more trouble to come. This study of the history of the past century will provide some answers and open the way to informed speculations.

A History of Korea Jinwung Kim, 2012 Contemporary North and South Korea are nations of radical contrasts: one a bellicose totalitarian state with a failing economy; the other a peaceful democracy with a strong economy. Yet their people share a common history that extends back more than 3,000 years. In this comprehensive new history of Korea from the prehistoric era to the present day, Jinwung Kim recounts the rich and fascinating story of the political, social, cultural, economic, and diplomatic developments in Korea's long march to the present. He provides a detailed account of the origins of the Korean people and language and the founding of the first walled-town states, along with the advanced civilization that existed in the ancient land of Unified Silla. Clarifying the often complex history of the Three Kingdoms Period, Kim chronicles the five-century long history of the Choson dynasty, which left a deep impression on Korean culture. From the beginning, China has loomed large in the history of Korea, from the earliest times when the tribes that would eventually make up the Korean nation roamed the vast plains of Manchuria and against whom Korea would soon define itself. Japan, too, has played an important role in Korean history, particularly in the 20th century; Kim tells this story as well, including the conflicts that led to the current divided state. The first detailed overview of Korean history in nearly a quarter century, this volume will enlighten a new generation of students eager to understand this contested region of Asia.

A History of Korea Kyung Moon Hwang, 2021-11-30 Dynamic and meticulously researched, *A History of Korea* continues to be one of the leading introductory textbooks on Korean history. Assuming no prior knowledge, Hwang guides readers from early state formation and the dynastic eras to the modern experience in both North and South Korea. Structured around episodic accounts, each chapter begins by discussing a defining moment in Korean history in context, with an extensive examination of how the events and themes under consideration have been viewed up to the present day. By engaging with recurring themes such as collective identity, external influence, social hierarchy, family and gender, the author introduces the major historical events, patterns and debates that have shaped both North and South Korea over the past 1500 years. This textbook is essential reading for undergraduate and postgraduate students of Korean or Asian history. The first half of the book covers pre-20th century history, and the second half the modern era, making it ideal for survey courses.

A New History of Korea Ki-baik Lee, 1988-03-15 The first English-language history of Korea to appear in more than a decade, this translation offers Western readers a distillation of the latest and best scholarship on Korean history and culture from the earliest times to the student revolution of 1960. The most widely read and respected general history, *A New History of Korea* (Han'guksa sillon) was first published in 1961 and has undergone two major revisions and updatings. Translated twice into Japanese and currently being translated into Chinese as well, Ki-baik Lee's work presents a new periodization of his country's history, based on a fresh analysis of the changing composition of the leadership elite. The book is noteworthy, too, for its full and integrated discussion of major currents in Korea's cultural history. The translation, three years in preparation, has been done by specialists in the field.

Under the Black Umbrella Hildi Kang, 2013-09-30 In the rich and varied life stories in *Under the Black Umbrella*, elderly Koreans recall incidents that illustrate the complexities of Korea during the colonial period. Hildi Kang here reinvigorates a period of Korean history long shrouded in the silence of those who endured under the black umbrella of Japanese colonial rule. Existing descriptions of the colonial period tend to focus on extremes: imperial repression and national resistance, Japanese subjugation and Korean suffering, Korean backwardness and Japanese progress. Most people, Kang says, have read or heard only the horror stories which, although true, tell only a small segment of colonial life. The varied accounts in *Under the Black Umbrella* reveal a truth that is both more ambiguous and more human—the small-scale, mundane realities of life in colonial Korea. Accessible and attractive narratives, linked by brief historical overviews, provide a large and fully textured view of Korea under Japanese rule. Looking past racial hatred and repression, Kang reveals small acts of resistance carried out by Koreans, as well as gestures of fairness by Japanese colonizers. Impressive for the history it recovers and preserves, *Under the Black Umbrella* is a candid, human account of a complicated time in a contested place.

The History of Korea Homer B. Hulbert, 2022-11-13 *The History of Korea* presents a chronological account of Korea from ancient days, over 2000 B. C, to modern 20th century Korea. Hulbert said that Korea and Japan have the same two racial types, but Japan is mostly Malay and Korea is mostly Manchu-Korean. He claimed that Korea is physically

mostly of the northern type, but also said that the nation, being physically mostly of the northern type, did not disprove Hulbert's claim that the Malay element developed Korea's first civilization, although not necessarily originating Korea's first civilization, and the Malay element imposed its language in its main features in the entire peninsula.

A Concise History of Modern Korea Michael J. Seth, 2024-04-02 This comprehensive and balanced history of modern Korea explores the social, economic, and political issues it has faced since being catapulted into the wider world at the end of the nineteenth century--

Between Ally and Partner Jae Ho Chung, 2006-11-28 China and South Korea have come a long way since they were adversaries. The arc of their relationship since the late 1970s is an excellent model of East-West cooperation and, at the same time, highlights the growing impact of China's rise over its regional neighbors, including America's close allies. South Korea-China relations have rarely been studied as an independent theme. The accumulation of more than fifteen years of research, *Between Ally and Partner* reconstructs a comprehensive portrait of Sino-Korean rapprochement and examines the strategic dilemma that the rise of China has posed for South Korea and its alliance with the United States. Jae Ho Chung makes use of declassified government archives, internal reports, and opinion surveys and conducts personal interviews with Korean, Chinese, and American officials. He tackles three questions: Why did South Korea and China reconcile before the end of the cold war? How did rapprochement lay the groundwork for diplomatic normalization? And what will the intersection of security concerns and economic necessity with China mean for South Korea's relationship with its close ally, the United States? The implications of Sino-Korean relations go far beyond the Korean Peninsula. South Korea was caught largely unprepared, both strategically and psychologically, by China's rise, and the dilemma that South Korea now faces has crucial ramifications for many countries in Asia, where attempts to counterbalance China have been rare. Thoroughly investigated and clearly presented, this book answers critical questions concerning what kept these two countries talking and how enmity was transformed into a zeal for partnership.

Korea Today George M. McCune, 2007-03 PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is depend- ent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

Korea A History Bong-youn Choy, 2012-09-04 This detailed, scholarly history of Korea is a comprehensive political and socioeconomic history from 57 B.C. to modern times, including North and South Korea. Specializing in Korean industrial structure, economic planning, and administration, the author presents a concise yet readable historical approach to a greater understanding of Korea's position in East Asia. The author, a political scholar and experienced linguist, bases his text on primary Korean and Japanese sources, thus providing much information previously unavailable to English-speaking people. Ancient Korea is covered in the first chapter, The Three Kingdoms, and also in the six subsequent chapters dealing with feudalism, land reform, and early Korean social structure. The thirteen succeeding chapters bring the history to modern times. They include a valuable account of Japanese colonial policy and the struggle for independence of the Korean people; the Korean War, its development, offensives, and counteroffensives; factionalism; the politics of Syngman Rhee and his twelve years of one-man rule; the background of the student revolutions; foreign relations; nationalism and neutrality; and the important comparative studies concerning Communism and the governments of North and South Korea. The concluding chapter deals with the future of Korea and its role in rapidly changing East Asia.

Inter-Korean Relations S. Kim, 2004-09-17 In post-cold War thinking, North Korea was expected to collapse and be absorbed into a single Korean state by the democratic regime in South Korea. Fifteen years later, this has not happened, and June 2000 saw a summit making the warmest inter-Korean relations yet. Over that time period, the two Korean states found instead new mechanisms and methods for interacting with each other on the level of de facto if not yet completely de jure sovereign states and have begun to overcome some of the shadows cast by the partition and violent war that befell the peninsula following World War II. This book examines the origins, dynamics, and impacts of these multi-level relations between North and South Korea, situating them variously as two incomplete nation-states, as a single national entity, and within a larger international environment. The Contributors demonstrate how inter-Korean relations have fostered new forms of conflict management and reconciliation on the

peninsula.

The Unfinished War Bong K. Lee, Bong Lee, 2003 Annotation The Unfinished War: Korea is a time-sensitive manuscript concerned with the Korea War and current North-South issues including the North Korea's nuclear weapons. The author: ? lays out the history of American involvement in Korea before, during, and after the war; ? provides cross-cultural perspectives and an account of the war unparalleled for its breadth and depth based on recently declassified documents, interviews, and other references; ? discusses new developments, including South Korea's so-called economic miracle, President Bush's inclusion of North Korea in the axis of evil, and emerging prospects for war or peace today; and ? includes concrete, personal realities and anecdotes based on the experiences of Koreans.

Korea, the Economic Race Between the North and the South National Foreign Assessment Center (U.S.), 1978

History Of Korea Tennant, 2012-11-12 Go with me to a land whose life for ages has been a mystery, wrote a 19th-century visitor to Korea, a land which from time unknown has kept aloof, whose people might have been the denizens of another planet. He may not have known that in the 4th century AD they had controlled much of north-east Asia and in the 8th their ships had dominated the trade of the Yellow Sea, nor did he guess the astonishing transformation that lay ahead of Korea in the 20th century - all of which are chronicled here. This is the first full-length general history of the country to be published in Britain, and incorporates in its early chapters Chinese and Korean material not previously published in any Western language. Beginning with the prehistoric era, the book provides a uniquely detailed treatment of the earlier periods in Korea's evolution. The work progresses through the era of the Three Kingdoms, Silla, Koguryo and Paekche; the Koryo period (918-1392 AD) which saw the war with the Khitan, the coming of the Mongols and the invasion of Japan; and the rule of the Yi dynasty from 1392 to 1910, which saw the flowering of Korean Confucianism, the invasion of Hideyoshi, the Manchu invasion, long periods of isolation and then the opening of the country to the West. Following this came the decades (1910-1945) when Korea was under Japanese rule; the period of the Sino-Japanese war, the Russo-Japanese war and Asian co-prosperity. Moving towards the present day, the work concludes with the story of the two Koreas and the drawing of the line between them, South Korea's economic successes and the adoption of a new constitution in 1987. Full and accurate records of all the significant persons and dates are provided, including events in China and Japan in so far as they involved Korea. Richly descriptive, with an emphasis on skillful accounts of the major occurrences, battles and court scandals of the times, this lucidly written history makes absorbing reading, and should be welcomed by the general reader.

Korea and Her Neighbors Isabella Lucy Bird, 1905

Korea and its Futures Roy Grinker, 1998-04-14 Despite the passage of over forty years since the official end of the civil war in Korea, the north and the south sections of the country remain technically at war. In *Korea and its Futures*, Roy Grinker argues that the continued conflict between North and South Korea, and the prospects for peace on the Korean peninsula, must be understood within the broader social and cultural contexts in which Koreans live. Grinker suggests that a fundamental obstacle to peace on the peninsula is that South Korea has become a nation in which nearly all aspects of economic, political, and cultural identity are defined in opposition to North Korea. He further demonstrates that in spite of its status as a sacred goal for all Koreans, the idea of unification threatens the world in which almost every South Korean has been born and raised. In chapters on defectors, divided families, student protests, and early education, Grinker reveals how South Korean conceptions of unification prevent either side from recognizing that a unified Korea must also be a diverse Korea. In other words, Grinker points out, unification is largely perceived by South Koreans not as the integration of different identities but as the southern conquest and assimilation of the north - in short, as winning the war.

Korea Christoph Bluth, 2013-05-10 Korea is one of the critical flashpoints in the world today. News of North Korea's recent nuclear tests, conducted in defiance of international pressure, drew widespread condemnation and raised serious concerns about the threat now posed to regional and international security by the regime of North Korea's dear leader Kim Jong-Il. This book penetrates the veil surrounding the conflict on the Korean peninsula and North Korea's missile and nuclear programmes. It provides a thorough historical analysis of relations between the two Koreas since the Korean War, which traces both North Korea's path to economic ruin and South Korea's transition from struggling dictatorship to vibrant democracy. As well as examining the political and economic development of North and South Korea at the domestic level, the book goes on to explore regional relations with Russia, China and Japan and, most importantly, America's dealings with Korea and its negotiations with North Korea, in particular. It concludes with an analysis of North Korea's current nuclear programme and its likely impact on international security in the 21st century.

The Making of Modern Korea Adrian Buzo, 2004-08-02 This new revised edition of this popular text provides an accurate, balanced and readable history of Korea from 1910 to the present day.

Korea Introduction

In today's digital age, the availability of Korea books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Korea books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Korea books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Korea versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Korea books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms,

making them highly practical for studying or referencing. When it comes to accessing Korea books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Korea books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Korea books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Korea books and manuals for download and embark on your journey of knowledge?

FAQs About Korea Books

1. Where can I buy Korea books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Korea book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Korea books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of

books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Korea audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Korea books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
