Level Up Your Life Steve Kamb, 2016-01-12 In 5 years, Steve Kamb has transformed himself from wanna-be daydreamer into a real-life superhero and actually turned his life into a gigantic video game: flying stunt planes in New Zealand, gambling in a tuxedo at the Casino de Monte-Carlo, and even finding Nemo on the Great Barrier Reef. To help him accomplish all of these goals, he built a system that allowed him to complete quests, take on boss battles, earn experience points, and literally level up his life. If you have always dreamed of adventure and growth but can't seem to leave your hobbit-hole, *Level Up Your Life* is for you. Kamb will teach you exactly how to use your favorite video games, books, and movies as inspiration for adventure rather than an escape from the grind of everyday life. Hundreds of thousands of everyday Joes and Jills have joined Steve's Rebellion through his popular website, NerdFitness.com, and leveled up their lives—losing weight, getting stronger, and living better. In *Level Up Your Life*, you'll meet more than a dozen of these members of The Rebellion: men and women, young and old, single and married, from all walks of life who have created superhero versions of themselves to live adventurously and happily. Within this guide, you'll follow in their footsteps and learn exactly how to:

- Create your own "Alter Ego" with real-life super powers
- Build your own Epic Quest List, broken into categories and difficulty levels
- Hack your productivity habits to start making progress
- Train your body for any adventure
- Build in rewards and accountability that will actually motivate you to succeed
- Travel the world freely (and cheaply)
- Recruit the right allies to your side and find powerful mentors for guidance

Level Up Stacey Abrams, Lara Hodgson, Heather Cabot, 2022-02-22 An inspiring and revelatory guide to starting and scaling a small business, from powerhouse duo Stacey Abrams and Lara Hodgson Like many business owners, renowned politician and activist Stacey Abrams didn't start a business because she dreamed of calling herself an entrepreneur. Her part-time post (and its \$17,310 annual salary) as a member of the Georgia House of Representatives necessitated striking out on her own as a consultant—her first small business. Then, Stacey and her friend Lara Hodgson launched an infrastructure advisory firm—named Insomnia Consulting because they did their best thinking at 3:00 a.m.—and then another business, and then another. Fifteen years into their entrepreneurial journey together, they have tackled the obstacles that many business owners face: how to grow sustainably, hire thoughtfully, and keep up with the Goliaths in your industry. Now, for the first time, Stacey and Lara share their inspiring and relatable personal story and lessons learned the hard way to show how every business owner can confront the forces that conspire to keep small businesses small. Lauded for her “resilient, visionary leadership” (Barack Obama) and celebrated as a “passionate advocate of democracy” (Madeleine Albright), Stacey now brings her fierce sense of justice to the challenges that America's business owners face. Level Up arms readers with the confidence, know-how, and savvy to overcome the obstacles that hold their businesses back.

Level Up Micah Joel, 2018-04-04 Ready Player One meets Mr Robot. In the future, all computers simultaneously brick--except, as it turns out, those from the 80s. Society retools around retro tech. Max Root, a refugee in a tent camp, starts seeing 8-bit visions, ultimately leading up to playable game levels. What's at the end of the level, though, is of intense interest to the greedy CEO of the LevelUP corporation, and the fate of the all technology hangs in the balance. Have you ever had your heart race as you typed 'take sword'? Have you ever lined up quarters on an arcade machine? Have you ever been disappointed that your princess was in another castle? Have you ever joyfully exclaimed 'unexplored territory!' as you uncovered a hidden passageway? Have you ever spotted sly Star Wars references in a novel you were reading? Have you ever been eaten by a grue? Then this is the book for you! Something delightful on every page. Escape to a simpler time inside the pages of LevelUP. Interview with the Author Q - Where did the idea for this book come from? A - I grew up in the 80s. I spent weeks freezing my butt off on a paper route, just to afford the latest Atari 2600 cartridge. (But never Adventure--my mom wouldn't allow that one). I set out to write a book that would be cyberpunk

lite and appeal to a particular set of readers. Around the same time GameLit or if you prefer, LitRPG started taking off. Q - Tell us about the cover and the inspiration for it. A - I worked with a number of designers on various concepts. Some of them were 80s nostalgia to points approaching self-parody. There were a lot of video game references, but I ended up with something more iconic. I wanted a LevelUP logo that would look good on a shirt. And those sweet, sweet NES fonts. Mmmmm, memories. Q - Who is your inspiration for Max, the adventure's protagonist? A - I had sketched out a character named Max Root before I even started work on the novel. I've got a thing for characters whose name describe the plot of their story. (Ender's Game, anyone?) And yeah, that's an explicit reference to Max Headroom. From there, his backstory blossomed out. All it was waiting for was the right premise to build a story around. Q - OKQ - So you are working on more books in the series? A - There's a lot of hints here about the wider world the story takes place in. There's an obvious direction for a sequel (sorry, no spoilers here!) but lots of alternate ways things could go too. And astute readers have already keyed in on the possibility of crossover between this and Broken Tablet, my time-travel novel... Q - Why should readers give this series a try? A - Like most everything I put out, it's written for geeks, by a geek. It has a sympathetic main character, and an non-neurotypical secondary character. It certainly echoes certain themes of that blockbuster movie everyone's talking about, but this story takes great pains to go its own way. This book is the antidote, at least temporarily, for all the anxiety and stress going on in the world. Thanks for reading!

Level Up Alyson Van Hooser, 2020-06-16 Leveling up is the only foolproof success strategy. It means owning your responsibility for taking control of who you are, what you do, and what your life will become. This book is written for the men and women grinding it out every day at work and wanting so badly to be more valued and get to the next level. It's for the young professionals entering the workforce with big dreams who want to know exactly what it takes to advance in their career. It's for anyone who has wanted more out of life but just hasn't been able to make the shift to take control of their future. Many books teach you the steps you need to take to change your life. But they're missing the critical foundational action that is necessary to ensure your new habits stick—the one element that distinguishes high-achieving professionals from those still waiting for success to find them. Most people know what they should do, and yet they don't do it. The fact is that it does not matter how much you know—nothing will change for you unless you own the responsibility of leveling up. Alyson Van Hooser has discovered the crucial knowledge you must have, actions you must take, and areas of your life you must own if you want to shift the trajectory of your professional life to work in your favor. In *Level Up*, you'll learn the secrets to professionalization and the exact steps required to gain respect, increase opportunity, and harness the power to crush all your goals, including: How to lay down your law so you don't get off track How to get ahead by identifying and strategically adapting to what motivates individuals in different generations, from different social classes, with different life experiences How to make your emotions work for rather than against you Ways to make networking impressive instead of awkward What self-care truly means (hint: choosing YOU and your goals) And much more! Be bold. Make your own hype. And be accountable to the grind. Success and growth are often uncomfortable, but you're not going to crush your goals by sitting idle, doing the bare minimum, and following the herd. It's time to LEVEL UP.
