*The Local* Joey Hartstone, 2023-06-13 A freewheeling, small-town attorney takes on a national murder trial when an out-of-town client is accused of killing a federal judge in Texas. "A spectacular courtroom thriller that kept me turning pages like the best of Grisham or Turow. —Michelle King, co-creator of *The Good Wife*, *The Good Fight*, and *Evil* The town of Marshall, Texas, is the epicenter of intellectual property law in the US—renowned for its speedy trials and massive payouts. One of its best lawyers is James Euchre. His newest client, Amir Zawar, is a CEO forced to defend his life's work against a patent infringement claim. But when a beloved hometown hero is murdered, all signs point to Zawar, an outsider with no alibi. With the help of a former federal prosecutor and a local PI, Euchre hopes to uncover the truth. In his first criminal case, the stakes couldn't be higher. Euchre fears either an innocent man will be sent to death row, or he'll help set a murderer free. *The Local* is a small-town thriller crackling with courtroom tension right up to the final verdict.

*Going Local* Michael Shuman, 2013-06-17 National drug chains squeeze local pharmacies out of business, while corporate downsizing ships jobs overseas. All across America, communities large and small are losing control of their economies to outside interests. *Going Local* shows how some cities and towns are fighting back. Refusing to be overcome by Wal-Marts and layoffs, they are taking over abandoned factories, switching to local produce and manufactured goods, and pushing banks to loan money to local citizens. Shuman details how dozens of communities are recapturing their own economies with these new strategies, investing not in outsiders but in locally owned businesses.

**Quilt Local** Heather Jones, 2018-12-15 The renowned Ohio quilt artist draws

on places and objects in her daily life to craft beautiful modern quilts, encouraging your own creative journey. For Heather Jones, inspiration can be anywhere. For her debut book, *Quilt Local*, she designed a collection of twenty quilts, each inspired by objects and places close to home—country roads, cityscapes, street signs—the landscape of her existence. Then, in a fascinating exercise in color theory and design play, she reworked each one in a second palette to show what a striking difference just a few basic changes can make. Pattern by pattern, Jones takes readers behind the scenes of her process, sharing photographs of her sources of inspiration, sketchbook pages, and the finished quilts. In addition, she offers an accessible lesson in color theory as it applies to quilting. “Jones, founder of the Cincinnati Modern Quilt Guild, translates architecture into quilt patterns that have ‘a strong visual component’ . . . The simplicity of her designs is well suited for beginners, while the modern aesthetic will attract more experienced quilters.” —Publishers Weekly “The author takes quilters inside her studio for a firsthand look at her process for designing and piecing . . . Modern quilters who enjoy a minimalist style are likely familiar with Jones’s work and will appreciate the insights into her process. The presentation is reminiscent of Denyse Schmidt’s *Modern Quilts, Traditional Inspiration*.” —Library Journal

**Local** Brian Wood, 2013-09-10 From Brian Wood (*DEMO*, *DMZ*, *NORTHLANDERS*) and Ryan Kelly (*LUCIFER*, *AMERICA VIRGIN*) comes *Local*, a collection of twelve interconnected short stories. Crossing genres as it crosses the country, *LOCAL* examines Megan McKeenan, a young woman who sets off from Portland, OR with nothing but a backpack and a bad case of wanderlust. Each emotional vignette is a self-contained story that represents one year in the life of

this young vagabond as she struggles to find a place to call home, both physically and spiritually.

*Local Knowledge* Clifford Geertz, 2008-08-04 In essays covering everything from art and common sense to charisma and constructions of the self, the eminent cultural anthropologist and author of *The Interpretation of Cultures* deepens our understanding of human societies through the intimacies of local knowledge. A companion volume to *The Interpretation of Cultures*, this book continues Geertz's exploration of the meaning of culture and the importance of shared cultural symbolism. With a new introduction by the author.

All Politics Is Local Meaghan Winter, 2019-10-01 Democrats have largely ceded control of state governments to the GOP, allowing them to rig our political system and undermine democracy itself. After the 2016 election, Republicans had their largest majority in the states since 1928, controlling legislative chambers in thirty-two states and governor offices in thirty-three. They also held both chambers of Congress and the presidency despite losing the popular vote. What happened? Meaghan Winter shows how the Democratic Party and left-leaning political establishment have spent the past several decades betting it all on the very risky and increasingly foolhardy strategy of abandoning the states to focus on federal races. For the American public, the fallout has been catastrophic. At the behest of their corporate patrons, Republican lawmakers have diminished employee protections and healthcare access and thwarted action on climate change. Voting rights are being dismantled, and even the mildest gun safety measures are being blocked. Taking us to three key battlegrounds--in Missouri, Florida, and Colorado--Winter reveals that robust state and local politics are the lifeblood of democracy and the only lasting building block of political power.

Local Breads Daniel Leader, Lauren Chattman, 2007 A volume of recipes from some of Europe's most favored artisan bread bakeries continues the success of *Bread Alone* to present an account of the author's travels throughout Europe in search of highly coveted recipes and techniques.

*Local Girls* Alice Hoffman, 2000 Told from Gretel Samuelson's sly and knowing perspective, *Local Girls* charts her progress as she navigates from childhood to the brink of womanhood, picking her way through the tragedies and absurdities of everyday life in a family which is rocked by divorce and disaster, bad judgement and fierce attachments. Her father has left them, her chain-smoking mother, Franny, is falling apart and refuses to learn the simple lessons of life, her perfect brother has fatal flaws, and even her best friend Jill - blonde, enviable and beautiful - is moving too fast into

the unfathomable world of women.

Articulating The Global And The Local Ann Cvetkovich, 2018-02-12 This book explores how discourses of the local, the particular, the everyday, and the situated are being transformed by new discourses of globalization and transnationalism, as used both by government and business and in critical academic discourse. Unlike other studies that have focused on the politics and economics of globalization, *Articulating the Global and the Local* highlights the importance of culture and provides models for a cultural studies that addresses globalization and the dialectic of local and global forces. Arguing for the inseparability of global and local analysis, the book demonstrates how global forces enter into local situations and how in turn global relations are articulated through local events, identities, and cultures; it includes studies of a wide range of cultural forms including sports, poetry, pedagogy, ecology, dance, cities, and democracy. *Articulating the Global and the Local* makes the ambitious claim that the category of the local transforms the debate about globalization by redefining what counts as global culture. Central to the essays are the new global and translocal cultures and identities created by the diasporic processes of colonialism and decolonization. The essays explore a variety of local, national, and transnational contexts with particular attention to race, ethnicity, gender, and sexuality as categories that force us to rethink globalization itself.

*The Local Economy Solution* Michael Shuman, 2015-06-09 Reinventing economic development as if small business mattered In cities and towns across the nation, economic development is at a crossroads. A growing body of evidence has proven that its current cornerstone—incentives to attract and retain large, globally mobile businesses—is a dead end. Even those programs that

focus on local business, through buy-local initiatives, for example, depend on ongoing support from government or philanthropy. The entire practice of economic development has become ineffective and unaffordable and is in need of a makeover. The Local Economy Solution suggests an alternative approach in which states and cities nurture a new generation of special kinds of businesses that help local businesses grow. These cutting-edge companies, which Shuman calls “pollinator businesses,” are creating jobs and the conditions for future economic growth, and doing so in self-financing ways. Pollinator businesses are especially important to communities that are struggling to lift themselves up in a period of economic austerity, when municipal budgets are being slashed. They also promote locally owned businesses that increase local self-reliance and evince high labor and environmental standards. The book includes nearly two dozen case studies of successful pollinator businesses that are creatively facilitating business and neighborhood improvements, entrepreneurship, local purchasing, local investing, and profitable business partnerships. Examples include Main Street Genome (which provides invaluable data to improve local business performance), Supportland (which is developing a powerful loyalty card for local businesses), and Fledge (a business accelerator that finances itself through royalty payments). It also shows how the right kinds of public policy can encourage the spread of pollinator businesses at virtually no cost.

All Health Politics Is Local Merlin Chowkwanyun, 2022-05-09 Health is political. It entails fierce battles over the allocation of resources, arguments over the imposition of regulations, and the mediation of dueling public sentiments—all conflicts that are often narrated from a national, top-down view. In All Health Politics Is Local, Merlin Chowkwanyun shifts our

focus, taking us to four very different places—New York City, Los Angeles, Cleveland, and Central Appalachia—to experience a national story through a regional lens. He shows how racial uprisings in the 1960s catalyzed the creation of new medical infrastructure for those long denied it, what local authorities did to curb air pollution so toxic that it made residents choke and cry, how community health activists and bureaucrats fought over who'd control facilities long run by insular elites, and what a national coal boom did to community ecology and health. *All Health Politics Is Local* shatters the notion of a single national health agenda. Health is and has always been political, shaped both by formal policy at the highest levels and by grassroots community battles far below.
