**More Than Mayor Or Manager James H.**

Svara, Douglas J. Watson, 2010-12-02 More than Mayor or Manager offers in-depth case studies of fourteen large U.S. cities that have considered changing their form of government over the past two decades. The case studies shed light on what these constitutional contests teach us about different forms of government—the causes that support movements for change, what the advocates of change promised, what is at stake for the nature of elected and professional leadership and the relationship between leaders, and why some referendums succeeded while others failed. --
