Next Darrell Bricker, 2020-03-31 Longlisted for the National Business Book Award Where will the world go after COVID-19? CEO of Ipsos Public Affairs Darrell Bricker's prescient and timely new book has the insights and the data to understand what we are going through and why, and who we still are despite the disruption. While the world around us has changed, Bricker's extensive research and analysis resonate for the future. What's the fastest-growing sector in the housing market? Where should companies plan on setting up shop? Why do we face a population crisis? Which provinces will become the haves and which the have-nots? Where will Canadians be emigrating from, and where will they live? Should we be building more hockey arenas or basketball courts, or even cricket pitches? *Next* is the first book in decades that offers an honest, often provocative prescription for where we will live, what we'll be buying and who our leaders will be in the decades to come. Filled with stories of Canadians making critical decisions for their businesses and their personal lives, *Next* will appeal to a wide audience: anyone who is wondering where they should look for their next job or where they might plan on living in retirement—even how they will live in Canada's ever-changing future.

The Mountain Between Us Charles Martin, 2010-06-01 Now a major motion picture starring Kate Winslet and Idris Elba. An atmospheric, suspenseful and gripping story of two people finding love while fighting to survive. When a blizzard strands them in Salt Lake City, two strangers agree to charter a plane together, hoping to return home; Ben Payne is a gifted surgeon returning from a conference, and Ashley Knox, a magazine writer, is en route to her wedding. But when unthinkable tragedy strikes, the pair find themselves stranded in Utah's most remote wilderness in the dead of winter, badly injured and miles from civilization. Without food or shelter, and only Ben's mountain climbing gear to protect themselves, Ashley and Ben's chances for survival look bleak, but their reliance on each other sparks an immediate connection, which soon evolves into something more. Days in the mountains become weeks, as their hope for rescue dwindles. How will they make it out of the wilderness and if they do, how will this experience change them forever? Heart-wrenching and unputdownable, *The Mountain Between Us* will reaffirm your belief in the power of love to sustain us.

A Better Next Maren Cooper, 2019-05-28 Jess Lawson, a forty-five-year-old healthcare consultant, wife, and mother of two, has spent most of her adulthood fostering the illusion of having a perfect life. Her impending empty-nest syndrome as her youngest child prepares to start college is troubling enough, but when her doctor husband, Arthur, announces his intention to take a prestigious new job on the other side of the country—and relocate without Jess—her world quickly crumbles. Amid their acrimonious divorce, revelations about Arthur's infidelity come to light; and at work, instead of the revitalized career Jess is hoping for, she uncovers surprising financial corruption that threatens a scandal for her client—and the well-being of the many unsuspecting patients and physicians they serve. Ultimately, this superwoman is forced to acknowledge that her put-together veneer can't hold up under the weight of these new burdens. She also, however, refuses to wallow in victimhood. So what now? A smart, relatable story for every woman who's gone bold to sort out her next chapter, *A Better Next* shows how—with a little soul searching and a supportive circle of friends and colleagues—it's possible to redefine happiness and establish a liberating, new normal at any stage of life.

What Happens Next Colleen Clayton, 2012-10-09 How can you talk about something that you can't remember? Before the ski trip, Cassidy Sid Murphy was a cheerleader (on the bottom of the pyramid, but still...) and a straight-A student, with two of the best friends a girl could ask for. When Sid finds herself on a ski lift with hunky local college guy, Dax Windsor, she's thrilled. Come to a party with me, he tells her, but Dax isn't what he seems. He takes everything from Sid—including a lock of her perfect red curls—and she can't remember any of it. After the ski trip, Sid is an insomniac and an obsessive late-night runner, unable to relate to her old friends. Caught in a downward spiral, Sid drops her college prep classes and takes up residence in the A/V room with only Corey The Living Stoner Livingston for company. But as she gets to know Corey—slacker, baker, total dreamboat—Sid finds someone who truly makes her happy. Now, if only she could shake the nightmares, everything would be perfect... Witty and poignant, Colleen Clayton's debut is a stunning story of moving on after the unthinkable happens.

Where to Invade Next Stephen Elliott, 2008 About ten days after 9/11, I went through the Pentagon and I saw Secretary Rumsfeld and Deputy Secretary Wolfowitz. I went downstairs just to say hello to some of the people on the Joint Staff who used to work for me, and one of the generals called me in. He said, Sir, you've got to come in and talk to me a second. I said, Well, you're too busy. He said, No, no. He says, We've made the decision we're going to war with Iraq. This was on or about the twentieth of September... So I came back to see him a few weeks later, and by that time we were bombing in Afghanistan. I said, Are we still going to war with Iraq? And he said, Oh, it's worse than that. He reached over on his desk. He picked up a piece of paper. And he said, I just got this down from upstairs (meaning the Secretary of Defense's office) today. And he said, This is a memo that describes how we're going to take out seven countries in five years. -- General Wesley Clark, February 27, 2007

Next Kevin Waltman, 2013-11-18 In Indiana, basketball is the next thing to religion. Especially for inner-city black kids like Derrick Bowen. He's a 6'3 freshman, lightning quick, and he can slam the rock. He wants to start at point guard for Marion High, but senior Nick Starks has that nailed down. Besides, the coach is old school. He thinks D-Bow needs to work on his game, his shot, and his attitude. That means bench time. And that's when Hamilton Academy, the elite school in the suburbs, comes sniffing around. They want D-Bow for the next three years. His mom wants no part of that. But his father needs a job, and Uncle Kid, who is a bitter ex-star at Marion High, has his own plans. Yeah, there's a pretty girl and a best friend in the mix. Plus plenty of basketball action and suspense just like high school boys like to read. Kevin Waltman, a native of Indianapolis, Indiana, was a high school player and remains a huge basketball fan. Next is his third YA novel. His first two, both from Scholastic, are *Nowhere Fast* (2002) and *Learning the Game* (2005). Kevin is an instructor at the University of Alabama where he lives with his wife Jessica, their daughter Calla, and their dog Henry.

What to Say Next Sarah Nannery, Larry Nannery, 2021-03-30 Using her personal experience living as a professional woman with Autism Spectrum Disorder, Sarah Nannery, together with her husband, Larry, offers this timely communication guide for anyone on the Autism spectrum looking to successfully navigate work, life, and love. When Sarah Nannery got her first job at a small nonprofit, she thought she knew exactly what it would take to advance. But soon she realized that even with hard work and conscientiousness, she was missing key meanings and messages embedded in her colleagues' everyday requests, feedback, and praise. She had long realized her brain operated differently than others, but now she knew for sure: she had Autism Spectrum Disorder (ASD). With help from her neurotypical partner—now husband—Larry, mostly in frantic IM chats, Sarah rose to Director of Development at one of the world's largest nonprofits. Together they have tackled challenges in how Sarah navigates personal and professional relationships, how they navigate marriage and parenthood, all of which are differently challenging for someone with ASD. But she wonders, at times, how life would be different if she'd had to figure it all out herself. So, in *What to Say Next*, she offers advice, empathy, and straightforward strategies from her own tool-kit—not only for others who see the world differently, but for their families, partners and colleagues. In *What to Say Next*, Sarah breaks down everyday situations—the chat in the break room, the last-minute meeting, the unexpected run-in—in granular detail, explaining not only how to understand the goals of others, but also how to frame your own. Larry adds his thoughts from a neurotypical perspective, sharing what was going on in his brain and how he learned to listen and enlighten, while supporting and maintaining Sarah's voice. At a time when more and more people are being diagnosed with ASD—especially women and girls—this book tells important truths about what it takes to make it in a neurotypical world, and still be true to yourself.
