The Encyclopedia of Police Science Jack R. Greene, 2007 First published in 1996, this work covers all the major sectors of policing in the United States. Political events such as the terrorist attacks of September 11, 2001, have created new policing needs while affecting public opinion about law enforcement. No More Police Mariame Kaba, Andrea J. Ritchie, 2022-08-30 An instant national best seller A persuasive primer on police abolition from two veteran organizers "One of the world's most prominent advocates, organizers and political educators of the [abolitionist] framework." —NBCNews.com on Mariame Kaba In this powerful call to action, New York Times bestselling author Mariame Kaba and attorney and organizer Andrea J. Ritchie detail why policing doesn't stop violence, instead perpetuating widespread harm; outline the many failures of contemporary police reforms; and explore demands to defund police, divest from policing, and invest in community resources to create greater safety through a Black feminist lens. Centering survivors of state, interpersonal, and community-based violence, and highlighting uprisings, campaigns, and community-based projects, No More Police makes a compelling case for a world where the tools required to prevent, interrupt, and transform violence in all its forms are abundant. Part handbook, part road map, No More Police calls on us to turn away from systems that perpetrate violence in the name of ending it toward a world where violence is the exception, and safe, well-resourced and thriving communities are the rule.

City Police Jonathan Rubinstein, 1980-09 This landmark 1973 study of city policemen portrays in detail work on the street, the way police regard their work, the way they deal day-by-day with suspects and criminals, with colleague and superiors, and with the general public. Jonathan Rubinstein spent over a year with the Philadelphia police force, riding second man in patrol cars on all shifts, and from this experience he describes every aspects of a policeman's working life: his conception of the place he polices; his sense of territory; the extent of his knowledge of the people he polices; his technique for surveillance of his area; his use of the tools of the trade to control people; his complicated relationships with his coworkers and his sergeant, who dominates his working life. And, of course, he deals extensively with the eternal problems of corruption and brutality. Written with great insight and without pro- or anti-police bias, City Police is rich in illustrative incidents and serves as an excellent model for future studies of police work.

The Food Police Jayson Lusk, 2013-04-16 A rollicking indictment of the liberal elite's hypocrisy when it comes to food. Ban trans-fats? Outlaw Happy Meals? Tax Twinkies? What's next? Affirmative action for cows? A catastrophe is looming. Farmers are raping the land and torturing animals. Food is riddled with deadly pesticides, hormones and foreign DNA. Corporate farms are wallowing in government subsidies. Meat packers and fast food restaurants are exploiting workers and tainting the food supply. And Paula Deen has diabetes! Something must be done. So says an emerging elite in this country who think they know exactly what we should grow, cook and eat. They are the food police. Taking on the commandments and condescension the likes of Michael Pollan, Alice Waters, and Mark Bittman, *The Food Police* casts long overdue skepticism on fascist food snobbery, debunking the myths propagated by the food elite. You'll learn: - Organic food is not necessarily healthier or tastier (and is certainly more expensive). - Genetically modified foods haven't sickened a single person but they have made farmers more profitable and they do hold the promise of feeding impoverished Africans. - Farm policies aren't making us fat. - Voguish locavorism is not greener or better for the economy. - Fat taxes won't slim our waists and fixing school lunch programs won't make our kids any smarter. - Why the food police hypocritically believe an iPad is a technological marvel but food technology is an industrial evil So before Big Brother and Animal Farm merge into a socialist nightmare, read *The Food Police* and let us as Americans celebrate what is good about our food system and take back our forks and foie gras before it's too late!

The Memory Police Yoko Ogawa, 2020-07-28 Finalist for the International Booker Prize and the National Book Award A haunting Orwellian novel about the terrors of state surveillance, from the acclaimed author of *The Housekeeper* and *The Professor*. On an unnamed island, objects are disappearing: first hats, then ribbons, birds, roses. . . . Most of the inhabitants are oblivious to these changes, while those few able to recall the lost objects live in fear of the draconian Memory Police, who are committed to ensuring that what has disappeared remains forgotten. When a young writer discovers that her editor is in danger, she concocts a plan to hide him beneath her floorboards, and together they cling to her writing as the last way of preserving the past. Powerful and provocative, *The Memory Police* is a stunning novel about the trauma of loss. Police: A Field Guide David Correia, Tyler Wall, 2018-03-13 A radical guide to the language of policing This field guide arms activists—and indeed anyone concerned about police abuse—with critical insights that ultimately redefine the very idea of policing. When we talk about police and police reform, we speak the language of police legitimation through euphemism. So state sexual assault becomes “body-cavity search,” and ruthless beatings “non-compliance deterrence.” In entries such as “police dog,” “stop and frisk,” and “rough ride,” the authors expose the way “copspeak” suppresses the true meaning and history of law enforcement. In field guide fashion, they reveal a world hidden in plain view. The book argues that a redefined language of policing might help us

chart a future that's free. Including explanations of newsmaking terms such as "deadname," "kettling," and "qualified immunity," and a foreword by leading justice advocate Craig Gilmore.

The Police and the Ghetto John Cooper, 2000-12 The Black Ghettos are no descendents. They are political statements forced upon the minorities by the majority. The ghettos are to house throwaway people and keep them out of the mainstream. In this the guard, the police are not there to catch wrong doers, but rather they are there in the ghetto to help maintain the status quo and social order.

Police!!! Robert William Chambers, 2020-09-28 On a beautiful day in spring as I was running as hard as I could run pursued by the New York police and a number of excited citizens, my mind, which becomes brilliantly active under physical exhilaration, began to work busily. I thought about all sorts of things: I thought about hard times and financial depression and about our great President who is in a class all alone with himself and soon to become extinct; I thought about art and why there isn't any when it's talked about; I thought of macro-lepidoptera, of metagrammatism, monoliths, manicures, and monsoons. And all the time I was running as fast as I could run; and the faster I ran the more things I thought about until my terrific pace set my brain whizzing like a wheel. I felt no remorse at having published these memoirs of my life—which was why the police and populace were pursuing me, maddened to frenzy by the fearless revelation of mighty scientific truths in this little volume you are about to attempt to read. *Ubi cumque ars ostentatur, veritas abesse videtur!* I thought about it clearly, calmly, concisely as I fled. The maddened shouts of the prejudiced populace did not disturb me. Around and around the Metropolitan Museum of Art I ran; the inmates of that institution came out to watch me and they knew at a glance that I was one of them for they set up a clamor like a bunch of decoy ducks when one of their wild comrades comes whirling by. Police! Police! they shouted; but I went careering on uptown, afraid only that the park squirrels might club together to corner me. There are corners in grain. Why not in—but let that pass. I took the park wall in front of the great Mr. Carnegie's cottage at a single bound. He stood on his terrace and shouted, Police! He was quite logical. The Equal Franchise Society was having a May party in the park near the Harlem Mere. They had chosen the Honorable William Jennings Bryan as Queen of the May. He wore low congress-gaiters and white socks; he was walking under a canopy, crowned with paper flowers, his hair curled over his coat collar, the tips of his fingers were suavely joined over his abdomen.

Police Administration Gary W. Corder, 2016-03-02 This national best-selling text examines police administration from multiple perspectives: a systems perspective (emphasizing the interrelatedness among units and organizations); a traditional, structural perspective (administrative principles, management functions, and the importance of written guidelines); a human behavioral perspective (the human element in organizations); and a strategic management perspective (communications and information systems, performance evaluation, strategies and tactics, and prevailing and promising approaches to increasing effectiveness of police agencies). Coverage of management functions and organizational principles is streamlined while providing a stronger emphasis on diversity principles and on developing police agencies as learning organizations. A

concluding chapter covers contemporary issues, including community engagement, collaboration, globalization, racial profiling, mass media, cybercrime, terrorism and homeland security. Report of the General Superintendent of Police of the City of Chicago ... Chicago (Ill.). Police Dept,1891

Mob Cop Fred Pascente, Sam Reaves, 2015-06-01 Former Chicago police officer and mafia associate Fred Pascente is the man who links Tony Spilotro, a central character in Nicholas Pileggi's *Casino* and one of Chicago's most notorious mob figures, to William Hanhardt, chief of detectives of the Chicago Police Department. Pascente and Spilotro grew up together on Chicago's Near West Side, and as young toughs they were rousted and shaken down by Hanhardt. While Spilotro became one of the youngest made men in Chicago Outfit history, Pascente was drafted into the army and then joined the police department. Soon taken under Hanhardt's wing, Pascente served as Hanhardt's fixer and bagman on the department for more than a decade. At the same time, Pascente remained close to Spilotro, making frequent trips to Las Vegas to party with his old friend while helping to rob the casinos blind. *Mob Cop* tells about the decline of traditional organized crime in the United States, and it reveals information about the inner workings of the Outfit that have never been publicly released. Fred Pascente's positions as an insider on both the criminal and law enforcement fronts make this story a matchless tell-all. Fred Pascente was a Chicago police officer for twenty-six years and a professional thief with close ties to the mafia. He died in 2014. Sam Reaves is the author of ten novels and has served as president of the Midwest chapter of the Mystery Writers of America. He lives in Evanston, Illinois.
