Fully Present Susan L. Smalley, Diana Winston, 2022-12-27 "Excellent. Fully Present offers one of the clearest introductions to mindfulness in the field." –Library Journal Mindfulness has attracted ever-growing interest and tens of thousands of practitioners, who have come to the discipline from both within and outside the Buddhist tradition. In Fully Present, leading mindfulness researchers and educators Dr. Sue Smalley and Diana Winston provide an

all-in-one guide for anyone interested in bringing mindfulness to daily life as a means of enhancing well-being. This new edition, now with a new afterword, provides both a scientific explanation for how mindfulness positively and powerfully affects the brain and the body as well as practical guidance to develop both a practice and mindfulness in daily living, not only through meditation but also during daily experiences. Now, you can wait in line at the supermarket, exercise, or face difficult news with calm and mental fortitude. Ditch the absent-minded lifestyle and begin bringing your full self and your full mind everywhere. With research studies, personal accounts, and practical applications, *Fully Present* highlights how things like simply breathing, listening, and walking can change your perspective--and your life.

Being Present Jeanine W. Turner, Jeanine Turner, 2022 *Being Present* offers a framework to navigate social presence at work and at home. By exploring four primary communication choices--budgeted, entitled, competitive, and invitational--author Jeanine W. Turner shows when and where to employ each strategy to most effectively communicate in modern life.

What Is the Present? Michael North, 2018-06-12 A provocative new look at concepts of the present, their connection to ideas about time, and their effect on literature, art, and culture The problem of the present--what it is and what it means--is one that has vexed generations of thinkers and artists. Because modernity places so much value on the present, many critics argue that people today

spend far too much time in the here and now—but how can we tell without first knowing what the here and now actually is? *What Is the Present?* takes a provocative new look at this moment in time that remains a mystery even though it is always with us. Michael North tackles puzzles that have preoccupied philosophy, neuroscience, psychology, history, and aesthetic theory and examines the complex role of the present in painting, fiction, and film. He engages with a range of thinkers, from Aristotle and Augustine to William James and Henri Bergson. He draws illuminating examples from artists such as Fra Angelico and Richard McGuire, filmmakers like D. W. Griffith and Christopher Nolan, and novelists such as Elizabeth Bowen and Willa Cather. North offers a critical analysis of previous models of the present, from the experiential present to the historical period we call the contemporary. He argues that the present is not a cosmological or experiential fact but a metaphor, a figurative relationship with the whole of time. Presenting an entirely new conception of the temporal mystery Georg Lukács called the unexplained instant, *What Is the Present?* explores how the arts have traditionally represented the present—and also how artists have offered radical alternatives to that tradition.

The Present Bob Gill, 2010-09-29 The carefully wrapped present was perched half-hidden on his parents' closet shelf. Arthur, a little boy with a very large imagination, feverishly tried to guess what it might contain. A pet? A shiny trumpet? A new computer? The possibilities were almost

endless. All for him and him alone—until the doorbell interrupted his reverie. What happened next is a remarkable and soul-satisfying reminder that the act of sharing is perhaps the greatest present of all. A simple and timeless tale of spontaneous generosity, told with understated humor, a great warmth and a brilliantly direct graphic style which go to the very heart of the human experience. With the gentle insight of *A Cup of Christmas Tea* and the resonant innocence of *The Giving Tree*, Bob Gill's book is destined to become a best-loved gift about gift-giving.

The Stormy Present Adam I. P. Smith, 2017-10-06
In this engaging and nuanced political history of Northern communities in the Civil War era, Adam I. P. Smith offers a new interpretation of the familiar story of the path to war and ultimate victory. Smith looks beyond the political divisions between abolitionist Republicans and Copperhead Democrats to consider the everyday conservatism that characterized the majority of Northern voters. A sense of ongoing crisis in these Northern states created anxiety and instability, which manifested in a range of social and political tensions in individual communities. In the face of such realities, Smith argues that a conservative impulse was more than just a historical or nostalgic tendency; it was fundamental to charting a path to the future. At stake for Northerners was their conception of the Union as the vanguard in a global struggle between democracy and despotism, and their ability to navigate their freedoms through the stormy waters of modernity. As a result, the language of conservatism was peculiarly, and revealingly, prominent in Northern politics during these years. The story this book tells is of conservative people coming, in the end, to accept radical change.

Present Imperfect Andrew van der Vlies, 2017-05-19 *Present Imperfect* asks how South African writers have responded to the end of

apartheid, to the hopes that attended the birth of the 'new' nation in 1994, and to the inevitable disappointments that have followed. The first full-length study of affect in South Africa's literature, it understands 'disappointment' both as a description of bad feeling and as naming a missed appointment with all that was promised by the anti-colonial and anti-apartheid Struggle (a dis-appointment). Attending to contemporary writers' treatment of temporality, genre, and form, it considers a range of negative feelings that are also experiences of temporal disjuncture-including stasis, impasse, boredom, disaffection, and nostalgia. *Present Imperfect* offers close readings of work by a range of writers - some known to international Anglophone readers including J.M. Coetzee, Nadine Gordimer, Ivan Vladislavic, and Zoë Wicomb, some slightly less well-known including Afrikaans-language novelists Marlene van Niekerk and Ingrid Winterbach, and others from a new generation including Songeziwe Mahlangu and Masande Ntshanga. It addresses key questions in South African studies about the evolving character of the historical period in which the country now finds itself. It is also alert to wider critical and theoretical conversations, looking outward to make a case for the place of South African writing in global conversations, and mobilizing readings of writing marked in various ways as 'South African' in order to complicate the contours of World Literature as category, discipline, and pedagogy. It is thus also a book about the discontents of neoliberalism, the political energies of reading,

and the fates of literature in our troubled present.
