The Ringtone Dialectic Sumanth Gopinath,2013-07-19 The rise and fall of the ringtone industry and its effect on mobile entertainment, music, television, film, and politics. A decade ago, the customizable ringtone was ubiquitous. Almost any crowd of cell phone owners could produce a carillon of tinkly, beeping, synthy, musicalized ringer signals. Ringtones quickly became a multi-billion-dollar global industry and almost as quickly faded away. In *The Ringtone Dialectic*, Sumanth Gopinath charts the rise and fall of the ringtone economy and assesses its effect on cultural production. Gopinath describes the technical and economic structure of the ringtone industry, considering the transformation of ringtones from monophonic, single-line synthesizer files to polyphonic MIDI files to digital sound files and the concomitant change in the nature of capital and rent accumulation within the industry. He discusses sociocultural practices that seemed to wane as a result of these shifts, including ringtone labor, certain forms of musical notation and representation, and the creation of musical and artistic works quoting ringtones. Gopinath examines “declines,” “reversals,” and “revivals” of cultural forms associated with the ringtone and its changes, including the Crazy Frog fad, the use of ringtones in political movements (as in the Philippine “Glorigate” scandal), the ringtone's narrative function in film and television (including its striking use in the films of the Chinese director Jia Zhangke), and the ringtone's relation to pop music (including possible race and class aspects of ringtone consumption). Finally, Gopinath considers the attempt to rebrand ringtones as “mobile music” and the emergence of cloud computing.

The Ringtone Anoosh Arta,2023-09-07 Sometimes we are damaged by people we know, trust, and love. This damage shocks us and sends us into a state of emotional numbness for a while. We trap ourselves in a constant inner fight to believe the reality of the damage. We blame ourselves. We get shocked and unwantedly disappointed. We question our self-worth. We review what has happened in our mind and look for an excuse to change the whole perception. We enrage, hold grudges, and we plot our revenge. This bitter fight will never end unless we change the purpose of the fight to find our true selves. We can either give in and play the victim or get on the journey to become strong and unfold our real value. The journey is there; grab your tools and go for the breakthrough.
