Irrigation and Reclamation

**Computation of the Littoral Regime of the Shore of San Francisco County, California, by Automatic Processing Methods** Robert L. Street,Theodor Mogel,Byrne Perry,1969

**Deadly San Diego** Steve Willard,2022-10-03 Delve into a world of cold cases, serial killers, and false confessions pulled straight from the archives of the San Diego Police Department. From a rash of attacks in Balboa Park to the slayings of two police officers that remain unsolved to this day, detectives have investigated several vexing and violent cases over the years. In 1931, the murder of ten-year-old Virginia Brooks was initially linked to serial slayer Gordon Stewart Northcott, later hung for his crimes, while the mysterious death of young Dalbert Aposhian languished for seventy-two years before modern forensics closed it. Join author Steve Willard as he pulls back the curtain on San Diego's dark side.

**Oceanographic Data Report San Clemente Island Area, October to December 1966** Robert Oser,1967  
*Southern Pacific Transportation Company Discontinuance of Passenger Trains Between San Francisco and San Jose* ,1978  
*Draft Environmental Impact Statement for Military Family Housing for the San Diego Region, County of San Diego, California* ,2003

**San Marcos** David R. Butler,2016-02-15 San Marcos, Texas, permanently settled in 1846, was founded by former members of John C. Hays's company of Texas Rangers. The town was designated the county seat of Hays County by the Texas legislature in 1848 and was formally laid out in 1851. A center for local commerce associated with cattle and cotton production, San Marcos became an educational center with the chartering in 1899 and subsequent opening in 1903 of the Southwest Texas State Normal School. The normal school is now Texas State University, the fourth largest university in Texas with more than 36,000 students. This volume tells the story of a formerly sleepy college town on the edge of the Texas Hill Country that has become the fastest-growing city in the United States.

*San Antonio Missions National Historical Park* Gilberto R. Cruz,1983  
*San Rafael Canal, Marin County Shoreline Study, Tidal Flood Damage Reduction* ,1993  
*Empress San Francisco* Abigail M. Markwyn,2014-10-01 When the more than 18 million visitors poured into the Panama-Pacific International Exposition (PPIE) in San Francisco in 1915, they encountered a vision of the world born out of San Francisco's particular local political and social climate. By seeking to please various constituent groups ranging from the government of Japan to local labor unions and neighborhood associations, fair organizers generated heated debate and conflict about who and what represented San Francisco, California, and the United States at the world's fair. The PPIE encapsulated the social and political tensions and conflicts of pre-World War I California and presaged the emergence of San Francisco as a cosmopolitan cultural and economic center of the Pacific Rim. *Empress San Francisco* offers a fresh examination of this, one of the largest and most influential world's fairs, by considering the local social and political climate of Progressive Era San Francisco. Focusing on the influence exerted by women, Asians and Asian Americans, and working-class labor unions, among others, Abigail M. Markwyn offers a unique analysis both of this world's fair and the social construction of pre-World War I America and the West.

*Ecological Studies of the Sacramento-San Joaquin Estuary* ,1966  
**Plague, Fear, and Politics in San Francisco's Chinatown** Guenter B. Risse,2012-03-14 When health officials in San Francisco discovered bubonic plague in their city's Chinatown in 1900, they responded with intrusive, controlling, and arbitrary measures that touched off a sociocultural conflict still relevant today. Guenter B. Risse's history of an epidemic is the first to incorporate the voices of those living in Chinatown at the time, including the desperately ill Wong Chut King, believed to be the first person infected. Lasting until 1904, the plague in San Francisco's Chinatown reignited racial prejudices, renewed efforts to remove the Chinese from their district, and created new tensions among local, state, and federal public health officials quarreling over the presence of the deadly disease. Risse's rich, nuanced narrative of the event draws from a variety of sources, including Chinese-language reports and accounts. He addresses the ecology of Chinatown, the approaches taken by Chinese and Western medical practitioners, and the effects of quarantine plans on Chinatown and its residents. Risse explains how plague threatened California's agricultural economy and San Francisco's leading commercial role with Asia, discusses why it brought on a wave of fear mongering that drove perceptions and intervention efforts, and describes how Chinese residents organized and successfully opposed government quarantines and evacuation plans in federal court. By probing public health interventions in the setting of one of the most visible ethnic communities in United States history, *Plague, Fear, and Politics in San Francisco's Chinatown* offers insight into the clash of Eastern and Western cultures in a time of medical emergency.

*USA, San Francisco, Northern California, and Northern Nevada* ,1980  
*Pocket Rough Guide San Francisco: Travel Guide eBook* Rough Guides,2023-12-01 This compact, practical and entertaining travel guide to San Francisco will help you discover the best of the destination.
