Running with Scissors Augusten

Burroughs, 2010-04-01 The #1 New York Times bestselling memoir from Augusten Burroughs, *Running with Scissors*, now a Major Motion Picture! *Running with Scissors* is the true story of a boy whose mother (a poet with delusions of Anne Sexton) gave him away to be raised by her psychiatrist, a dead-ringer for Santa and a lunatic in the bargain. Suddenly, at age twelve, Augusten Burroughs found himself living in a dilapidated Victorian in perfect squalor. The doctor's bizarre family, a few patients, and a pedophile living in the backyard shed completed the tableau. Here, there were no rules, there was no school. The Christmas tree stayed up until summer, and Valium was eaten like Pez. And when things got dull, there was always the vintage electroshock therapy machine under the stairs.... *Running with Scissors* is at turns foul and harrowing, compelling and maniacally funny. But above all, it chronicles an ordinary boy's survival under the most extraordinary circumstances.

Henri's Scissors Jeanette Winter, 2013-08-27 Step into the colorful world of Henri Matisse and his

magnificent paper cutouts in this biography by acclaimed picture book creator Jeanette Winter. In a small weaving town in France, a young boy named Henri-Emile Matisse drew pictures everywhere, and when he grew up, he moved to Paris and became a famous artist who created paintings that were adored around the world. But late in life a serious illness confined him to a wheelchair, and amazingly, it was from there that he created among his most beloved works—enormous and breathtaking paper cutouts. Based on the life of Henri Matisse, this moving and inspirational picture book biography includes a note from the author, dynamic quotes from Matisse himself, and an illuminating look at a little-known part of a great artist's creative process.

Rock Paper Scissors Alice Feeney, 2021-09-07
INSTANT NEW YORK TIMES BESTSELLER "Feeney lives up to her reputation as the "queen of the twist"...This page-turner will keep you guessing."
—Real Simple Think you know the person you married? Think again... Things have been wrong with Mr and Mrs Wright for a long time. When Adam and Amelia win a weekend away to Scotland, it might be just what their marriage needs. Self-confessed workaholic and screenwriter Adam Wright has lived with face blindness his whole life. He can't recognize friends or family, or even his own wife. Every anniversary the couple exchange traditional gifts--paper, cotton, pottery, tin-- and each year Adam's wife writes him a letter that she never lets him read. Until now. They both know this weekend will make or break their marriage, but they didn't randomly win this trip. One of

them is lying, and someone doesn't want them to live happily ever after. Ten years of marriage. Ten years of secrets. And an anniversary they will never forget. *Rock Paper Scissors* is the latest exciting domestic thriller from the queen of the killer twist, New York Times bestselling author Alice Feeney.

Scissors Stéphane Michaka, 2014-05-06 Based on the life of the great short-story writer Raymond Carver, *Scissors* is a compassionate and convincing portrayal of the creative life. An alcoholic with no money, Raymond's writing career is going nowhere. When the charismatic editor Douglas, known ominously as "Scissors" among his peers, takes an interest in his stories, Raymond finally has a chance to make his mark—but he must decide between fame and artistic integrity. As Raymond wrestles with the dramatic changes Douglas insists he make to his manuscripts, his family has their own ideas about the form his work should take, and these, too, cannot be ignored. Calling into question the meaning of literary ownership, and capturing the compulsions, rewards, frustrations, and affinities with tragedy that come with the writerly life, *Scissors* is a story about love, loneliness, and the ways in which fiction can bring us together—and tear us apart.

American Scissors and Shears Philip R. Pankiewicz, 2013 *American Scissors and Shears* provides an historical overview of more than 100 companies and individuals involved in producing scissors and shears in the United States from the mid-1800s to approximately 1930. Accompanying and enhancing the text are hundreds of photographs, advertisements, and patents of the many varieties of antique and vintage scissors produced during this time period. The book will prove invaluable to tool collectors, cutlery collectors (including knives and scissors), sewing enthusiasts, history buffs in general, and to those interested in early American industries. Some books have provided broad overviews of the history of scissors; others

have investigated sewing implements, including scissors. None to date have provided the in-depth survey of American-made scissors presented in *American Scissors and Shears*.

Rock, Paper, Scissors Len Fisher, 2008-11-04
Praised by Entertainment Weekly as “the man who put the fizz into physics,” Dr. Len Fisher turns his attention to the science of cooperation in his lively and thought-provoking book. Fisher shows how the modern science of game theory has helped biologists to understand the evolution of cooperation in nature, and investigates how we might apply those lessons to our own society. In a series of experiments that take him from the polite confines of an English dinner party to crowded supermarkets, congested Indian roads, and the wilds of outback Australia, not to mention baseball strategies and the intricacies of quantum mechanics, Fisher sheds light on the problem of global cooperation. The outcomes are sometimes hilarious, sometimes alarming, but always revealing. A witty romp through a serious science, *Rock, Paper, Scissors* will both teach and delight anyone interested in what it takes to get people to work together.

For his entire life, his nightmares have been haunted by the snick-snick-snick of the doctor's scissors. Now a divorced, unemployed adult with a troubled teenage son, Stuart is trying to hold his life together...when Dr. Ferguson suddenly shows up again. He's not confined to nightmares anymore. He's very real. And he is determined to perform that same horrible procedure on Stuart's son. But all these years later, Dr. Ferguson looks exactly as he did when Stuart was a boy. The Super Scissors Book Paula Hannigan,2006 In

all, there are 13 projects in The Super Scissors Book with fully illustrated, crystal-clear instructions so simple even a parent could follow them. Scissors, Rock and Paper Doll Gabriel S. De Anda, 2011-08-01 Clay Tyler, former Iceman for Axis military intelligence, has been hired by the wealthy heir of Tiano-Song Empirix to locate a young woman who apparently doesn't want to be found. But as he struggles to understand the shroud of mystery surrounding this assignment, it becomes increasingly and dangerously clear that TSE are not the only ones looking for her. Who is Truman Ferry, and what does she have that everyone wants? So begins an interstellar chase that crosses paths with a starship, The Bateau Ivre, captained by a young Terran national and the electronic ghost of his dead sister, Clay's former wife; with the Giordano Bruno Resistance, a terrorist cabal fighting the chokehold of Solarian hegemony; and a smooth and elegant charmer, Rhay Sterling, who knows exactly who Truman Ferry is, and her value to a budding galactic struggle. The light of every star, says an Iceman slogan, leads to Earth, and it is back to Terra Alba and the Solarian enclave that all the parties find themselves rushing, each one seeking something different: art, commerce, techno-espionage, power, justification, and that most fragile and unstable of elements, love. And from somewhere outside the

working senses of humans, a nebulous sentience is growing, watching from its pocket universe, and quietly waiting. But for what?
