Seeking Kwame Senu Neville Dawes, Marjory Wentworth, 2013 The best art has the uncanny ability not only to give pleasure to those who view it but also to lead to a desire to respond. The best artists are a force for all art, and renowned Gullah artist Jonathan Green's work has inspired a wide range of responses from artists around the world. In *Seeking* we see how Green's art prompts works of poetry, prose, and memoir. *Seeking's* evocative power lies in the intimacy of this dialogue, which speaks to the shared sense of landscape and culture that Green stirs in these writers, ranging from close friends and fellow artists from his home state of South Carolina to nationally established authors who regard Green's work as an important cultural institution. The contributors have allowed themselves to be challenged by Green's brilliance, his honesty, his intense spirituality, and his deep love of people. Inspired by a personal quest toward induction into a spiritual community, Green's painting *Seeking* is rich with history, myth, and truth. The writers in this collection have found fertile ground for their own responses to Green's work, and the result is an engaging and enlivening chorus of celebratory voices. Edited by Kwame Dawes and Marjory Wentworth, this collection features eleven color paintings by Green in addition to a preface on the history of the project, information on the painting *Seeking*, and an artist's statement.

**Rents, Rent-Seeking and Economic Development** Mushtaq Husain Khan, Jomo Kwame Sundaram, 2000-09-07 The concepts of rents and rent-seeking are central to any discussion of the processes of economic development. Yet conventional models of rent-seeking are unable to explain how it can drive decades of rapid growth in some countries, and at other times be associated with spectacular economic crises. This book argues that the rent-seeking framework has to be radically extended by incorporating insights developed by political scientists, institutional economists and

political economists if it is to explain the anomalous role played by rent-seeking in Asian countries. It includes detailed analysis of Thailand, Malaysia, the Philippines, the Indian sub-continent, Indonesia and South Korea. This new critical and multidisciplinary approach has important policy implications for the debates over institutional reform in developing countries. It brings together leading international scholars in economics and political science, and will be of great interest to readers in the social sciences and Asian studies in general.

**Seeking Freedom** Paulina C. Moss, Levern Hill, 2002

*Youth Information-seeking Behavior II* Mary K. Chelton, Colleen Cool, 2007 Presents an historical overview of the literature on children's use and understanding of electronic information systems.

**Seeking Justice** Keith Hebden, 2013-01-25 "Cause us trouble Keith, but not too much trouble," these were final words of advice from a bishop to a new curate the day before his ordination. This

book is the result of much reflection on that advice. Keith Hebden, parish priest and spiritual activist brings action and theory together with ideas that are as practical, accessible and exciting as the activism they underwrite. Beginning with the conviction that Jesus was an activist who was deeply committed to community, this book seeks to explore ways in which each of us can challenge the unjust structures that keep us from realising our full and common humanity. Seeking Justice is a timely reminder of our need to face up to our personal ability to change the world we live in and the urgency of the task ahead. ,

Seeking and Resisting Compliance Steven R Wilson, 2002-07-10 Why do individuals say what they do during everyday face-to-face influence interactions? How do people seek or resist compliance in different relational, institutional, and cultural contexts? Linking theory and research to salient, real life examples and recent academic studies, Steven Wilson introduces the reader to the theories, systems of message analysis, complexities and nuances of interpersonal persuasion. Seeking and Resisting Compliance is the only single-authored, interdisciplinary text to explore compliance gaining and resistance from a message production perspective. This incisive, clearly written text is ideal for students, scholars, and anyone interested in interpersonal influence and persuasion in everyday interactions. Recommended for graduate and upper-level undergraduate courses in persuasion as well as special topics courses in interpersonal influence, social psychology, and sociolinguistics. Features of this text: Ground breaking, specific focus on message production as opposed to only message effects. Multiple theoretical perspectives are presented and the vast body of research from communication, psychology, linguistics, philosophy and related fields is reviewed. Student-friendly pedagogy, such as definitions, examples, and sections describing common assumptions about various theories engage students and highlight important concepts. Steven Wilson currently is an Associate

Professor and Director of Graduate Studies in the Department of Communication at Purdue University. He is one of five associate editors for the interdisciplinary journal *Personal Relationships*, and past chair of the International Communication Association's Interpersonal Communication division. His research and teaching focus on interpersonal influence and message production in a variety of contexts, from parent-child interaction in abusive families to intercultural business negotiations. He has published nearly forty articles and book chapters on these topics.

**Seeking Understanding** Calvin College, 2001-09-19 The Stob Lectures, sponsored annually by Calvin College and Calvin Theological Seminary, have drawn some of today's most celebrated Christian thinkers in the fields of ethics, apologetics, and philosophical theology. This volume collects under one cover each of the Stob Lectures delivered from 1986 to 1998. Comprised of thirteen learned, relevant, and well-crafted addresses, *Seeking Understanding* presents a diverse range of significant topics, illumined in engaging ways by the scholars who know them best. Lewis B. Smedes's inaugural lecture examines the subject of commitment. James M. Gustafson follows with a look at moral discourse, while Peter Kreeft speaks on immortality. Alvin Plantinga explores the nature of Christian scholarship, and Marty E. Marty surveys the denominational landscape. Allen D. Verhey probes key issues in medical ethics, while Nicholas P. Wolterstorff compares neo-Calvinism and Yale theology. Other lectures feature Dewey J. Hoitenga Jr. on happiness, John Feikens on conflict, George I. Mavrodes on philosophy, Arthur F. Holmes on Christian education, and J. Harold Ellens on dysfunction. Eleanore Stump rounds out the volume with an insightful discussion of the problem of evil. Illustrative of the same depth of thinking, scholarly passion, and clarity of expression that characterized the work of the man whom these lectures honor, Henry J. Stob, *Seeking Understanding* is both a valuable omnibus and a superb introduction to a rich and influential tradition of Christian

scholarship.

*The Economics of Special Privilege and Rent Seeking* Gordon Tullock, 1989-08-31 As the reader of this book probably already knows, I have devoted a great deal of time to the topic which is, rather unfortunately, named rent seeking. Rent seeking, the use of resources in actually lowering total product although benefiting some minority, is, unfortunately, a major activity of most governments. As a result of this, I have stumbled on a puzzle. The rent-seeking activity found in major societies is immense, but the industry devoted to producing it is nowhere near as immense. In Washington the rent-seeking industry is a very conspicuous part of the landscape. On the other hand, if you consider how much money is being moved by that industry, then it is comparatively small. The first question that this book seeks to answer is: How do we account for the disparity? A second problem is that almost all rent seeking is done in what superficially appears to be an extremely inefficient way. I recently got estimates of the net cost to the public of the farm program and its net benefit to the farmers. The first is many times the second. Indeed, it is not at all obvious that in the long run, today's farmers are better off than they would be if the program had never been implemented. Of course, in any given year, cancelling the program would be quite painful. The first section of this book, then, is devoted to this problem.

**Seeking ME** Avonti Adizahyr, 2017-07-25 Seeking ME is a book of testimonies that help people to overcome the disorder in their lives. What steps to take to really define your character. What things to learn in order to understand the many ways of life. How taking the time to learn yourself can be really beneficial. Understand yourself so you're able to understand others.

*Seeking Jordan* Matthew McKay, PhD, 2016-02-23 If you have lost someone you deeply love, or have become strongly aware of your mortality, it's hard to avoid wondering about life after death, the

existence of God, notions of heaven and hell, and why we are here in the first place. The murder of Matthew McKay's son, Jordan, sent him on a journey in search of ways to communicate with his son despite fears and uncertainty. Here he recounts his efforts — including past-life and between-lives hypnotic regressions, a technique called induced after-death communication, channeled writing, and more. McKay, a psychologist and researcher, ultimately learned how to reach his son. In this book he provides extraordinary revelations — direct from Jordan — about the soul's life after death, how karma works, why we incarnate, why there is so much pain in the world, the single force that connects us, and our future as souls. Unlike many books about after-death communication, near-death experiences, and past-life memories, this is a book for those who do not believe yet yearn to know what happens after death. In addition to being riveting reading, *Seeking Jordan* is a unique heart-, soul-, and mind-stirring reflection on the issues each of us will ultimately face.

Seeking Justice Tricia D. Olsen, 2023-06-15 *Seeking Justice: Access to Remedy for Corporate Human Rights Abuse* explores victims' varying experiences in seeking remedy mechanisms for corporate human rights abuse. It puts forward a novel theory about the possibility of productive contestation and explores governance outcomes for victims of corporate human rights abuse across Latin America. This foundation informs three pathways that victims can use to press for their rights: working within the institutional environment, capitalizing on corporate characteristics, and elevating voices. *Seeking Justice* challenges the common assumptions in the governance gap literature and argues, instead, that greater democratic practices can emerge from productive contestation. This book brings to bear tough questions about the trade-offs associated with economic growth and conflicting values around human dignity-questions that are very salient today, as citizens around the globe contemplate the type of democratic and economic systems that might better prepare us for

tomorrow.

**Seeking God** Michael H. Mitias, 2012-09-14 Seeking God is a Platonic dialogue on the nature of the religious experience and the conditions under which this experience is possible. The dialogue takes place between three characters, a philosopher, a Sufi, and a Christian monk. They meet in the Syrian Desert and share their views and experiences on what it takes to have a union with God. The main premise that is presented and analyzed in the dialogue is that God reveals himself in nature, human civilization, and the human heart. Love is the beginning and end of the path that leads to the quest for God and the light that illumines this path. Living from the standpoint of the Divine is the basis of the good life. This book presents a vivid picture of the beauty and sublimity of the Divine, the joy of the religious experience, and the joy of life.

**Seeking Refuge** Stephan Bauman, Matthew Soerens, Dr. Issam Smeir, 2016-06-16 Recipient of Christianity Today's Award of Merit in Politics and Public Life, 2016 ----- What will rule our hearts: fear or compassion? We can't ignore the refugee crisis—arguably the greatest geo-political issue of our time—but how do we even begin to respond to something so massive and complex? In Seeking Refuge, three experts from World Relief, a global organization serving refugees, offer a practical, well-rounded, well-researched guide to the issue. Who are refugees and other displaced peoples? What are the real risks and benefits of receiving them? How do we balance compassion and security? Drawing from history, public policy, psychology, many personal stories, and their own unique Christian worldview, the authors offer a nuanced and compelling portrayal of the plight of refugees and the extraordinary opportunity we have to love our neighbors as ourselves.

Seeking the Bomb Vipin Narang, 2022-01-11 The first systematic look at the different strategies that states employ in their pursuit of nuclear weapons Much of the work on nuclear proliferation has focused on why states pursue nuclear weapons. The question of how states pursue nuclear weapons has received little attention. Seeking the Bomb is the first book to analyze this topic by examining which strategies of nuclear proliferation are available to aspirants, why aspirants select one strategy over another, and how this matters to international politics. Looking at a wide range of nations, from India and Japan to the Soviet Union and North Korea to Iraq and Iran, Vipin Narang develops an original typology of proliferation strategies—hedging, sprinting, sheltered pursuit, and hiding. Each strategy of proliferation provides different opportunities for the development of nuclear weapons, while at the same time presenting distinct vulnerabilities that can be exploited to prevent states from doing so. Narang delves into the crucial implications these strategies have for nuclear proliferation and international security. Hiders, for example, are especially disruptive since either they successfully attain nuclear weapons, irrevocably altering the global power structure, or they are discovered, potentially triggering serious crises or war, as external powers try to halt or reverse a previously clandestine nuclear weapons program. As the international community confronts the next generation

of potential nuclear proliferators, *Seeking the Bomb* explores how global conflict and stability are shaped by the ruthlessly pragmatic ways states choose strategies of proliferation.

*Desperately Seeking Paradise* Ziauddin Sardar, 2012-03-22 “A curious, often amusing travelogue of [Sardar’s] quest for understanding and the Muslims he has encountered along his journeys.”—Publishers Weekly Ziauddin Sardar, one of the foremost Muslim intellectuals in Britain, learned the Koran at his mother’s knee in Pakistan. As a young student in London he set out to grasp the meaning of his religion, and, hopefully, to find “paradise,” his quest leading him throughout the Muslim world, from Iran to China to Turkey. Along the way he accepts that he may never reach paradise—but it’s the journey that’s important. At a time when the view of Islam in the West is so often distorted and simplistic, *Desperately Seeking Paradise*—self-mocking, frank and passionate—is essential reading. “Intoxicating . . . upon finishing the book, I turned back and started reading it all over again.”—Kamila Shamise, *New Statesman* “At once earnest and humorous, light-hearted and profound, this is a book that displays a sustained capacity for self-questioning of a kind that has few parallels in the liberal West.”—*The Independent* “This challenging book not only acts as a guide for Muslims but provides insight and clarification for those outside the Islamic faith.”—*Financial Times* “The only funny book I’ve read about Islam.”—*Mail on Sunday*

*It Keeps Me Seeking* Andrew Briggs, Hans Halvorson, Andrew Steane, 2018-09-05 Here is a fresh look at how science contributes to the bigger picture of human flourishing, through a collage of science and philosophy, richly illustrated by the authors' own experience and personal reflection. They survey the territory of fundamental physics, machine learning, philosophy of human identity, evolutionary biology, miracles, arguments from design, naturalism, the history of ideas, and more. The natural world can be appreciated not only for itself, but also as an eloquent gesture, a narrative

and a pointer beyond itself. Our human journey is not to a theorem or a treatise, but to a meeting which encompasses all our capacities. In this meeting, science is the means to find out about the structure of the physical world of which we are a part, not a means to reduce ourselves and our fellow human beings to mere objects of scrutiny, and still less a means to attempt the utterly futile exercise of trying to do that to God. We have intellectual permission to be open to the notion that God can be trusted and known. The material world encourages an open-hearted reaching out to something more, with a freedom to seek and to be received by what lies beyond the scope of purely impersonal descriptions and attitudes.

**Seeking in Solitude** Bernadette McNary-Zak, 2014-06-02 Seeking in Solitude examines select forms of contemporary Roman Catholic eremitic life and practice in the United States. Given the sustained presence of, and increased interest in, the eremitic life and practice, this book responds to the question of the place of the hermit in American Catholicism in a way that neither mystifies nor mythologizes it, but rather attempts to understand it.
