Geoffrey R. Stone

Nobrow John Seabrook, 2001-02-06 From John Seabrook, one of our most incisive and amusing cultural critics, comes Nobrow, a fascinatingly original look at the radical convergence of marketing and culture. In the old days, highbrow was elite and unique and lowbrow was commercial and mass-produced. Those distinctions have been eradicated by a new cultural landscape where “good” means popular, where artists show their work at K-Mart, Titanic becomes a bestselling classical album, and Roseanne Barr guest edits The New Yorker: in short, a culture of Nobrow. Combining social commentary, memoir, and profiles of the potentates and purveyors of pop culture—entertainment mogul David Geffen, MTV President Judy McGrath, Snoop Doggy Dogg, Nobrow high-priest George Lucas, and others—Seabrook offers an enthralling look at our breakneck society where culture is ruled by the unpredictable Buzz and where even aesthetic worth is measured by units shipped.

The New York Times Book of Science David Corcoran, 2015-10-06 Take a journey through scientific history via 125 outstanding articles from the New York Times archives. For more than 150 years, The New York Times has been in the forefront of science news reporting. These 125 articles from its archives are the very best, covering more than a century of scientific breakthroughs, setbacks, and mysteries. The varied topics range from chemistry to the cosmos, biology to ecology, genetics to artificial intelligence—all curated by the former editor of Science Times, David Corcoran. Big, informative, and wide-ranging, this journey through the scientific stories of our times is a must-have for all science enthusiasts. Contributors include: Lawrence K. Altman, MD * Natalie Angier * William J. Broad * Gina Kolata * William L. Laurence * Dennis Overbye * Walter Sullivan *

John Noble Wilford * and more

The New York Times Book of Physics and Astronomy Cornelia Dean, 2013 A treasury of 125 archival articles covers more than a century of scientific breakthroughs, setbacks and mysteries and includes pieces by Pulitzer Prize-winning writers, includes Malcolm W. Browne on antimatter, James Glanz on string theory and George Johnson on quantum physics.

Tight Times Barbara Shook Hazen, 1983-07 A small boy, not allowed to have a dog because times are tight, finds a starving kitten in a trash can on the same day his father loses his job.

The New York Times Book of Mathematics Gina Bari Kolata, 2013 Presents a selection from the archives of the New York newspaper of its writings on mathematics from 1892 to 2010, covering such topics as chaos theory, statistics, cryptography, and computers.

The New York Times Book of Medicine Gina Bari Kolata, 2015 Features 120 articles on medicine selected from The New York Times' archives.

The Book of Times Lesley Alderman, 2013-02-12 An endlessly fascinating, beautifully designed survey of time—how long things take, how long things last, and how we spend our days Our relationship to time is complex and paradoxical: Time stands still. Time also flies. Tomorrow is another day. Yet there's no time like the present. We want to do more in less time, but wish we could slow the clock. And despite all our time-saving devices—iPhones, DVRs, high-speed trains—Americans feel that they have less leisure time than ever. In an era when our time feels fractured and imperiled, The Book of Times

encourages readers to ponder time used and time spent. How long does it take to find a new mate, digest a hamburger, or compose a symphony? How much time do we spend daydreaming, texting, and getting ready for work? The book challenges our beliefs and urges us to consider how, and why, some things get faster, some things slow down, and some things never change (the need for seven to eight hours of sleep). Packed with compelling charts, lists, and quizzes, as well as new and intriguing research, *The Book of Times* is an addictive, browsable, and provocative look at the idea of time from every direction.

Jesus and His Times Reader's Digest Association, 1987 The life of Jesus the Messiah with a description of the land, social conditions, religious environment, and historical context in which he lived.

Niels Bohr's Times Abraham Pais, 1991-10-17 The life of Niels Bohr spanned times of revolutionary change in science itself as well as its impact on society. Along with Albert Einstein, Bohr can be considered to be this century's major driving force behind the new philosophical and mathematical descriptions of the structure of the atom and the nucleus. Abraham Pais, the acclaimed biographer of Albert Einstein, here traces Bohr's progress from his well-to-do origins in late nineteenth-century Denmark to his position at centre stage in the world political scene, particularly during the Second World War and the development of atomic weapons. Pais' description moves through the science as it was before Bohr, as it became because of Bohr, and thence to Bohr's scientific and philosophical legacy. That legacy is contained both in theory as it is now universally enshrined, as well as in its practice in such great Danish institutions as Riso. But more

than that, Pais captures the essence of Bohr, the intensely private family figure who, despite appalling personal tragedy, became one of the most loved cultural figures of recent times.

Anxious Times Amelia Bonea, Melissa Dickson, Sally Shuttleworth, Jennifer Wallis, 2019-04-09 Much like the Information Age of the twenty-first century, the Industrial Age was a period of great social changes brought about by rapid industrialization and urbanization, speed of travel, and global communications. The literature, medicine, science, and popular journalism of the nineteenth century attempted to diagnose problems of the mind and body that such drastic transformations were thought to generate: a range of conditions or “diseases of modernity” resulting from specific changes in the social and physical environment. The alarmist rhetoric of newspapers and popular periodicals, advertising various “neurotic remedies,” in turn inspired a new class of physicians and quack medical practices devoted to the treatment and perpetuation of such conditions. *Anxious Times* examines perceptions of the pressures of modern life and their impact on bodily and mental health in nineteenth-century Britain. The authors explore anxieties stemming from the potentially harmful impact of new technologies, changing work and leisure practices, and evolving cultural pressures and expectations within rapidly changing external environments. Their work reveals how an earlier age confronted the challenges of seemingly unprecedented change, and diagnosed transformations in both the culture of the era and the life of the mind.

The Stranger Times C. K. McDonnell, 2021-01-07 'Wonderfully dark, extremely funny' proclaimed ADAM KAY, author of the No.1 bestselling *This is Going to Hurt* 'A filmic romp

with great characters, a jet-propelled plot, and a winning premise' said the GUARDIAN JASON MANFORD thinks it's 'Hilarious. You'll never look at Manchester the same way again.' The Chronicles of St Mary's series author JODI TAYLOR declared 'I loved this . . . great premise - great story - great characters . . . hugely enjoyable.' And THE TIMES called it 'ripping entertainment from start to finish.' There are dark forces at work in our world (and in Manchester in particular), so thank God The Stranger Times is on hand to report them . . . A weekly newspaper dedicated to the weird and the wonderful (but mostly the weird), it is the go-to publication for the unexplained and inexplicable. At least that's their pitch. The reality is rather less auspicious. Their editor is a drunken, foul-tempered and foul-mouthed husk of a man who thinks little of the publication he edits. His staff are a ragtag group of misfits. And as for the assistant editor . . . well, that job is a revolving door - and it has just revolved to reveal Hannah Willis, who's got problems of her own. When tragedy strikes in her first week on the job The Stranger Times is forced to do some serious investigating. What they discover leads to a shocking realisation: some of the stories they'd previously dismissed as nonsense are in fact terrifyingly real. Soon they come face-to-face with darker forces than they could ever have imagined. The Stranger Times is the first novel from C.K. McDonnell, the pen name of Caimh McDonnell. It combines his distinctive dark wit with his love of the weird and wonderful to deliver a joyous celebration of how truth really can be stranger than fiction. Readers love The Stranger Times: ***** 'A delight from start to finish - laugh out loud funny yet with plenty of thrills.' ***** 'Full of wit and humour, and knows how to keep the reader hooked.' ***** 'You'll soon fall in love . . . fans of Pratchett, Gaiman, Aaronovich will be blown away.'

Binge Times Dade Hayes,Dawn Chmielewski,2022-04-19 The first comprehensive account of the biggest wake-up call in the history of the entertainment business: the pivot to streaming. Go inside a disparate group of media and tech companies -- Disney, Apple, AT&T/WarnerMedia, Comcast/NBCUniversal and well-funded startup Quibi - as they scramble to mount multi-billion-dollar challenges to Netflix. After spotting Netflix and the deep-pocketed Amazon Prime Video a decade's head start, rivals from the tech and start-up realm (Apple, Quibi) and traditional media (Disney, WarnerMedia, NBCUniversal) all decided to move mountains to enter the streaming game. At a cost of billions, each went after their own piece of the market, launching five new services in a seven-month span. And just as the derby was heating up, the coronavirus pandemic arrived, a black-swan event bringing short-term benefits but also stiff challenges. The battle for streaming supremacy may end up having more than one winner, but the cost and disruption to decades-old business models have also produced a lot of losers. Binge Times reveals the true costs of the vision quest as companies are turned inside-out and repeatedly redraw their org charts and strategic plans. Stretching from Silicon Valley to Hollywood to Wall Street, it is a mesmerizing, character-rich tale of hubris and ambition, as the fate of a century-old industry hangs in the balance.

The New York Times Book of Interior Design and Decoration Norma Skurka,1976
The New York Times Supersized Book of Sunday Crosswords The New York Times,2006-09-19 The biggest, best collection of Sunday crosswords ever published!

Happy Times Lee Radziwill,2012 Through a wealth of private photo albums and personal archives, Lee Radziwill offers a unique perspective of happy times. She brings

alive, with humor and feeling, privileged moments with family and friends including her sister Jackie Kennedy. 250 photos.

Beeswing Richard Thompson, 2022-03-29 Music legend Richard Thompson, who established the genre of British folk rock, re-creates the spirit of the 1960s as he reflects on his early years performing with the greats in an era of change and creativity.

The New York Times Bridge Book Alan Truscott, Dorothy Truscott, Dorothy Hayden Truscott, 2004-08 A guide to the popular card game includes anecdotes about great players, major tournaments, scandals, and strategies that make bridge so legendary.

The Capital Times John Nichols, Dave Zweifel, 2017-11-29 As Madison's Capital Times marks its 100th anniversary in 2017, editors Dave Zweifel and John Nichols recall the remarkable history of a newspaper that served as the tribune of Robert M. La Follette and the progressive movement, earned the praise of Franklin Delano Roosevelt for its stalwart opposition to fascism, battled Joe McCarthy during the Red Scare, championed civil rights, women's rights, and LGBTQ rights, opposed the Vietnam War and the invasion of Iraq, and stood with Russ Feingold when he cast the only US Senate vote against the Patriot Act. The Capital Times did not do this from New York or Washington but from the middle of America, with a readership of farmers, factory workers, teachers, and shopkeepers who stood by The Cap Times when the newspaper was boycotted, investigated, and attacked for its determination. At a point when journalism is under assault, when newspapers struggle to survive, and old media struggles to find its way in a digital age, The Capital Times remains unbowed—still living up to the description Lord Francis Williams, the British newspaper editor, wrote 50 years ago: The vast majority of American papers are as

dull as weed-covered ditch-water; vast Saharas of cheap advertising with occasional oases of editorial matter written to bring happiness to the Chamber of Commerce and pain and irritation to none; the bland leading the bland.... Just here and there are a few relics of the old fighting muckraking tradition of American journalism, like The Capital Times of Madison.

Perilous Times Geoffrey R. Stone, 2004 Geoffrey Stone's *Perilous Times* incisively investigates how the First Amendment and other civil liberties have been compromised in America during wartime. Stone delineates the consistent suppression of free speech in six historical periods from the Sedition Act of 1798 to the Vietnam War, and ends with a coda that examines the state of civil liberties in the Bush era. Full of fresh legal and historical insight, *Perilous Times* magisterially presents a dramatic cast of characters who influenced the course of history over a two-hundred-year period: from the presidents—Adams, Lincoln, Wilson, Roosevelt, and Nixon—to the Supreme Court justices—Taney, Holmes, Brandeis, Black, and Warren—to the resisters—Clement Vallandigham, Emma Goldman, Fred Korematsu, and David Dellinger. Filled with dozens of rare photographs, posters, and historical illustrations, *Perilous Times* is resonant in its call for a new approach in our response to grave crises.

Exciting Times Naoise Dolan, 2020-06-02 “This debut novel about an Irish expat millennial teaching English and finding romance in Hong Kong is half Sally Rooney love triangle, half glitzy Crazy Rich Asians high living—and guaranteed to please.” —Vogue A RECOMMENDED BOOK FROM: The New York Times Book Review * Vogue * TIME * Marie Claire * Elle * O, the Oprah Magazine * The Washington Post * Esquire * Harper's

Bazaar * Bustle * PopSugar * Refinery 29 * LitHub * Debutiful An intimate, bracingly intelligent debut novel about a millennial Irish expat who becomes entangled in a love triangle with a male banker and a female lawyer Ava, newly arrived in Hong Kong from Dublin, spends her days teaching English to rich children. Julian is a banker. A banker who likes to spend money on Ava, to have sex and discuss fluctuating currencies with her. But when she asks whether he loves her, he cannot say more than I like you a great deal. Enter Edith. A Hong Kong-born lawyer, striking and ambitious, Edith takes Ava to the theater and leaves her tulips in the hallway. Ava wants to be her—and wants her. And then Julian writes to tell Ava he is coming back to Hong Kong... Should Ava return to the easy compatibility of her life with Julian or take a leap into the unknown with Edith? Politically alert, heartbreakingly raw, and dryly funny, *Exciting Times* is thrillingly attuned to the great freedoms and greater uncertainties of modern love. In stylish, uncluttered prose, Naoise Dolan dissects the personal and financial transactions that make up a life—and announces herself as a singular new voice.

The Top Books of the Year Times The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of

hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. *Uncover the Best* : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. *Discover the Magic* : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him.

Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
