A Traveller in Time Alison Uttley, Phyllis Bray, 2020-02-11 The "superb" time travel adventure of one lonely young girl, a remarkable family, and an impossible task, set between modern and Elizabethan England (The Washington Post) A beautiful book . . . a form of enchanting ghost story, with the ghosts drawn in with the grace of a painter on a fan. —The Observer Penelope Taberner Cameron is a solitary and a sickly child, a reader and a dreamer. Her mother, indeed, is of the opinion that the girl has grown all too attached to the products of her imagination and decides to send her away from London for a restorative dose of fresh country air. But staying at Thackers, in remote Derbyshire, Penelope is soon caught up in a new mystery, as she finds herself transported at unforeseeable intervals back and forth from modern to Elizabethan times. There she becomes part of a remarkable family that is, Penelope realizes, in terrible danger as they plot to free Mary, Queen of Scots, from the prison in which Queen Elizabeth has confined her. Penelope knows the tragic end that awaits the Scottish queen, but she can neither change the course of events nor persuade her new family of the hopelessness of their cause, which love, loyalty, and justice all compel them to embrace. Caught between present and past, Penelope is ever more torn by questions of freedom and fate. To travel in time, she discovers, is to be very much alone. And yet the slow recurrent rhythms of the natural world, beautifully captured by Alison Uttley, also speak of a greater ongoing life that transcends the passage of the years.

#### The Traveller Oliver Goldsmith, 1892

The Traveller's Tree Patrick Leigh Fermor, 2011-01-11 In the late 1940s Patrick Leigh Fermor, now widely regarded as one of the twentieth century's greatest travel writers, set out to explore the then relatively little-visited islands of the Caribbean. Rather than a comprehensive political or historical study of the region, The Traveller's Tree, Leigh Fermor's first book, gives us his own vivid, idiosyncratic impressions of Guadeloupe, Martinique, Dominica, Barbados, Trinidad, and Haiti, among other islands. Here we watch Leigh Fermor walk the dusty roads of the countryside and the broad avenues of former colonial capitals, equally at home among the peasant and the elite, the laborer and the artist. He listens to steel drum bands, delights in the Congo dancing that closes out Havana's Carnival, and observes vodou and Rastafarian rites, all with the generous curiosity and easy erudition that readers will recognize from his subsequent classic accounts A Time of Gifts and Between the Woods and the Water.
