A Vietnamese Reference Grammar Laurence C. Thompson,1988-07-01 When Laurence Thompson's original Vietnamese Grammar first appeared in 1965, it went almost instantly to the top of the list of required reading for serious students of the Vietnamese language. It has stayed there ever since but, in recent years, the title has become almost impossible to find, either in bookstores or in libraries, where original copies have often grown woefully ragged and marked up or are now simply missing. In the meanwhile, the author has become aware of a number of minor infelicities and typographical errors requiring correction. Thus, both demand and scholarship have dictated this re-edition. -From the Editor's Note

Vietnamese Pronunciation Nguyen Dang Liem, 2019-03-31 This is the first in the PALI Language Text series to deal with a Southeast Asian language. The author's approach in this pronunciation guide owes much to the methodology pioneered by Charles Fries. A basic assumption of this approach is that in learning a new language the problem is not first of all learning vocabulary but mastery of the sound system. Moreover, the problems of learning a new sound system vary with the native language

of the student. This manual is designed specifically for the English-speaking student and concentrates on the particular difficulties an English-speaking person would have in learning to speak Vietnamese. There are no outstanding grammatical differences in the three main Vietnamese dialects, but there are some significant phonological differences. The Saigon dialect forms the main core of the lessons here, but materials and drills of standard Hanoi Vietnamese have been included in review lessons for recognition purposes.

Hành Trình Văn Hoá: A Journey Through Vietnamese Culture Tri C. Tran, Minh-Tam

Tran, 2013-12-02 This intermediate textbook continues to develop students' skills in listening, speaking, reading, and writing Vietnamese at the second-year language learning level. The book is presented as a linguistic and cultural journey of a family through twelve selected cities in Vietnam. Each chapter is organized into sections on dialogue, grammar, reading, practice exercises, and vocabulary.

Little Saigons Karin Aguilar-San Juan, 2009 Karin Aguilar-San Juan examines the contradictions of Vietnamese American community and identity in two emblematic yet different locales: Little Saigon in

suburban Orange County, California (widely described as the capital of Vietnamese America) and the urban Vietnamese town of Fields Corner in Boston, Massachusetts. Their distinctive qualities challenge assumptions about identity and space, growth amid globalization, and processes of Americanization. With a comparative and race-cognizant approach, Aguilar-San Juan shows how places like Little Saigon and Fields Corner are sites for the simultaneous preservation and redefinition of Vietnamese identity. Intervening in debates about race, ethnicity, multiculturalism, and suburbanization as a form of assimilation, this work elaborates on the significance of place as an integral element of community building and its role in defining Vietnamese American-ness. Staying Vietnamese, according to Aguilar-San Juan, is not about replicating life in Viet Nam. Rather, it involves moving toward a state of equilibrium that, though always in flux, allows refugees, immigrants, and their U.S.-born offspring to recalibrate their sense of self in order to become Vietnamese anew in places far from their presumed geographic home.

Vietnamese in Orange County Thuy Vo Dang,Linda Trinh Vo,Tram Le,2015-03-09 Vietnamese Americans have transformed the social, cultural, economic, and political life of Orange County, California. Previously, there were Vietnamese international students, international or war brides, or military personnel living in the United States, but the majority arrived as refugees and immigrants after the end of the Vietnam War in 1975. Although they are lumped together as refugees, Vietnamese Americans are diverse in terms of their class, ethnic, regional, religious, linguistic, and ideological backgrounds. Their migration path varied, and they often struggled with resettling in a new homeland and rebuilding their lives. They are dispersed throughout the country, but many are concentrated in

central Orange County, where three cities--Westminster, Garden Grove, and Santa Ana--have Welcome to Little Saigon signs. They constitute the largest population of Vietnamese outside of Vietnam and have created flourishing residential neighborhoods and bustling commercial centers and contribute to the political and cultural life of the region. This book captures snapshots of Vietnamese life in Orange County over the span of 40 years and shows a dynamic, vibrant community that is revitalizing the region.

The Sacred Willow Mai Elliott, 2000-04-20 A finalist for the Pulitzer Prize, Duong Van Mai Elliott's *The Sacred Willow* illuminates recent Vietnamese history by weaving together the stories of the lives of four generations of her family. Beginning with her great-grandfather, who rose from rural poverty to become an influential landowner, and continuing to the present, Mai Elliott traces her family's journey through an era of tumultuous change. She tells us of childhood hours in her grandmother's silk shop, and of hiding while French troops torched her village, watching while blossoms torn by fire from the trees flutter like hundreds of butterflies overhead. She makes clear the agonizing choices that split

Vietnamese families: her eldest sister left her staunchly anti-communist home to join the Viet Minh, and spent months sleeping in jungle camps with her infant son, fearing air raids by day and tigers by night. And she follows several family members through the last, desperate hours of the fall of Saigon—including one nephew who tried to escape by grabbing the skid of a departing American helicopter. Based on family papers, dozens of interviews, and a wealth of other research, this is not only a memorable family saga but a record of how the Vietnamese themselves have experienced their times.

Envisioning Vietnamese Migrants in Germany Pipo Bui, 2003 Ethnic stigma is the worst-case scenario for a migrant group, but migrants also cope with origin narratives and partial masking—two novel concepts introduced in this book. Parallel to the national narratives of natives, immigrant origin narratives by Vietnamese in Germany invoke and retrench the histories of East and West Germany and North and South Vietnam. By partially masking their identity as Chinese or Asian, Vietnamese entrepreneurs circumvent ethnic stigma and use their physiognomy to market exotic goods. Pipo Bui is researcher at Stanford University.

Perfume Dreams Andrew Lam,2019-05-03 “Much will be made—and rightly so—of the eloquent commentary [Lam’s] essays provide on Vietnam and the Vietnamese . . . a fascinating and important

book.” —Robert Olen Butler, Pulitzer Prize–winning author A PEN American Beyond Margins Award winner In his long-overdue first collection of essays, noted journalist and NPR commentator Andrew Lam explores his lifelong struggle for identity as a Viet Kieu, or a Vietnamese national living abroad. At age eleven, Lam, the son of a South Vietnamese general, came to California on the eve of the fall of Saigon to communist forces. He traded his Vietnamese name for a more American one and immersed himself in the allure of the American dream: something not clearly defined for him or his family. Reflecting on the meanings of the Vietnam War to the Vietnamese people themselves—particularly to those in exile—Lam picks with searing honesty at the roots of his doubleness and his parents’ longing for a homeland that no longer exists. “Lam shatters the assumptions of readers who have encountered the Vietnam experience only through American pop culture . . . He writes with the delicacy and intensity of a poet.” —Los Angeles Times Book Review “Andrew Lam writes with the honesty of a true journalist and the feeling of a born storyteller. On his many journeys between Vietnam and the U.S., he sees first-hand the global consequences of war. *Perfume Dreams* is a meaningful book for our

times.” —Maxine Hong Kingston, national bestselling author of *The Woman Warrior* “Lam’s insights into Asian American life are reflected in candid, witty anecdotes that reveal much about the difficulties of living in two cultures.” —Audrey Magazine
