Family Adventures Austin

Sailsbury, gestalten, 2020-09-22 These are real-life tales of moms and dads braving the unavoidable struggles of travel--flight delays, lost luggage, middle-of-nowhere engine breakdowns, and middle-of-everyone emotional meltdowns--to share new experiences with their kids. As all of these parents will tell you, traveling with kids is never easy. But the benefits can be invaluable. What could be more important than introducing our children to cultures where families, not so unlike our own, look and live and speak and eat differently than we do. What could be more useful than giving them the tools to deal with the challenges encountered on the road. Taking risks, overcoming challenges, discovering beauty, and opening our minds and hearts. These are the things we hope for each time we pack our bags, load the car, or board a plane. This is why we leave home and head into the unknown. No matter how old we are, each of us wants to be filled with awe and to feel fully alive. And we want to share these experiences with the people we love the most, so that these moments of wonder might live on for years to come.- Travel tips for the age groups 0-3, 4-6, 7-10, 10-13 as well as thirteen and up are laid out in detailed chapters. Also for older children from the ages of eleven to thirteen for example, travel provides an opportunity to deepen a connection, or to reconnect, with a child that might be spending more and more time away from you.- Reif Larsen, author of the novels The Selected Works of T. S. Spivet and I Am Radar, speaks in his essay about rediscovering nature with his children around their home during the current travel restrictions. Family Adventures provides inspiration and guidance for vacations long and short; creating memories that last a lifetime.

Adventures in Bookbinding Jeannine Stein,2011-06-01 Each project in this book combines bookbinding with a specific craft such as

quilting, jewelry making, or polymer clay, and offer levels of expertise: basic, novice, and expert. Illustrated step-by-step instructions and photographs demonstrate how to construct the cover pages, and a unique binding technique, easy enough for a beginner to master. Each project also features two other versions with the same binding geared to those with more or less experience. The novice version is for those who have no knowledge of the craft and want shortcuts, but love the look. For the quilter's book, for example, vintage quilt pieces become the covers so all that's needing in the binding. Or if you're interested in wool felting use an old sweater. This offers great opportunities for upcycling. The expert version is for those who have a great deal of knowledge and proficiency of a certain craft - the master art quilter, for example. For this version, an expert guest artist has created the cover and the author has created the binding. This offers yet another creative opportunity - the collaborative project. Since crafters often get involved with round-robins and other shared endeavors, this will show them yet another way to combine their skills. No other craft book offers the possibilities and challenges that Adventures in Bookbinding does. Readers will return to it again and again to find inspiration and ideas.
