A Coach's Life Dean Smith, John Kilgo, Sally Jenkins, 2000-02-29 Legendary University of North Carolina basketball coach Dean Smith tells the full story of his fabled career, and shares the life lessons taught and learned over forty years of unparalleled success as a coach and mentor. For almost forty years, Dean Smith coached the University of North Carolina men's basketball program with unsurpassed success- on the court and in shaping young men's lives. In his long-awaited memoir, he reflects on the great games, teams, players, strategies, and rivalries that defined his career, and explains the philosophy that guided him. There's a lot more to life than basketball- though some may beg to differ- but there's a lot more to basketball than basketball, and this is a book about basketball filled with wisdom about life. Dean Smith insisted that the fundamentals of good basketball were the fundamentals of character- passion, discipline, focus, selflessness, and responsibility- and he strove to unite his teams in pursuit of those values. To read this book is to understand why Dean Smith changed the lives of the players he coached, from Michael Jordan, who calls him his second father and who never played a single NBA game without wearing a pair of UNC basketball shorts under his uniform, to the last man on the bench of his least talented team. We all wish we had a coach like Dean Smith in our lives, and now we will have that chance.

Against the Grain Bill Courtney, 2014-05-13 Bill Courtney Ñ entrepreneur, football coach, and subject of the 2011 Oscar-winning documentary *Undeclared* Ñ shares his hard-won lessons on discipline, success, teamwork and triumph over adversity, in time for Father's Day.

A Coach's Life Dan Kellams, 2011-09-22 Playing a sport for Coach Les Hipple meant a life of rigor, clean living, modest behavior, and self-denial; even so, many boys were eager to meet these demands for the right to play on one of Hipple's teams. In *A Coach's Life*, author Dan Kellams

narrates the story of one of the greatest high school coaches in Iowa's history, an extraordinary man who lived according to the principles he taught, even when it meant losing a game or a championship—or the job he loved. Kellams, a former Hipple athlete, offers a vivid portrait of a coach who imposed stern discipline on hundreds of boys and, in the process, transformed them into champions. A Coach's Life recalls Hipple's eighty-six full years, focusing on his long career at Marion High School in Iowa, where he led his Indians to championships in football, basketball, track, and cross-country, giving the town its most glorious years in sports. Many young men learned unforgettable life lessons they later passed on to others around the world. Meticulously researched, this biography is set against the backdrop of small-town America during the 1940s and 1950s. Its poignant stories include those of a superb athlete who died on the verge of greatness, a school controversy that turned brother against brother, and a changing society that trapped a great coach in the vise of his own principles. "Part Hoosiers and part Our Town ... Tough and to the point." —Phil Grose, author of *South Carolina on the Brink*

The Coach's Guide to Teaching Doug Lemov, 2020-12-07 The mark of a great coach is a constant desire to learn and grow. A hunger to use whatever can make them better. The best-selling author of *Teach Like a Champion* and *Reading Reconsidered* brings his considerable knowledge about the science of classroom teaching to the sports coaching world to create championship caliber coaches on the court and field. What great classroom teachers do is relevant to coaches in profound ways. After all, coaches are at their core teachers. Lemov knows that coaches face many of the same challenges found in the classroom, so the science of learning applies equally to them. Unfortunately, coaches and organizations have a mixed level of understanding of the research and study of the science of learning. Sometimes coaches and organizations build their teaching on myths and platitudes more than science. Sometimes there isn't any science applied at all. While there are thousands of books and websites a coach can consult to better understand technical and tactical aspects of the game, there is nothing for a coach to consult that explicitly examines the teaching problems on the field, the court, the rink, and the diamond. Until now. Intended to offer lessons and guidance that are applicable to coaches of any sporting endeavor including everyone from parent

volunteers to professional coaches and private trainers, Lemov brings the powerful science of learning to the arena of sports coaching to create the next generation of championship caliber coaches.

Our Time Scott Illiano, 2011-10-06 A coach is part teacher, part parent, part student, part mentor, and part guru. He must possess a stern hand and a comforting touch—and the wisdom to discern when each is needed. Each decision he makes is a part of a perilous high wire act that can propel a team forward or send a season tumbling downward. But when does a coach truly become a coach? Is it after some athletic director looks across the desk, offers his hand, and says,

“Congratulations, you’ve got the job?” Is it after that first win? That first championship? Or is it when all those nagging questions in the back of the mind finally stop nagging? Scott Illiano, head baseball coach of the West Essex High School Knights, chronicles his incredible journey from waiter in a chain restaurant to veteran coach in *Our Time*. Discover how an unproven coach and a patchwork group of underdogs battle injuries, biting cold temperatures, and fierce competition in their quest to win the Greater Newark Tournament, the oldest and most prestigious baseball tournament in the state of New Jersey. Twenty kids and four coaches share a dream and a whole lot of heart. Through their journey, in victory and defeat, struggle and success, readers will find out when a coach becomes a coach.

Get More: Joby Slay, 2020-01-01 One of the largest challenges facing youth sports today is the lack of sufficiently trained athletic coaches. Studies report that less than 1/3 of coaches have any training in sports skills, tactics and motivational techniques. In his new book *Get More*, award-winning coach Joby Slay lays out the groundwork for equipping coaches in the fundamentals of their craft. “The difficulty in our society in training effective motivational techniques,” says Slay, “is the complexity of the current motivational processes or educational platforms. They require a significant investment of time, energy, and money that the average youth coach just can’t spare.” Slay has put together a formula in *Get More* that is simple to teach and easy to apply for a winning motivational coaching style. The book organizes these winning principles so that coaches can apply his simple formula with any team. With his effective motivational formula, a player’s talents and potential are empowered with new self-confidence to take initiative, to do more, be more, get more and to fuel their creativity, imagination, and passion, creating greater momentum and motivation. Whether a new coach or a 30-year veteran, the GET MOR3EE formula will help every coach to improve their

coaching acumen, resulting in their team achieving breakthrough performance results.

Wooden: A Coach's Life Seth Davis, 2015-01-13 A provocative and revelatory new biography of the legendary UCLA coach John Wooden, by one of America's top college basketball writers No college basketball coach has ever dominated the sport like John Wooden. His UCLA teams reached unprecedented heights in the 1960s and '70s capped by a run of ten NCAA championships in twelve seasons and an eighty-eight-game winning streak, records that stand to this day. Wooden also

became a renowned motivational speaker and writer, revered for his Pyramid of Success. Seth Davis of Sports Illustrated and CBS Sports has written the definitive biography of Wooden, an unflinching portrait that draws on archival research and more than two hundred interviews with players, opponents, coaches, and even Wooden himself. Davis shows how hard Wooden strove for success, from his All-American playing days at Purdue through his early years as a high school and college coach to the glory days at UCLA, only to discover that reaching new heights brought new burdens and frustrations. Davis also reveals how at the pinnacle of his career Wooden found himself on questionable ground with alumni, referees, assistants, and even some of his players. His was a life not only of lessons taught, but also of lessons learned. Woven into the story as well are the players who powered Wooden's championship teams – Kareem Abdul-Jabbar, Bill Walton, Walt Hazzard, and others – many of whom speak frankly about their coach. The portrait that emerges from Davis's remarkable biography is of a man in full, whose life story still resonates today.

The Best-Laid Plans of a High School Basketball Ceo Matt Kramer,Randy Montgomery,2012-02 What others in sports are saying about The Best-Laid Plans... Randy and Matt have put together a great book for building a high school basketball program. ...This book would be an excellent read not only for high school basketball coaches, but also for coaches of all sports and all leaders of young people. from the Foreword by Bob Huggins This book is a great source of information for any coach or interested reader about how to properly run a basketball program and lead young people. I personally have observed many of the ideas in this book, especially during Randy's career. In my years of high school and professional sports, I have not found a better blueprint for success than that which is presented in The Best-Laid Plans of a High School Basketball CEO. Dean Chance - 1964 Cy Young Award Winning Pitcher - All-Ohio and State Champion Basketball Player I came to know Randy very well while recruiting one of his players. He runs as good a program as I have seen throughout the country. Randy and Matt Kramer have put together a great tool for design and example in how to lead a high school basketball program from top to bottom. The Best-Laid Plans comes to you with my highest recommendation. Brad Brownell - Head Men's Basketball Coach - Clemson University A leadership book, a book that offers tips on how to run a sports program from

kindergarten through high school, an inspirational underdog story-The Best-Laid Plans of a High School Basketball CEO is all of the above and more. Here's a sample: Matt Kramer's boys' basketball team from Navarre Fairless High School was perhaps the worst in the Canton (Ohio) area, finishing 3-19 in 2004; in 2005, he was sitting on a coaching hot seat at 0-12 in the middle of January. His program and his career were left for dead... ..Twenty-six months later, Coach Kramer was standing on a ladder in the Canton Memorial Field House cutting down the nets after his Fairless team won the prestigious Canton Division-II District Championship Game in overtime and earned a spot in Ohio's Division-II Sweet-16. Miracle? No, it happened with hard work, a little luck, and the mentoring of a legendary 500-win coach, Randy Montgomery-ideas that are now shared here in The Best-Laid Plans of a High School Basketball CEO. Matt Kramer Born the son of a basketball coach on July 16, 1969, Matt Kramer spent his childhood in a gym by Dan Kamer's side watching him run the program at Archbishop Hoban High School in Akron (Ohio). Kramer went on to play at Hoban, graduating in 1987, then went on to a two-year career as an NCAA Division-III collegiate basketball player at The College of Wooster for legendary coach Steve Moore. After transferring to Mount Union College in the fall of 1989, he incurred a back injury that ended his playing career and sent him down a career path in coaching and education. Married to his wife Christine since 1996 and father of three-sons Luke and Landon, and daughter Olivia-Matt Kramer shares ideas and stories here that range from being inspirational to heart-breaking, illustrating the roller-coaster ride a twenty-one-year career in coaching can be. Randy Montgomery A Hall-of-Fame high school basketball coach, and a disciple and close friend of West Virginia University head coach Bob Huggins, Randy Montgomery has spent over three decades using his innovative approach to lead two high school programs-Wooster Triway and North Canton Hoover-to elite status.

The Ordinary Basketball Coach's Guide to Building a Better Program Kevin

Scarborough, 2020-11-09 If you are a high school basketball coach, you are probably just like me. Most of my life I attended clinic after clinic listening to famous college coaches tell me about their programs. I purchased books and read as many philosophies as a young man could read. I watched so many hours of video. I knew offense and defense as good as any coach in my field but wasn't really getting the results I wanted. But then I realized my approach was totally wrong. I don't have th

All Guts and No Glory Bill Elder, 2007-01-01 As the recent film *Glory Road* reminded, the early desegregation of college sports often was neither easy nor pleasant. Here Bill Elder recalls how he and a courageous group of white and black student-athletes broke racial barriers at a small college in northeast Alabama in the early 1970s. The setting was Sand Mountain, an area which four decades earlier had given rise to the *Scottsboro Boys* case, and where racial attitudes for some had not changed much. Elder has recently retired from a successful career as a college sports administrator, but here he shows vividly why he sometimes wondered whether he and his players would live through their experience. Abandoned by their school officials, the players faced constant threats and harassment and occasional violence. But they kept playing and winning games and forging bonds between themselves that lasted long after that first season was over. Through it all, Elder, an Alabama native and lifelong Baptist, watches his community with both a loving and an objective eye. His brief eyewitness account of both the worst and best elements of Southerners during this tumultuous era is compelling testimony.
