A Theory of Semiotics Umberto Eco, 1979 . . . the greatest contribution to [semiotics] since the pioneering work of C. S. Peirce and Charles Morris. —Journal of Aesthetics and Art Criticism . . . draws on philosophy, linguistics, sociology, anthropology and aesthetics and refers to a wide range of scholarship . . . raises many fascinating questions. —Language in Society . . . a major contribution to the field of semiotic studies. —Robert Scholes, Journal of Aesthetics and Art Criticism . . . the most significant text on the subject published in the English language that I know of. —Arthur Asa Berger, Journal of Communication Eco's treatment demonstrates his mastery of the field of semiotics. It focuses on the twin problems of the doctrine of signs—communication and signification—and offers a highly original theory of sign production, including a carefully wrought typology of signs and modes of production.

The Seven Wonders of the Ancient World Peter A. Clayton, Martin Price, 1988 First published in 1988. Can you name the Seven Wonders of the Ancient World? Did they even exist? The Pharos at Alexandria survived into the Middle Ages, but the Hanging Gardens of Babylon exist only in references by ancient authors and the Colossus of Rhodes is too improbable to have existed in the form and place traditionally ascribed to it. The Seven Wonders of the Ancient World sets the record straight, with an attractive account of each Wonder in the context in which it was built. The authors combine ancient sources with the results of modern scholarship and excavations to recreate a vivid picture of the Seven Wonders. All experts in their specialist fields, the contributors bring together facts and background that are remarkably difficult to find from any other single source and establish for the first time the archaeology and location of each Wonder.

Mount Carmel and Queen of Heaven Cemeteries Jenny Floro-Khalaf,Cynthia Savaglio,2006 From the heartbreak of dozens of families burying their children after the notorious Our Lady of Angels School Fire to the serenity of a grieving mother, who six years after the death of her daughter finds her wedding-clad body in peaceful repose; from the lawlessness of the bootleg era, punctuated by such ignominious figures as Al Capone and Dean O'Banion, to the patriotic triumph of one of the flag bearers of Iwo Jima, Mount Carmel and Queen of Heaven Cemeteries have provided the final chapter in the colorful lives and tragic events that have marked the city of Chicago for the last century. It denotes the final resting place of the churches' bishops and cardinals as well as the city's beloved parents, grandparents, and children. Mount Carmel and Queen of Heaven Cemeteries offers a unique glimpse into the history of Chicago during a time that saw massive immigration, rising industrialization, two world wars, and numerous tragedies, by chronicling the lives and stories behind the individuals who are interred there.
