**With** Skye Jethani, 2011-08-22 *With* explores the narrative of the Bible to show that we were created to be with God, and that restoring this connection is his mission. Instead of life over, under, from, or even for God, what leads us into freedom and restoration is life with God. Why are American Christians, who have more access to biblical teaching than any other people in history, failing to experience the freedom of the Christian life? Why are pastors, those closest to the work and ministry, burning out at an alarming rate? Why do many church members, who give large amounts of their time and wealth to Christ and his kingdom, secretly question the legitimacy of their efforts? And why are spiritual seekers dismissing the validity of the Christian message? Is it possible we've misunderstood the call of the Christian life? A life lived in rich communion with God cultivates faith, hope, and love in a way that transforms both us and the broken world we inhabit. In *With*, you'll find: illustrations of concepts in the book to aid understanding; recommendations for how to practice communion with God, including three helpful practices; and a discussion guide for use when continuing the conversation with others in small groups. Endorsements: If we've grown weary of Christianity, if we find most any local church uninspiring, maybe the problem lies not in the Christian faith or these faithful bodies, but in our own disgruntled hearts. In *With*, Skye Jethani tenderly unmask the clichéd posturing that too often masquerades as genuine communion with Christ. More importantly, he takes readers to the humble place they must occupy--in prayer, studying Scripture, with the Church--if faith, hope, and love are to truly mark our lives. -James H. Gilmore, author, *The Experience Economy* It doesn't matter, as old theologians were rumored to argue, how many angels can dance on a pinhead. But it does matter which preposition governs your faith--over, after, against, for, from, under, with. Who knew what huge worlds turn on such tiny words? Who knew what theological riches were laced into the bones of grammar? Skye has done a great service to the church. In prose elegant and clear, with insights keen and deep, he shows how everything changes with just one word: *With*. It's a book I want my whole church to read. -Mark Buchanan, author of *Spiritual Rhythm* Who knew that a preposition had so much influence? Skye's book will challenge the way that you think about God and faith, digging deep into our motivations and heart issues. You can't read this book and not see yourself and others differently! -Margaret Feinberg, author of *Scouting the Divine and Hungry for God*

**Start with Why** Simon Sinek, 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been

touched by the power of his ideas, and these ideas remain as relevant and timely as ever. **START WITH WHY** asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. **START WITH WHY** shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.
