Music In Video Games K.J. Donnelly,William Gibbons,Neil Lerner,2014-03-26 From its earliest days as little more than a series of monophonic outbursts to its current-day scores that can rival major symphonic film scores, video game music has gone through its own particular set of stylistic and functional metamorphoses while both borrowing and recontextualizing the earlier models from which it borrows. With topics ranging from early classics like Donkey Kong and Super Mario Bros. to more recent hits like Plants vs. Zombies, the eleven essays in Music in Video Games draw on the scholarly fields of musicology and music theory, film theory, and game studies, to investigate the history, function, style, and conventions of video game music.

The Notary Art of Solomon King Solomon,2015-08-24 One of the lengthier grimoires of the medieval period, the Ars Notoria, commonly referred to as the Notary Art of Solomon, promises the reader a series of orations, prayers, and invocations, which may be used to secure the favor of the christian god, enhancing the memory, eloquence, and general academic capability of the one performing such rituals. Originally its own text, based on even older sources not yet fully documented, this text is commonly wrapped up into the Lesser Keys of Solomon along with such works as the Ars Goetia- some editions of the latter omit this work. Prayers contained herein invoke not just the god of christianity, but Jesus Christ and various angelic powers as well.
