Luke Geddes

Made for Love Alissa Nutting, 2017-07-04 Now an HBO Max series starring Ray Romano and Cristin Milioti From one of our most exciting and provocative young writers, a poignant, riotously funny story of how far some will go for love—and how far some will go to escape it. Hazel has just moved into a trailer park of senior citizens, with her father and Diane—his extremely lifelike sex doll—as her roommates. Life with Hazel's father is strained at best, but her only alternative seems even bleaker. She's just run out on her marriage to Byron Gogol, CEO and founder of Gogol Industries, a monolithic corporation hell-bent on making its products and technologies indispensable in daily life. For over a decade, Hazel put up with being veritably quarantined by Byron in the family compound, her every movement and vital sign tracked. But when he demands to wirelessly connect the two of them via brain chips in a first-ever human "mind-meld," Hazel decides what was once merely irritating has become unbearable. The world she escapes into is a far cry from the dry and clinical bubble she's been living in, a world populated with a whole host of deviant oddballs. As Hazel tries to carve out a new life for herself in this uncharted territory, Byron is using the most sophisticated tools at his disposal to find her and bring her home. His threats become more and more sinister, and Hazel is forced to take drastic measures in order to find a home of her own and free herself from Byron's virtual clutches once and for all. Perceptive and compulsively readable, Made for Love is at once an absurd, raunchy comedy and a dazzling, profound meditation marriage, monogamy, and family.

Heart of Junk Luke Geddes, 2021-01-12 A hilarious debut novel about an eclectic group of merchants at a Kansas antique mall who become implicated in the kidnapping of a local

beauty pageant star. The city of Wichita, Kansas, is wracked with panic over the abduction of toddler pageant princess Lindy Bobo. However, the dealers at The Heart of America Antique Mall are too preoccupied by their own neurotic compulsions to take much notice. Postcards, perfume bottles, Barbies, vinyl records, kitschy neon beer signs—they collect and sell it all. Rather than focus on Lindy, this colorful cast of characters is consumed by another drama: the impending arrival of Mark and Grant from the famed antiques television show *Pickin' Fortunes*, who are planning to film an episode at The Heart of America and secretly may be the last best hope of saving the mall from bankruptcy. Yet the mall and the missing beauty queen have more to do with each other than these vendors might think, and before long, the group sets in motion a series of events that lead to surprising revelations about Lindy's whereabouts. As the mall becomes implicated in her disappearance, will Mark and Grant be scared away from all of the drama or will they arrive in time to save The Heart of America from going under? Equally comical and suspenseful, *Heart of Junk* is also a biting commentary on our current Marie Kondo era. It examines why certain objects resonate with us so deeply, rebukes Kondo's philosophy of wholesale purging, and argues that "junk" can have great value—connecting us not only to our personal pasts but to our shared human history. As author Luke Geddes writes: "A collection was a record of a life lived, maybe not well or happily but at least with attention and passion. It was autobiography made whole."

Seventeen and Oh Marshall Jon Fisher, 2022-07-12 Publishing on the 50th anniversary of that magic season, the definitive chronicle of the 1972 Miami Dolphins, the only undefeated team in NFL history—from an award-winning literary sportswriter *The 1972*

Miami Dolphins had something to prove. Losers in the previous Super Bowl, a ragtag bunch of overlooked, underappreciated, or just plain old players, they were led by Don Shula, a genius young coach obsessed with obliterating the reputation that he couldn't win the big game. And as the Dolphins headed into only their seventh season, all eyes were on Miami. For the last time, a city was hosting both national political conventions, and the backdrop to this season of redemption would be turbulent: the culture wars, the Nixon reelection campaign, the strange, unfolding saga of Watergate, and the war in Vietnam. Generational and cultural divides abounded on the team as well. There were long-haired, bell-bottomed party animals such as Jim "Mad Dog" Mandich, as well as the stylish Marv Fleming and Curtis Johnson, with his supernova afro, playing alongside conservative, straight-laced men like the quarterbacks: Bob Griese and the crew-cut savior, 38-year-old backup Earl Morrall. Larry Csonka and Jim Kiick, nicknamed "Butch and Sundance," had to make way for a third running back, the outspoken and flamboyant Mercury Morris. But unlike the fractious society around them, this racially and culturally diverse group found a way to meld seamlessly into a team. The perfect team. Marshall Jon Fisher's *Seventeen and Oh* is a compelling, fast-paced account of a season unlike any other.

Anatomy of Dolphins Bruno Cozzi, Stefan Huggenberger, Helmut A Oelschläger, 2016-09-21 The *Anatomy of Dolphins: Insights into Body Structure and Function* is a precise, detailed, fully illustrated, descriptive, and functionally oriented text on the anatomy and morphology of dolphins. It focuses on a number of delphinid species, with keynotes on important dolphin-like genera, such as the harbor porpoise. It also serves as a useful complement for expanding trends and emphases in molecular biology and genetics.

The authors share their life-long expertise on marine mammals in various disciplines. Written as a team rather than being prepared as a collection of separate contributions, the result is a uniform and comprehensive style, giving each of the different topics appropriate space. Many color figures, which use the authors' access to wide collections of unique dolphin and whale material, round out this exceptional offering to the field. Includes high-quality illustrations, drawings, halftone artwork, photographic documentations, microphotos, and tables detailing dolphin anatomy, function, and morphology Facilitates education and training of students of all basic research and applied sciences dedicated to marine biology and the medical care of marine mammals Brings together the current knowledge and information on this topic, including those in obscure past or non-English publications, or scattered in short chapters in volumes Covers a number of delphinid species and serves as a useful complement for expanding trends in molecular biology and genetics

The Medicalization of Marijuana Michelle Newhart, William Dolphin, 2018-09-03 Winner of the Donald W. Light Award for the Applied or Public Practice of Medical Sociology Medical

marijuana laws have spread across the U.S. to all but a handful of states. Yet, eighty years of social stigma and federal prohibition creates dilemmas for patients who participate in state programs. The Medicalization of Marijuana takes the first comprehensive look at how patients negotiate incomplete medicalization and what their experiences reveal about our relationship with this controversial plant as it is incorporated into biomedicine. Is cannabis used similarly to other medicines? Drawing on interviews with midlife patients in Colorado, a state at the forefront of medical cannabis implementation, this book explores the practical decisions individuals confront about medical use, including whether cannabis will work for them; the risks of registering in a state program; and how to handle questions of supply, dosage, and routines of use. Individual stories capture how patients redefine and reclaim cannabis use as legitimate—individually and collectively—and grapple with an inherently political identity. These experiences help illustrate how stigma, prejudice, and social change operate. By positioning cannabis use within sociological models of medical behavior, Newhart and Dolphin provide a wide-reaching, theoretically informed analysis of the issue that expands established concepts and provides new insight on medical cannabis and how state programs work.

Animals Asleep Sneed B. Collard, 2004 The average human sleeps a total of twenty-four years over a lifetime. That's a lot of naps! Yet people aren't the only ones who enjoy a good rest; if you look around, you'll find that all animals have a biological need for sleep. But some animals snooze in ways that we would find startling--if not absolutely impossible. A sooty tern, an island bird, takes a nap in midair as it slowly flaps its wings. A fruit bat gets forty winks while hanging upside down from a tree branch. A bottlenose dolphin can put

half of its brain to sleep while it continues to swim. What other remarkable methods of sleep exist?

American Tropic Thomas Sanchez, 2013 A string of murders being committed by a mysterious voodoo assassin on the exotic island city of Key West pits a crusading environmental shock-jock and a homicide detective against a maelstrom of unscrupulous developers, scammers and everyday citizens. 25,000 first printing.

Voting With a Porpoise Russell Glass, Sean Callahan, 2018-09-18 A pod of dolphins (and their porpoise friend, Petey) is in trouble. Their reef no longer provides the food they need to survive. The pod can't figure out what to do until Petey suggests they hold an election to decide. *Voting With a Porpoise* is a fun, timeless, and beautifully illustrated story that teaches children how elections and voting have the power to solve hard problems. The authors created this book to help change the culture around elections and voting. To that end, 100 percent of the profits for *Voting With a Porpoise* will be donated to 501(c)(3) non-partisan voting-related causes focused on getting more people of all backgrounds to the polls, such as Rock the Vote, Vote.org, TurboVote, and others.

Actions Marina Caldarone, Maggie Lloyd-Williams, 2004 An essential companion for actors in rehearsal - a thesaurus of action words to revitalise performance. Actors need actions. They cannot act moods. They need to be doing something with every line. They need verbs. They need an aim to achieve, and an action selected to help achieve that aim. 'Actions' are active verbs. 'I tempt you.' 'You taunt me.' In order to perform an action

truthfully and therefore convincingly, an actor needs to find exactly the right action to suit that particular situation and that particular line. That is where this book comes in ... It is a thesaurus of active verbs, with which the actor can refine the action-word until s/he hits exactly the right one to help make the action come alive. It looks like this: taunt insult, tease, torment, provoke, ridicule, mock, poke, needle tempt influence, attract, entice, cajole, coax, seduce, lure, fascinate It is well known in the acting community that random lists of action-words circulate rehearsal rooms in dog-eared photocopies - as a sort of actor's crib. This book makes them available for the first time in an organised and comprehensive form.

The Hungry Tide Amitav Ghosh, 2014-03-04 Three lives collide on an island off India: "An engrossing tale of caste and culture... introduces readers to a little-known world."—Entertainment Weekly Off the easternmost coast of India, in the Bay of Bengal, lies the immense labyrinth of tiny islands known as the Sundarbans. For settlers here, life is extremely precarious. Attacks by tigers are common. Unrest and eviction are constant threats. At any moment, tidal floods may rise and surge over the land, leaving devastation in their wake. In this place of vengeful beauty, the lives of three people collide. Piya Roy is a marine biologist, of Indian descent but stubbornly American, in search of a rare, endangered river dolphin. Her journey begins with a disaster when she is thrown from a boat into crocodile-infested waters. Rescue comes in the form of a young, illiterate fisherman, Fokir. Although they have no language between them, they are powerfully drawn to each other, sharing an uncanny instinct for the ways of the sea. Piya engages Fokir to help with her research and finds a translator in Kanai Dutt, a businessman from Delhi whose idealistic aunt and uncle are longtime settlers in the Sundarbans. As the three launch into the elaborate backwaters, they are drawn unawares into the hidden

undercurrents of this isolated world, where political turmoil exacts a personal toll as powerful as the ravaging tide. From the national bestselling author of *Gun Island*, *The Hungry Tide* was a winner of the Crossword Book Prize and a finalist for the Kiriya Prize. “A great swirl of political, social, and environmental issues, presented through a story that’s full of romance, suspense, and poetry.”—*The Washington Post* “Masterful.”—*Publishers Weekly* (starred review)

French Rococo Ébénisterie in the J. Paul Getty Museum Gillian Wilson, Arlen Heginbotham, 2021-03-30 The first comprehensive catalogue of the Getty Museum’s significant collection of French Rococo ébénisterie furniture. This catalogue focuses on French ébénisterie furniture in the Rococo style dating from 1735 to 1760. These splendid objects directly reflect the tastes of the Museum’s founder, J. Paul Getty, who started collecting in this area in 1938 and continued until his death in 1976. The Museum’s collection is particularly rich in examples created by the most talented cabinet masters then active in Paris, including Bernard van Risenburgh II (after 1696–ca. 1766), Jacques Dubois (1694–1763), and Jean-François Oeben (1721–1763). Working for members of the

French royal family and aristocracy, these craftsmen excelled at producing veneered and marquetryed pieces of furniture (tables, cabinets, and chests of drawers) fashionable for their lavish surfaces, refined gilt-bronze mounts, and elaborate design. These objects were renowned throughout Europe at a time when Paris was considered the capital of good taste. The entry on each work comprises both a curatorial section, with description and commentary, and a conservation report, with construction diagrams. An introduction by Anne-Lise Desmas traces the collection's acquisition history, and two technical essays by Arlen Heginbotham present methodologies and findings on the analysis of gilt-bronze mounts and lacquer. The free online edition of this open-access publication is available at www.getty.edu/publications/rococo/ and includes zoomable, high-resolution photography. Also available are free PDF, EPUB, and Kindle/MOBI downloads of the book, and JPG downloads of the main catalogue images.

She can't wait to escape her New Jersey beach town - and her mum - and start life afresh in California. That first note to Lauren in San Francisco comes as a surprise; she had requested a single. But if Lauren's learned anything from being the oldest of six, it's that you don't always get what you want, especially when what you want is privacy. Soon the girls are emailing back and forth, sharing secrets even though they've never met. With family relationships and

childhood friendships strained by change, it suddenly seems that the only people Elizabeth and Lauren can rely on are the complicated new boys in their lives ... and each other.
