Diary of an Oxygen Thief Anonymous, 2016-05-23 Hurt people hurt people. Say there was a novel in which Holden Caulfield was an alcoholic and Lolita was a photographer's assistant and, somehow, they met in Bright Lights, Big City. He's blinded by love. She by ambition. *Diary of an Oxygen Thief* is an honest, hilarious, and heartrending novel, but above all, a very realistic account of what we do to each other and what we allow to have done to us.

Ambiguous Loss Pauline BOSS, Pauline Boss, 2009-06-30 When a loved one dies we mourn our loss. We take comfort in the rituals that mark the passing, and we turn to those around us for support. But what happens when there is no closure, when a family member or a friend who may be still alive is lost to us nonetheless? How, for example, does the mother whose soldier son is missing in action, or the family of an Alzheimer's patient who is suffering from severe dementia, deal with the uncertainty surrounding this kind of loss? In this sensitive and lucid account, Pauline Boss explains that, all too often, those confronted with such ambiguous loss fluctuate between hope and hopelessness. Suffered too long, these emotions can deaden feeling and make it impossible for people to move on with their lives. Yet the central message of this book is that they can move on. Drawing on her research and clinical experience, Boss suggests strategies that can cushion the pain and help families come to terms with their grief. Her work features the heartening narratives of those who cope with ambiguous loss and manage to leave their sadness behind, including those who have lost family members to divorce, immigration, adoption, chronic mental illness, and brain injury. With its message of hope, this eloquent book offers guidance and understanding to those struggling to regain their lives. Table of Contents: 1. Frozen Grief 2. Leaving without Goodbye 3. Goodbye without Leaving 4. Mixed Emotions 5. Ups and Downs 6. The Family Gamble 7. The Turning Point 8. Making Sense out of Ambiguity 9. The Benefit of a Doubt Notes Acknowledgments Reviews of this book: You will find yourself thinking about the issues discussed in this book long after you put it down and perhaps wishing you had extra copies for friends and family members who might benefit from knowing that their sorrows are not unique...This book's value lies in its giving a name to a force many of us will confront--sadly, more than once--and providing personal stories based on 20 years of interviews and research. --Pamela Gerhardt, Washington Post Reviews of this book: A compassionate exploration of the effects of ambiguous loss and how those experiencing it handle this most devastating of losses ... Boss's approach is to encourage families to talk together, to reach a consensus about how to mourn that which has been lost and how to celebrate that which remains. Her simple stories of families doing just that contain lessons for all. Insightful, practical, and refreshingly free of psychobabble. --Kirkus Review Reviews of this book: Engagingly written and richly rewarding, this title presents what Boss has learned from many years of treating individuals and families suffering from uncertain or incomplete loss...The obvious depth of the author's understanding of sufferers of ambiguous loss and the facility with which she communicates that understanding make this a book to be recommended. --R. R. Cornelli, Choice Reviews of this book: Written for a wide readership, the concepts of ambiguous loss take immediate form through the many provocative examples and stories Boss includes. All readers will find stories with which they will relate...Sensitive, grounded and practical, this book should, in my estimation, be required reading for family practitioners. --Ted Bowman, Family Forum Reviews of this book: Dr. Boss describes [the] all-too-common phenomenon [of unresolved grief] as resulting from either of two circumstances: when the lost person is still physically present but emotionally absent or when the lost person is physically absent but still emotionally present. In addition to senility, physical presence but psychological absence may result, for example, when a person is suffering from a serious mental disorder like schizophrenia or depression or

debilitating neurological damage from an accident or severe stroke, when a person abuses drugs or alcohol, when a child is autistic or when a spouse is a workaholic who is not really 'there' even when he or she is at home...Cases of physical absence with continuing psychological presence typically occur when a soldier is missing in action, when a child disappears and is not found, when a former lover or spouse is still very much missed, when a child 'loses' a parent to divorce or when people are separated from their loved ones by immigration...Professionals familiar with Dr. Boss's work emphasised that people suffering from ambiguous loss were not mentally ill, but were just stuck and needed help getting past the barrier or unresolved grief so that they could get on with their lives. --Asian Age Combining her talents as a compassionate family therapist and a creative researcher, Pauline Boss eloquently shows the many and complex ways that people can cope with the inevitable losses in contemporary family life. A wise book, and certain to become a classic. --Constance R. Ahrons, author of *The Good Divorce* A powerful and healing book. Families experiencing ambiguous loss will find strategies for seeing what aspects of their loved ones remain, and for understanding and grieving what they have lost. Pauline Boss offers us both insight and clarity. --Kathy Weingarten, Ph.D, The Family Institute of Cambridge, Harvard Medical School

Kissing Max Holden Katy Upperman, 2017-08-01 Equal parts swoonworthy romance and deeply affecting family drama, this debut novel about the boy next door turned super hot bad boy will have readers hooked from the very first kiss. After his father's stroke, Max Holden isn't himself. As his long-time friend, Jillian Eldridge only wants to help, but she doesn't know how. When Max climbs through her window one night, Jill knows she shouldn't let him kiss her. But she can't resist, and when they're caught in the act by her dad, Jill swears it'll never happen again. Because kissing Max Holden is a terrible idea. With a new baby sibling on the way, her parents fighting all the time, and her dream of culinary school suddenly up in the air, Jill starts spending more and more time with Max. And even though her father disapproves and Max still has a girlfriend, not kissing Max is easier said than done. Will Jill follow her heart, and allow their friendship to blossom into something more, or will she listen to her head and stop kissing Max Holden once and for all? Chosen by readers like you for Macmillan's young adult imprint Swoon Reads, Katy Upperman's debut novel *Kissing Max Holden* skillfully navigates the tenuous territory of bad influences, good friends, and complicated families. Praise for *Kissing Max Holden*: It's equal parts sweet and spicy. —Jessica Love, author of *In Real Life* “Wonderfully written and swoony.” —Miranda Kenneally, author of *Catching Jordan* “Sarah Dessen fans rejoice—you are going to love *Kissing Max Holden*!” —Lisa Schroeder, author of *Chasing Brooklyn*

Every Hand Revealed Gus Hansen, 2008-05-01 What If You Were Able To Get Right Inside The Mind Of World-Famous Poker Pro Gus Hansen-- And Learn His Winning Secrets? Now You Can. One of professional poker's most intriguing and fascinating players, Gus Hansen has often been called The Madman for his crazy, fearless, aggressive style. But you can't dispute the fact that this poker superstar knows how to win--and win big. The holder of the inaugural Poker Superstars Invitational title as well as the only player to win three World Poker Tour tournaments, Gus won his fifth major international title when he became the 2007 Aussie Millions Champion, outlasting 747 players and nabbing \$1.2 million. Now, for the first time ever, Gus analyzes the hands that he played during the tournament and reveals his secrets for winning in *Every Hand Revealed*. You'll learn: • An extensive, easy-to-follow analysis of the more than 300 hands he played during the Aussie Millions. . . • The radical, yet coolly logical, methods behind Gus's madness that have helped him to win consistently. . . • Each and every bluff, precise calculation, educated guess, and read of his opponents . . . • How to call large bets with seemingly unplayable hands. . . • When to raise out of position with garbage holdings. . . • How the

prize structure should influence your play. . . • And much more! Offering unlimited access to one of the most successful, popular poker players out there, Every Hand Revealed will help you understand some of poker's most coveted secrets--and simply shows you the right way to play the game whether you're a beginner or a poker pro. Now with Gus Hansen by your side, you too can turbo-charge your game and watch it take off! Superstar poker pro Gus Hansen has shaken up the poker world with his loose, aggressive style. Called The Great Dane as well as The Madman, the five-time international title-holder transforms his hands with cool logic . . .and flattens his opponents. Voted one of the world's sexiest men by People Magazine, Gus is an avid athlete, backgammon player, and poker commentator for both Danish and American T.V.

Marvel's Black Panther: The Art of the Movie, 2018-02-13 Following the events of Captain America: Civil War, T'Challa returns home to Wakanda to take his place as king. But when two new enemies conspire to destroy the country, the Black Panther must team up with members of the Dora Milaje-Wakanda's special forces-and CIA agent Everett Ross to protect his home from being dragged into a world war. Go behind the scenes with exclusive concept artwork and in-depth analysis from the filmmakers in this keepsake volume!

The Murder, She Wrote Cookbook Tom Culver, Nancy Goodman Iland, 1997 This entertaining cookbook from Angela Lansbury and the cast and crew of the popular television series Murder, She Wrote contains more than 350 recipes from the primary cast members and stars, plus recipes culled from the many famous actors who made cameo appearances on the show.

Audrey and Bill Edward Z. Epstein, 2015-04-14 Here for the first time is the complete, captivating story of an on-set romance that turned into a lifelong love story between silver screen legends Audrey Hepburn and William Holden. In 1954, Hepburn and Holden were America's sweethearts. Both won Oscars that year and together they filmed Sabrina, a now-iconic film that continues to inspire the worlds of film and fashion. Audrey & Bill tells the stories of both stars, from before they met to their electrifying first encounter when they began making Sabrina. The love affair that sparked on-set was relatively short-lived, but was a turning point in the lives of both stars. Audrey & Bill follows both Hepburn and Holden as their lives crisscrossed through to the end, providing an inside look at the Hollywood of the 1950s, '60s, and beyond. Through in-depth research and interviews with former friends, co-stars, and studio workers, Audrey & Bill author Edward Z. Epstein sheds new light on the stars and the fascinating times in which they lived.

Corcoran Gallery of Art Corcoran Gallery of Art, Sarah Cash, Emily Dana Shapiro, Jennifer Carson, 2011 This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.

Wisconsin Model Early Learning Standards 5th Edition Wisconsin Department of Public Instruction, 2017

Self-portrait Gene Tierney, Mickey Herskowitz, 1979 'I had no trouble playing any kind of a role, ' Gene Tierney writes. 'My problems began when I had to be myself.' In Hollywood's golden age, everyone knew the starring roles Miss Tierney played in her 36 films: the unwashed Ellie May in 'Tobacco Road, ' the demure Martha in 'Heaven can Wait;' her appearances opposite Clark Gable, Tyrone Power, Rex Harrison, Humphrey Bogart, Henry Fonda, and, best remembered of all, as the haunting -- murdered? -- beauty of the portrait painting in 'Laura, ' one of the most televised films ever. Her rollercoaster marriage to fashion designer Oleg Cassini and her globe-trotting affair with Prince Aly Khan were public property. Word of her dates with billionaire Howard Hughes and a lighthearted ex - naval officer named Jack Kennedy circulated over the years. But the

inside story of her greatest, most heart-wrenching role -- herself -- has never been told until right now. Outwardly living every woman's fantasies, she became an emotional invalid. Her marriage collapsed. Her romances failed. Her father became a cruel disappointment. Her first daughter was born deaf, blind, hopelessly retarded. At the crest of her career, Gene Tierny attempted suicide, suffered a nervous breakdown, and spent the next seven years in and out of sanatoriums. With candor, humor, and sometimes with anger, but never with self-pity or self-indulgence, she tells of her meteoric career, her long, slow, uneven recovery from 'the black tunnel of mental illness'; the struggles with her doctors, her treatments, her escape from confinement, her depressions, her mad impulses, herself, always herself ... and finally on to a happy remarriage and tranquillity.

The Federal Response to Hurricane Katrina, 2006 The objective of this report is to identify and establish a roadmap on how to do that, and lay the groundwork for transforming how this Nation- from every level of government to the private sector to individual citizens and communities - pursues a real and lasting vision of preparedness. To get there will require significant change to the status quo, to include adjustments to policy, structure, and mindset--P. 2.

Abaddon's Gate James S. A. Corey, 2013-06-04 The third book in the NYT bestselling Expanse series, Abaddon's Gate opens the door to the ruins of an alien gate network, and the crew of the Rocinante may hold the key to unlocking its secrets. Now a Prime Original series. HUGO AWARD WINNER FOR BEST SERIES For generations, the solar system -- Mars, the Moon, the Asteroid Belt -- was humanity's great frontier. Until now. The alien artifact working through its program under the clouds of Venus has appeared in Uranus's orbit, where it has built a massive gate that leads to a starless dark. Jim Holden and the crew of the Rocinante are part of a vast flotilla of scientific and military ships going out to examine the artifact. But behind the scenes, a complex plot is unfolding, with the destruction of Holden at its core. As the emissaries of the human race try to find whether the gate is an opportunity or a threat, the greatest danger is the one they brought with them. Abaddon's Gate is a breakneck science fiction adventure following the critically acclaimed Caliban's War. The Expanse Leviathan Wakes Caliban's War Abaddon's Gate Cibola Burn Nemesis Games Babylon's Ashes Persepolis Rising Tiamat's Wrath Leviathan Falls Memory's Legion The Expanse Short Fiction Drive The Butcher of Anderson Station Gods of Risk The Churn The Vital Abyss Strange Dogs Auberon The Sins of Our Fathers

Fangasm Katherine Larsen, Lynn S. Zubernis, 2013-10-01 Once upon a time not long ago, two responsible college professors, Lynn the psychologist and Kathy the literary scholar, fell in love with the television show Supernatural and turned their oh-so-practical lives upside down. Plunging headlong into the hidden realms of fandom, they scoured the Internet for pictures of stars Jensen Ackles and Jared Padalecki and secretly penned racy fan fiction. And then they hit the road—crisscrossing the country, racking up frequent flyer miles with alarming ease, standing in convention lines at 4 A.M. They had white-knuckled encounters with overly zealous security guards one year and smiling invitations to the Supernatural set the next. Actors stripping in their trailers, fangirls sneaking onto film sets; drunken confessions, squeals of joy, tears of despair; wallets emptied and responsibilities left behind; intrigue and ecstasy and crushing disappointment—it's all here. And yet even as they reveled in their fandom, the authors were asking themselves whether it's okay to be a fan, especially for grown women with careers and kids. "Crazystalkerchicks"—that's what they heard from Supernatural crew members, security guards, airport immigration officials, even sometimes their fellow fans. But what Kathy and Lynn found was that most fans were very much like themselves: smart, capable women looking for something of their own that engages their brains and their libidos. Fangasm pulls back the curtain on the secret worlds of fans and famous alike, revealing Supernatural behind the scenes and discovering just how much the cast and crew know

about what the fans are up to. Anyone who's been tempted to throw off the constraints of respectability and indulge a secret passion—or hit the road with a best friend—will want to come along.

A New English Dictionary on Historical Principles James Augustus Henry Murray, Sir William Alexander Craigie, Charles Talbut Onions, 1909

How Tobacco Smoke Causes Disease, 2010 This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

Painted Love Hollis Clayson, 2003-10-30 In this engrossing book, Hollis Clayson provides the first description and analysis of French artistic interest in women prostitutes, examining how the subject was treated in the art of the 1870s and 1880s by such avant-garde painters as Cézanne, Degas, Manet, and Renoir, as well as by the academic and low-brow painters who were their contemporaries. Clayson not only illuminates the imagery of prostitution—with its contradictory connotations of disgust and fascination—but also tackles the issues and problems relevant to women and men in a patriarchal society. She discusses the conspicuous sexual commerce during this era and the resulting public panic about the deterioration of social life and civilized mores. She describes the system that evolved out of regulating prostitutes and the subsequent rise of clandestine prostitutes who escaped police regulation and who were condemned both for blurring social boundaries and for spreading sexual licentiousness among their moral and social superiors. Clayson argues that the subject of covert prostitution was especially attractive to vanguard painters because it exemplified the commercialization and the ambiguity of modern life.

Jean Arthur John Oller, 1997 She is probably best remembered for her wistful-husky voice which, as Pauline Kael wrote, was one of the best sounds in the romantic comedies of the 30s and 40s. But Jean Arthur's screen career began in silent films and spanned more than a quarter of a century. She worked with great directors of Hollywood's Golden Age: John Ford, Frank Capra, Cecil B. DeMille, Howard Hawks, George Stevens and Billy Wilder; and she shared star billing with the likes of Gary Cooper, James Stewart, Cary Grant, Alan Ladd, Charles Boyer and John Wayne. Her most enduring films include *Mr. Deeds Goes to Town*, *You Can't Take It With You*, *Mr. Smith Goes to Washington*, *The More the Merrier*, *The Whole Town's Talking*, *A Foreign Affair* and, in her last screen appearance, *Shane*. She was, in fact, one of the most popular and beloved movie stars of her time. Jean Arthur's popularity sprang from her talent, her charm and her quiet beauty, not from her offscreen exploits. Independent, indifferent to most of Hollywood's rules if not defiant of them, treasuring her privacy above all else, she chose to become an enigma - and so she has remained until now. In this, the first biography of Jean Arthur, John Oller, after years of research among the actress's closest friends, relatives and co-workers, has uncovered the life she tried so hard to shroud: a bruising, rootless childhood that left her with a crushing sense of insecurity, but also a steely determination to stand up for herself and what she believed in; a romance with David O. Selznick that ended unhappily, a childless marriage to film executive Frank Ross that descended into bitterness and recrimination, and rumors of lesbianism that continue to this day; legal battles fought over

the roles she was offered as well as in defense of animals and the environment; repeated, aborted attempts to conquer Broadway that yielded but one theatrical triumph - as Peter Pan, a character she loved because, like herself, he refused to deal with the world on its terms. This is an engrossing, humane biography that strikes a fitting balance between the acting career and the personal life of an unforgettable star, and does full justice to both.

Notes on Introductory Combinatorics George Polya, Robert E. Tarjan, Donald R. Woods, 2013-11-27 In the winter of 1978, Professor George Polya and I jointly taught Stanford University's introductory combinatorics course. This was a great opportunity for me, as I had known of Professor Polya since having read his classic book, *How to Solve It*, as a teenager. Working with Polya, who was over ninety years old at the time, was every bit as rewarding as I had hoped it would be. His creativity, intelligence, warmth and generosity of spirit, and wonderful gift for teaching continue to be an inspiration to me. Combinatorics is one of the branches of mathematics that play a crucial role in computer science, since digital computers manipulate discrete, finite objects. Combinatorics impinges on computing in two ways. First, the properties of graphs and other combinatorial objects lead directly to algorithms for solving graph-theoretic problems, which have widespread application in non-numerical as well as in numerical computing. Second, combinatorial methods provide many analytical tools that can be used for determining the worst-case and expected performance of computer algorithms. A knowledge of combinatorics will serve the computer scientist well. Combinatorics can be classified into three types: enumerative, existential, and constructive. Enumerative combinatorics deals with the counting of combinatorial objects. Existential combinatorics studies the existence or nonexistence of combinatorial configurations.

The Tribes of Palos Verdes Joy Nicholson, 2013-11-05 Joy Nicholson's *The Tribes of Palos Verdes* is a Los Angeles Times bestseller and now a major motion picture starring Jennifer Garner, Maika Monroe, and Cody Fern. "Nicholson captures the California-coast culture. . . . Medina shows what it's like to feel 'six million years old' way before your time.—Entertainment Weekly "Impressive . . . Captures what it is to be young, intelligent, and very alone."—Us Weekly "Nicholson's evocation of character, her ability to bring Medina fully to life, makes this work. She writes with snapshot immediacy. . . . A writer to keep in mind."—David Ulin, Salon Medina Mason is a defiant, awkward fourteen-year-old living in the affluent beach community of Palos Verdes, California. The pressure is intense in their high-stakes world, and Medina's family begins to break under the stress. Her parents' marriage disintegrates and her beloved brother turns to drugs in order to cope. Medina turns to the ocean to escape it all. She surfs to survive, finding a bitter solace in the rough comfort of the waves. "An inspiring portrait of a young woman unswayed by other people's pettiness" (*Mademoiselle*), this is the moving story of growing up "different," of the love between siblings, and of one girl's power to save herself

Exploration of the Seas National Research Council, Division on Earth and Life Studies, Ocean Studies Board, Committee on Exploration of the Seas, 2003-11-04 In the summer of 1803, Thomas Jefferson sent Meriwether Lewis and William Clark on a journey to establish an American presence in a land of unqualified natural resources and riches. Is it fitting that, on the 200th anniversary of that expedition, the United States, together with international partners, should embark on another journey of exploration in a vastly more extensive region of remarkable potential for discovery. Although the oceans cover more than 70 percent of our planet's surface, much of the ocean has been investigated in only a cursory sense, and many areas have not been investigated at all. *Exploration of the Seas* assesses the feasibility and potential value of implementing a major, coordinated, international program of ocean exploration and discovery. The study committee surveys national and international ocean programs and strategies for cooperation between governments, institutions, and ocean scientists and explorers, identifying strengths,

weaknesses, and gaps in these activities. Based primarily on existing documents, the committee summarizes priority areas for ocean research and exploration and examines existing plans for advancing ocean exploration and knowledge.
