Alina Bradford

The Fluff-Free Freelance Writing Master Course Alina

Bradford, 2017-04-03 I started my freelancing writing business back when online magazines and news sites were in their infancy. Since then, I have built a business that brings in \$100 to \$200 an hour while I work from home. That's the dream, right? You can create your own successful freelance writing business, too. If you can write clear, interesting articles then you have what you need to become a successful freelance writer. You can make it on your own, but I would like to make the journey faster and less frustrating for you. Creating my business took a lot of trial and error to get off the ground and even more trial and error to make it successful. I know how hard it can be. So, I created the freelance writer course I wish I'd had when I started... and then I put it in this book. There's no need to search and scrape for the next few years just to earn a living wage. This course is a shortcut to all of the knowledge I've gleaned over the past few years. Yup, I've done the work. Not only have I done the work, I get right down to business. You get a blast of awesome to your career without vague information or drawn out stories like with most books and courses on how to be a freelance writer. This freelance writing course features nugget after delicious nugget of actionable information. No fluff. Why should you take advice from me? -I have been a freelance writer for almost two decades. -I have worked with big brands such as CBS, MTV, Angie's List, eBay, Zappos and StubHub, as well as big publishers such as Prevention Magazine, USA Today and more. -I make \$100 to \$200 an hour just from my work as a freelance writer. (That doesn't include coaching and courses, btw. I hate it when other people don't make that clear when trying to sell me a course!) My master class book includes: - Actionable information that anyone can use to get better clients and make more money through their freelance writing business. - Activities that take you step-by-step through the process of building your reputation as a professional to make the clients

come to you.-Guidance on how to seal the deal with potential clients and weed out the creeps.-Help on zeroing in on your niche and defining your brand as a writer.The best part?Using this book you can make a great living for yourself without working all the time. What's the point of owning your own business if you have to be chained to the desk, right?Don't wait

Starting Your Career as a Freelance Writer Moira

Anderson Allen,2011-01-25 If you've always dreamed of making a living as a writer, this book will take you where you want to go. Starting Your Career as a Freelance Writer, Second Edition, demystifies the process of becoming a writer and gives aspiring writers all the tools they need to become successful freelance writers, get their names in print, and start earning a healthy income from writing. Completely revised and updated, the second edition includes an entirely new section on the online writer, discussing how to set up your own website, whether you need a blog, how to effectively participate in social networking sites, and information on electronic publishing, POD and more. New chapters provide guidance on writing for international markets and other writing opportunities such as ghostwriting, speech-writing, technical writing, copyediting, teaching, etc. This indispensable resource walks writers through the process of developing marketable ideas and then finding appropriate markets for those ideas. It includes effective tips on how to set writing goals; make time for writing; hone research and interview techniques; create outlines and first drafts, approach editors (online and offline), and prepare and submit material. Writers will also discover the vital business issues of freelancing such as rights and contracts, plus how to manage income, expenses, and taxes. Author Moira Allen has more than 30 years experience both as a freelance writer and as an editor; her tips come from a keen understanding of what works from both sides of the desk. Whether readers are looking to support themselves as full-time freelancers or supplement an existing career, no one wanting to make money as a writer can

afford to be without this book. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

Write, Get Paid, Repeat Jyssica Schwartz, 2017-08-06 Do you want to make the jump from writing as a side hustle to full-time freelancer? Are you already a freelancer looking for ways to bring in new clients and revitalize your business? This book is for you! Follow the journey of author Jyssica Schwartz as she went from personal blogger to writing on the side to building a profitable business as a full-time freelance writer and editor. You will see exactly where she found clients, how she cold calls and direct messages companies, and read real examples of marketing strategies. It was 90 days almost to the day of getting her first paying client to making enough to quit her sales and business development career to be a writer. She shares personal details of her struggle with anxiety and feeling isolated working from home to the mistakes and failures she has learned from - and hopes you can learn from, too! Share in her trials and tribulations on the journey to creating a profitable writing business in *Write. Get Paid. Repeat.*

The Renegade Writer Linda Formichelli, Diana Burrell, 2017-03-27 Score the best assignments and make more money with this rule-breaking advice from two writers who sell to magazines you want to write for! You want more acceptances from editors? Would you like your writing income to grow this year? Stop following the advice of writers who insist you can't pitch to

national magazines until you've sold 15 articles to regional publications, or that you must follow the magazine's writer guidelines to a T. Instead, learn from a dozen successful magazine writers how to build your own profitable, fulfilling freelance career in which you can take pride. For over 20 years Linda Formichelli and Diana Burrell have written for top magazines and newspapers you can find on every newsstand including Family Circle, Woman's Day, Cook's Illustrated, Parenting, Redbook, Fortune Small Business, Writer's Digest, Oxygen, The Boston Globe, Self, Inc., and dozens more. They pitch magazines they've never read, call editors to pitch ideas, research extensively before they even get an assignment, and usually follow their own inclinations rather than the official directions. They've negotiated for more money and better terms without risking their careers, learned that editors are not the writer-gobbling monsters many freelancers fear, and established long-term relationships with editors at top publications. And in *The Renegade Writer*, they share all their tips and tricks so you, too, can become the go-to writer editors love. When the first edition of *The Renegade Writer* was published in 2003, it helped thousands of magazine writers around the world find more (and better) ideas, break into new (or tough) markets, research and write their articles with more efficiency, and get paid more money...and showed them that the freelance life can be extremely profitable when they use their brains instead of tired-old rules. This third edition, which has been an Amazon best-seller in the journalism category, includes new rules that freelancers can break, updates on the featured writers from our second edition, and new Q&As with successful rule-busting writers. Here's what readers have said about *The Renegade Writer*... *The Renegade Writer* serves up a bevy of interesting, successful, real-life characters all of whom have instinctively broken the rules and not only gotten by with it, but also lived to enjoy big, fat paychecks and a lifestyle of their own choosing. Interviews and quotes from expert sources debunk many of the myths that we've come to

accept as gospel. -- Savvy Writer MJ, Verified Purchase I am just an average Joe... a mom who works full-time at a job I can't hardly stand, and who dreams of becoming a known writer. I've read various books from the library on freelance writing, and how to write proper queries, and other various topics. None of them have filled me with confidence like this book has. --Jennifer, Verified Purchase Reading this book has been amazing. I'm new to the freelance writing thing (less than a year), but after starting this book it gave me the oomph i needed to get out there to pitch magazines in my niche. -- Darrelle, Verified Purchase Filled with tricks and tips for everything from the all important query letter to where to find those ideas editors drool over, this book is a must have for anyone serious about taking their freelance dreams and turning them into a paid reality. Do yourself (and your career) a favour by buying this book. --Mrs. T. Edwards, Verified Purchase Learn how to break the rules to become the successful magazine writer you've dreamed of.
