*Vargas: a Vedic Approach* Raj Kumar, The Vargas are the unique feature of Vedic astrology which has given it a definite edge over any other system in vogue. The primary aim of studying a Varga is two folds- to study a particular aspect of human life pertaining to a specific house and to find out the true strength of planets related with the house. A horoscope takes into account linear time and vertical declinations of the planets. Every division of zodiac has a corresponding division of time. Hence a Varga gives projections representing possibilities which might occur in different time frames. Each chart gives a microscopic view of a particular facet of life seen in the light of Dasha sequence. There are many tools available to assess the true strength of a planet. One set of rules rely on PAC of planets, their awasthas and yogas formed by them. The other, Nadi system, studies the effects of lords of sign, Nakshatra and Sub under which a planet is placed. At times these influences change the characteristics of a planet completely. In this book an attempt is made to unite the two systems to get the true strength of planets. In order to understand a planet and its significations in a better way, a comparative study of planets in birth and divisional charts has also been made. This book shall add to precision and accuracy of probable events and their qualitative effects on various aspects related to a native and as such will be of great use to serious students of astrology.

*Shodasha Varga* Komilla Sutton, 2020-12-10 The Shodasa Vargas or sixteen divisional charts are an essential technique that is studied in vedic astrology in order to understand the true nature of an individual. Each varga focuses on a different area of life, and together they represent the complete picture, reflecting human consciousness from reality to the subconscious. Komilla Sutton unravels the sixteen vargas and their secrets through the in-depth study of case histories that include Sri

Ramana Maharshi, Bill Clinton, Prince William, Bill Gates, Sri Aurobindo, Oprah Winfrey, Julia Roberts, George Clooney, Michael Jackson and many more. She explains the navamsha techniques of relationship compatibility, karakamsha, the atmakaraka in navamsha, how to analyse dasa and transits with vargas, plus vimshopaka, visheshika amsha and finally, appropriate remedies. This book is perfect for all students of vedic astrology, from beginner level to advanced.

*Delineating a Horoscope* Raj Kumar, Astrology is a great science based on sound principles and theory of karma through cycles of rebirth. A horoscope is basically a map of zodiac indicating position of planets in various signs/ Nakshatra at the time and place of birth. The delineation of a chart is the science and art of deciphering it as per the knowledge, intuition of the astrologer and divine help available to him. Therefore the first requisite is to have sound knowledge of nature and characteristics of houses, signs, Nakshatra and planets and their inter-relation. Next comes the basic tools like dasa, transit, yoga and divisional chart and their application in delineating a horoscope. Lagna is the single most important factor in delineating a horoscope. It is the very being of the native, his élan vital & basic potential. Unless the seed of a specific quality or event is contained in this basic potential, other planetary indications will not find suitable opportunities for manifestation. Lagna also determines the numbering of houses with lagna being the first. With the change in lagna, the significations of any planet will change drastically, as his house & lordship changes, although the sign & constellation of the planet remain unchanged.

The significance of the divisional charts: and the way that in Vedic astrology you have many more birth charts to analyse which together provide a complete road map to understanding different areas of your life. The planetary signifiers: which provide an extremely simple way of reading your chart by just looking at one key planet, through which you can gain insight into the most important people in your life, including your parents, siblings, spouse and children.
